Mr. John V. Wavet, writing from Arrive at Augusta, Northwest Depot, C C Railway, Brunswick county, under date of Sunday between Charlotte and Augusta. last, at 2 p m, informs the Wilming- ACCOMMODATION TRAIN - CHARton Star that he had just arrived at home, after a brief absence, to find that fire had swept through his whole land, while others have suffered in like manner. The conflagration, which Mr. W. learns was caused by incendiarism, has extended its ravages over Leave Charlotte, thousands of acres of land, and was Arrive at Columbia, still raging at the time mentioned. The ACCOMMODATION TRAIN-AUGUSTA losses cannot at present be estimated.

Well, well; just listen at this which is what Avery says about a cock Arrive at Columbia, fighting President: Mr. Samuel Deal of Marion, we are told, has the gaff Leave Columbia, with which Andrew Jackson, "heeled" Arrive at Augusta, his first chicken at a cock fight at Burke Court House in 1785. A glance at Parton's Life of Jackson will show that Jackson was in Burke county in that year. We understand that Mr. Deal will have this gaff on exhibition at the Philadelphia Centennial along with his famous game rooster, "Mar-tha Ann Lewis,"

The Star says that a young colored woman, wife of Anthony Howe, Jr., of Wilmington, who was in delicate health, started to take a short walk with her husband, on Friday night last, when a large black hog suddenly burst out of a gate and ran across the sidewalk in front of them, which so shocked and frightened the woman, whose nerves were just in that state to be easily overcome by an occurrence the least startling in its character, that "Salisbury, Greeneby," she was seized with a succession of spasms, which continued until Sunday night, when she died, a victim of sheer fright.

The Centennial celebration of the Battle of Moore's Creek, was a highly successful affair. A large crowd was present, and the day passed off most pleasantly. Business was almost en-tirely suspended in Wilmington and a great many of the patriotic people of that city attended the celebration. The ceremonies were opened with prayer by Rev. Colin Shaw, after which Dr. S S Satchwell delivered the address of welcome. This was followed by addresses from Capt. S A Ashe, of Raleigh, Mr. Edwin W Kerr, of Sampson, Mr. J W Stallings, of Duplin, Col. Edward Cantwell, of Wilmington, Mr. Foster, of the New York Herald, and other gentlemen. There was music, a collation, parade, &c.

A LL parties who have not paid their Tax-es, are hereby notified that no further indulgence can be given. I will be compell-ed to settle in full with the County Treasurer in a few days, and, in the meantime, if steps are not taken to cancel the taxes now remaining unpaid for the years 1874-'75, the claims will certainly be put in the hands of a Deputy for collection. It will be a very disagreeable duty on my part to be forced to sell the property of any man, but as I am legally liable for the taxes still due, the collection of the same will be enforced without fear or favor. This is positively my last call to delinquents to come forward and settle without delay. I can always be found at my office in the Court House. M E ALEXANDER, Sheriff.

G S H APPLEGET, wishes to inform the public at large, that he is prepared to furnish Plans of all kinds of buildings, with working drawings in full, which will be found much plainer than those of any other man in the State, he being a practical builder, having an experience of 15 years in three of the largest cities of the United States. He can answer any question or give any information in regard to the construcon of any part of the building, as he Tryon Street, Opposite Methodist Church, fully qualified to go and do the work him self, With 15 years as a builder and 14 as an Architect, he knows just what is necessary for a mechanic to get along with, and with this experience you will at once see that he has a pretty good knowledge of the business. You can judge for yourself as to whether a man is an Architect without being a practical builder. Some in this State claim to be Architects when they have no knowledge of the business and can only be called draftsmen, and need some one to instruct them at all times should they undertake a job. For the last six years he has been employed in this State, and has done all the best buildings, with only a few exceptions in Raleigh, Goldsboro and Greensboro, and almost all over the State, where

persons can see his work.
In Charlotte he would call attention to S P Smith's Iron Front Building, and Sims & Dowd's Store, and a number of the private residences here.

He refers to all who have employed him as Architect and Superintendent, as to his ability, He can furnish, if any desire them, MARKETI

the name of parties and buildings, but cannot do so here for the want of room.

He can show as many fine buildings as any other man of his age, and will take pleasure in doing so, Any person visiting Charlotte is invited to call and examine his drawings, which he has at least 500. He guarantees to have 50 to 1 of any other person in the State. All are invited to examson in the State. All are invited to examine them whether they are going to build or not. The ladies are specially invited.
