WASHINGTON.

Now They Nail Morton—Louisiana Matters.
 WASHINGTON, D. C., April 29.—A World special says: "Several days ago, a correspondent of the World was informed that there were important documents in the Second Comptroller's office in the Treasury, which would reveal Senator Morton in an unpromising light. It appears that the 37th Congress passed an act appropriating two millions of dollars to pay for arming the loyal citizens of the States in rebellion against the United States Government. Gov. Morton laid hands on \$25,000 of that. Indiana was never in rebellion against the government of the United States, and it was a query why Morton should have had \$25,000 when there was no purpose under the statute making the appropriation, for which the money could have been legally expended. Another attempt to obtain or at least examine the correspondence pertaining to the case, will be made on Monday. It will be investigated by Mr. Glover's Committee on the Real Estate Pool.
 Gen. Gidson is Chairman of the Committee to investigate Federal affairs at New Orleans. Gov. Kellogg's friends are feeling more favorable for the levee appropriation than he expected.

CALIFORNIA.

Result of the Spalding Court Martial.
 SAN FRANCISCO, April 29.—The Spalding court martial testimony of pay inspector Dovan, who was detailed to make an examination of Spalding's accounts and ascertain the amounts due Montague, Farwell, Cansow and others from July, 1874, to September 1875, shows the legitimate indebtedness to be \$1,120,000, out of certificates issued by Pinney represent the indebtedness at about one million dollars.

FOREIGN.

Orleanist Journal Suspended—Steamer Foundered.
 PARIS, April 28.—The Orleanist Journal *De Paris*, has suspended publication. It says it may re-appear but the form of government cannot be advantageously discussed until 1880.

BREIT, April 29.—The steamer *Questen* has foundered at sea; 21 lives lost.

PENNSYLVANIA.

Destruction of a Lumber Yard.
 WILLIAMSPORT, April 29.—There was a destructive conflagration last night in the lumber yard of Hendrick & Maynards, by which about 12 acres of manufacturing white pine were totally destroyed. Hendrick & Maynards lose about three millions feet. Roystead Flinn, two millions five hundred thousand, Hubbard & Monkey one hundred thousand, in addition to a large lot of laths belonging to a Lockhaven firm. Two-thirds of the loss is covered by insurance. Herdick & Maynard's mill was saved. The fire departments of Lockhaven, Watsontown and Sunbury, were called upon, and rendered valuable service. The fire is supposed to have been incendiary.

NEW YORK.

Suit Decided for the Government—Vanderbilt's Constitution Gone.
 NEW YORK, April 29.—Some four years ago a number of bankers and brokers of this city were swindled out of \$87,000 by counterfeit 7-30 United States bonds. These bonds the brokers sent to the Treasury Department before their character was discovered, for redemption, and received the proceeds. After their bogus character was discovered, the Government instituted suit to recover the amount. The case was tried to-day in the United States District Court, and resulted in a verdict for the Government.
 The World says during the last three days, Commodore Vanderbilt has undergone a careful examination, and it has been discovered that his physical condition is rapidly going to pieces. He suffers from a complication of diseases, besides hemorrhoids, he has a disease of the bladder, and hernia.

WEATHER PROBABILITIES.

WASHINGTON, April 29.
 For the South Atlantic and Gulf States, southeast winds, stationary barometer, warmer, partly cloudy weather will prevail, followed in the southwest by falling barometer, and possibly threatening or rainy weather.

FLASHES.

TUSCUMBIA, ALA., April 29.—Wm Badger, a negro, was hanged to-day for assaulting Antitia Little, in September '74. He died protesting his innocence.

Mid-Night Dispatches.

WASHINGTON.

Printing Awarded—Nomination Withdrawn—Quarters Received—Davenport's Vouchers—Kilbourne Again—House Proceedings—Committee Testimony.
 WASHINGTON, D. C., April 29.—The printing of the delinquent tax list was awarded to the *Republican*.
 The President has withdrawn the nomination of S. L. Anable, as pension agent at Norfolk.
 The Treasury Department has received a hundred thousand dollars in quarters from San Francisco.
 Davenport exhibited his vouchers for money expended in New York. The examination elicited nothing new to-day.
 The District Committee of the House agreed to abolish the present Board of Health and establish a new one, composed of the attorney of the district, a medical officer of the army, and one citizen of the district.
 The impression prevails that the Real Estate Committee will again summon Kilbourne, and if he persists in contempt, hold him in despite the *habeas corpus*. The Mary Merritt investigation was continued to-day, without implicating Bristow in her release. Bristow again attempted to show that Moore was instigated by the whiskey ring, but investigation in that direction was refused.

House.—Harris, of Virginia, Chairman of the Committee on Elections, called up the contested election case of Le Mayne versus Farwell, from the third Congressional District of Illinois. The majority of the committee reporting the claims of Le Mayne and the minority of those of Farwell, and proceeded to argue in favor of the claimant, J. V. Le Mayne. The matter went over without action.
 Pierce, of Massachusetts, presented a memorial of 1,300 merchants and citizens of Boston, in favor of reciprocal trade with Canada; referred. Adjournal.
 The Internal Revenue receipts to-day were ninety-three eights of a million; customs a hundred and twenty-five quarter million.
 Secretary Chandler testified to-day before the Real Estate Committee, that he had received a letter from the White House saying it was rumored that pension agent Clements was paying money for influence, and requesting him to communicate with Clements and notify him that if it was true it must be stopped. Chandler caused a letter to be sent Clements to that effect, but did not receive any reply. Shortly afterwards, the President sent in Mr. Amboltz's name for Clements' place. Witness was not aware of any money having been paid by Clements for his position.
 Before Clymer's Committee, J. H. Tomlitt testified that he was connected with the office of the United States Marshal of the Northern Illinois District from '65 to '73, as bailiff and special deputy. The salary or amount charged on the emolument as paid to witness was much larger than he ever received. He had visited the Treasury Department since arriving in Washington, and taking a memorandum of figures in the emolument account there, had found them much greater than the amount he received for the last 6 months in 1867. The emolument account purported to pay witness \$3,203, but witness received only \$750 besides his bailiff fees. In the first half of '68, he is charged with \$3,533, and only received about \$1,000. Witness gave other instances of the same character. He gave blank receipts, and finds the receipts filled up to agree with the emolument account. The receipts were always signed in blank. Witness had made demands on J. Russell Jones, who was marshal at that time, for settlement. Jones was, at the time of the application, getting ready to go as Minister to Belgium, and told witness he had instructed Mr. Cates to give him \$1,200 for the first year, \$1,600 for the second, and \$2,000 per annum for the balance. The money had never been paid to witness. Witness wrote to Jones four months ago, asking if he was going to stand to the agreement, and Jones said he was.
