THIS Company is purely mutual. No stockholders to absorb profits. Every policy holder is a member of the Company, entitled to all its advantages and privileges, having a vote at the annual election for Trustees. It is the safest company to work because it gives satisfaction to its patrons for the reason that it has declared more Dividends in number and of a larger average per centage than any Company in the United States. Official reports show this, For example: Policy 16, for \$5,000, has been paid ample: Policy 16, for \$5,000, has been paid to the widow of a Philadelphia merchant, upon which twenty-three dividends had been declared, averaging (57) fifty-seven per cent. This Policy, at the end of 23 years, had the dividends been used to purchase adhad the dividends been used to purchase additional insurance, would have been worth \$11,046.
