G S H APPLEGET, wishes to inform the public at large, that he is prepared to furnish Plans of all kinds of buildings, with working drawings in full, which will be found much plainer than those of any other man in the State, he being a practical builder, having an experience of 15 years in three of the largest cities of the United States. He can answer any question or give any information in regard to the construcfully qualified to go and do the work him self. With 15 years as a builder and 14 as self, an Architect, he knows just what is neces sary for a mechanic to get along with, and sary for a mechanic to get along with, and with this experience you will at once see that he has a pretty good knowledge of the business. You can judge for yourself as to whether a man is an Architect without being a practical builder. Some in this State claim to be Architects when they have no knowledge of the business and can only be called destroyer and read accounts. called draftsmen, and need some one to instruct them at all times should they undertake a job. For the last six years he has been employed in this State, and has done all the best buildings, with only a few exceptions in Raleigh, Goldsboro and Greensboro, and almost all over the State, where

persons can see his work. In Charlotte he would call attention to 8 P Smith's Iron Front Building, and Sims & Dowd's Store, and a number of the private residences here. He refers to all who have employed him as Architect and Superintendent, as to his ability, He can furnish, if any desire them,

the name of parties and buildings, but can-not do so here for the want of room. He can show as many fine buildings as any other man of his age, and will take pleasure in doing so. Any person visiting Charlotte is invited to call and examine his drawings, which he has at least 500. He guarantees to have 50 to 1 of any other person in the State. son in the State.
