Press Dispatch Pronounced Unauthorized—Legislature Adjourned.

COLUMBIA, April 14.—The following dispatch was sent to Senator Morton at Washington to-night: "The Associated Press despatch dated Columbia, April 13th, saying the indications are that Governor Chamberlain will control the delegation and the delegation will vote for Bristow and Blaine and in no case for Morton,

is unauthorized and untrue. The delegation is controlled by no man, and have expressed no preference. (Signed) Rob't W. COLT, Chairman for and in behalf of delegation.

The Case Well Stated.

The letter of the Hon. B. H. Hill to J. W. Davidson, of Illinois, concludes as follows: "Upon what does the republican party propose to live? Upon nothing but sectional hate! How can it keep alive sectional hate? Solely by bold and persistent misrepresentations of the Southern people, and by perpetual appeals to the passions of the war!"

There are three hundred thousand people who are crazy to hold and get office in 1876, through the republican party, and they have no hope of success except by keeping alive sectional hate by misrepresenting, maligning, and oppressing the Southern people.

No truly great statesman can remain in the Republican party, for the plain reason that its work is in the past, and not in the future. You might as well expect a man to satisfy hunger and support his system on the memories of past feasts, as to expect a statesman to lead a party, and maintain the prosperity of the country on the mere memories—now passions—of past achievements.

THE PRESIDENCY.—A Washington correspondent of the New York Tribune, in discussing the probable strength of the republican presidential aspirants, says present indications promise the following result on the first ballot at Cincinnati: Blaine 256, Morton 180, Hartranft 58, Hayes 44, Conkling 68, Bristow about 75.

This is the way it strikes Mr. Murat Halstead: "The Republicans to assemble in National Convention in Cincinnati must nominate a man who can carry New York and her flankers, New Jersey and Connecticut, and it is not intelligent to speak confidently of either Morton or Hayes in that connection. Bristow is the man."
