CITY BULLETIN.

The community is reading up on Hamlet. The trains come in, these times, without news.

You had to have fire last night, if you wanted to keep warm. Small boys are getting their kites in order.

Booth, Booth, Booth. You can't get any one to talk to you now about anything except Booth.

A million stars were visible last night. They were all crowded together in little bunches, in some places as high as a hundred in a bunch.

Quite a number of Northern people laid over in the city last night, in consequence of the Richmond & Danville train having missed its Southern connection.

Sale of seats for the Booth performance will commence at 7 o'clock this morning, at Philier's book store.

Mr Augustin Daly has changed the night for the appearance of his Fifth Avenue Company in this city, and it will here on the 1st of February instead of the 2d.

Dr S B Nye, who has been in Charlotte for sometime introducing his Australian Crystal Spectacles, has gone to Shelby, for the purpose of getting up a trade in that section.

Mr Lindsay Adams has purchased the liquor and bar fixtures of the late Israel Fink, and has established himself in business at Mr. Fink's late stand, in the Charlotte Hotel building.

An excursion train will certainly be run over the Atlantic, Tennessee & Ohio Railroad, on next Tuesday, connecting at Statesville with the Western train, both coming and going.

On yesterday, a farmer from York county, S. C., brought to this city and sold to Mr S B Meacham, a bale of cotton which had attained the extraordinary weight of \$10 pounds. It was pressed, too, by one horse.

We are indebted to Mr Levin, the advance agent of Edwin Booth, for a very fine chronicle of the great actor, as he appears in his famous representation of "Hamlet." It is well worthy of preservation.

Mr John W Waldsworth, who had his leg broken on Saturday last, is doing very well. He will, of course, be confined to the house for some time to come, but it is hoped that the injury will not be permanent.

In mentioning, a few days ago, the capture of the highwayman, Ferdinand Hendricks, we stated that it was effected by a negro. A negro identified him, but he was captured by Messrs Junius Jamison and Jo. McDade.

The war is so pleasant that face washing doesn't go hard, these mornings; but the young man who "despises change" still looks at the thermometer when he gets up, and decides not to take off those socks yet awhile.

Daly's Fifth Avenue Company, which appears here on the 1st prox., was in Charleston, last night. A friend in Augusta, who saw it on Monday night, writes to us in the most enthusiastic terms concerning its performance, pronouncing it the finest company that ever came South.

Change of Trusteeship. Col W R Myers has resigned his position as one of the trustees of the Charlotte Institute for Young Ladies, and Col H C Jones has been elected in his stead.

Relative Values. Last week the Mayor of Charlotte fined a man \$5 for shooting at a dog in that city. On the same day he fined a man \$2.50 for beating and abusing his wife.

Juvenile Circus. The boys are to have a show, in the lot back of G S Holton & Co's store, on Saturday.

Fine Cotton. Mr S L Sherrill, who lives at Beattie's Ford, in Iredell county, brought to our office, last evening the largest ball of cotton we ever saw.

Verminity of the Press. Donan, Turner and Best make a rare paper out of the Raleigh Sentinel.

THE WEATHER.

Yesterday was warm and windy, and the clouds hung low, and occasionally wept just before sunset, however, they all cleared away, and the sunset was gloriously beautiful.

Brakeman's Cab. A car cab, which is not new elsewhere, but is new here just being introduced on the railroads, running into this city.

The Burke Blade. This is the name given a paper the first number of which will be issued at Morganton in a few days, by Capt W F Avery.

Sonewall Jackson's Widow. The Augusta Constitutionalist informs us that there is a movement now on foot in that city for the relief of Mrs Jackson.

Trade Street Railroad Crossing. A correspondent writes credibly in another column regarding the danger to which the public is subjected by the rapid shifting of trains over the Trade street crossings of the C and N C Railroads.

Short Strike. The Columbia Union-Herald, of Tuesday, says: "The officers of the Charlotte, Columbia and Augusta railroad, perhaps with a view to cause their employees to act with a more fidelity in the discharge of their duties, yesterday presented them with a written contract for their signatures."

The Courts. There was little in the courts, yesterday, that was of interest.

Carolina Military Institute.

Rev E H Harding, pastor of the Second Presbyterian Church, of this city, will deliver a lecture on the evening of Thursday, the 27th inst., under the auspices of the two Societies of the Carolina Military Institute.

On Friday, 28th inst., will take place the semi-annual exhibition of the Institute. It will be public, and all interested are invited to attend.

The regular opening of the next term of the C. M. I., will be on the 1st of February. It pleases us to know that the prospects for the next session are quite favorable.

The Late Leap Year Party. Pol. of the Northern Journal of Commerce, received an invitation to the recent leap year party, in this city; and thus he vents himself: "We received invitations from two of our fair friends in Charlotte, who are connected with most pleasant memories of the Leap Year Party given by the young ladies of that thriving city on Tuesday last."

Dismissal of Baggage Masters. Before Christmas, the Richmond & Danville Railroad discharged all of its baggage masters except three, and now these three have been dismissed upon the ground of economy, the conductors being left to discharge the duties of the baggage masters as well as those pertaining their own positions proper.

A Good Subject for a Chromo. Clarke Hall—the inevitable and irrepresible Clarke—came to town, yesterday, and, as his wont, got very drunk.

Meeting in Opposition to the Stock Law. In accordance with a call made through the Observer, a large number of citizens opposed to an ordinance passed by the Mayor and Board of Aldermen, which prohibits cows from running at large within the city limits, met at the Court House on Monday night.

It was resolved that the meeting adjourn to meet at the Court House on Friday night, 21st inst., at 7 o'clock, for further consideration of the matter, and that all citizens interested in the matter be requested to meet with us.

Ordered that the Observer be requested to publish the proceedings of this meeting. J. F. BUTT, Chm.

F. A. McNICHE, Sec'y.

[COMMUNICATED] Trade Street Railroad Cr.-ssing.

MESSRS EDITORS:—Is there no way by which the C. C. R. R. Co., and the E. & D. R. Co., can be made to give some signal, while shifting their long trains of cars across Trade Street, that would insure a safe crossing?

The writer has narrowly escaped a collision twice while going from the square to his home. The old Rock Island office is located so near the road that it is impossible to see the trains any distance, by persons desiring to cross; especially is this the case in driving from the public square.

There certainly will be some sad accident to chronicle if these railroads are not compelled to give some signal, and that, too, where it can be seen or heard. They must remember, or be made to know, the public did not pay, neither did our city authorities give away the right of the citizens, or to subject them to the great danger to which they are now exposed. S. C. M. F. T. W.

MARRIED.

On the 15th inst., at the residence of the bride's father, by Rev John Douglas, Mr C O Sing and Miss Susan A Hovis. All of this county.

In Charlotte, N. C., on the 19th inst., at the residence of the bride's father, by Rev P J Caraway, Katie, youngest daughter of F Y Marker, to Mr T S Johnson.

Harris' Empire Fertilizer.

The following is self explanatory: MR HARRIS:—Dear Sir:—We have been selling your Chemical Fertilizer, known as HARRIS' EMPIRE COMPOUND, for nearly one year, and must say that we have heard nothing but the most favorable reports; in fact the farmers who have used it are more than pleased and will use double the amount the following season. We consider it the cheapest Fertilizer that the Farmer can use, as he can, with your chemical, make about four tons at about the same cost as one ton of most commercial Fertilizers. Yours truly, WILSON & BLACK. nov5
