Endorsing the Destruction of Chinese Quarters—Incendiary Speeches Against John.

SAN FRANCISCO, May 4.—The South San Francisco Anti-Coolie Club, and the Young Men's Universal Reform Society, held meetings last night and passed resolutions endorsing the destruction of the Chinese quarters in the town of Antioch, and advocating a similar course in this city unless the Federal Government should take immediate steps to abate the evil of Chinese immigration.

WASHINGTON.

A Variety of News and Gossip from Headquarters.

WASHINGTON, D. C., May 3.—Gossip: A G Riddle has written a bitter letter to Blaine, charging him with traducing the memory of G W Knowlton, Riddle's son-in-law.

Mrs Sweet, pension agent at Chicago, is called before the Civil Service Committee on the charge of having divided her salary with Benj H Campbell, marshal of the Northern District of Illinois.

The Committee on Naval Expenditures examined at great length, Benj Chemer, the noted financial agent, for three hours yesterday. Secrecy was imposed upon all parties.

The Printing Committee of the House having concluded that they cannot impeach Public Printer Clapp, an officer of the Senate will try to have him indicted for alleged irregularities.

The sub-Committee on Platte vs. Goode, is Blackburne, Debat and Brown. Gov. Wise closed his argument. Goode speaks in his own behalf to-morrow.

A new election in Beebe vs. Mackey, from South Carolina, is probable. The Mary Merritt investigation has closed, with the exoneration of Bristow.

The evidence in Emma Mine has closed.

Morton is not seriously ill. The House Post Office Appropriation Bill was resumed. The general debate closes at 4 o'clock.

Closing scene in the Schenck investigation: Park said he could bring witnesses that Lyon was not to be believed under oath, and Lyon said he could bring witnesses that Park was not to be believed under oath.

NEW YORK.

But One Cable to Europe—Money Recovered from the Schiller Wreck.

NEW YORK, May 4.—It is ascertained that the cable broke somewhere between North Sydney, the terminus of the Western Union lines, and Placentia, a short distance this side of Heart's Content, where the deep sea cables are landed. Thus all communication with Europe, except by direct cable, is temporarily suspended.

Divers have recovered another sum of \$5,000 in gold from the wreck of the Schiller, making an aggregate of \$29,000 saved of \$300,000 shipped on the vessel.

WASHINGTON.

Declines to Furnish Papers—Committee on Blaine—Oregon Favors Blaine for President—A South Carolina Suit—The Reception of a Message—Investigating Southern Outrages, &c.

WASHINGTON, D. C., May 4.—The Attorney General has returned. The impeachment attracted but a slim crowd.

Secretary Chandler declines to furnish the papers regarding W M McMickin's appointment as Surveyor General of Washington Territory; first, on account of executive order; second, he is investigating McMickin himself.

The Judiciary Committee has appointed Hutton, Ashe and Lawrence, the sub-committee on Blaine.

Chever's testimony before the Naval Committee is partly about indirectly hearing that Mrs. Robeson got a \$50,000 present for inducing her husband to transfer the naval funds abroad from Baring Bros. to Jay Cooke, McCulloch & Co.

The motion on behalf of the State of South Carolina for a preliminary injunction against the Secretary of War to stop the obstruction at the cross tides of the Savannah River, now in process of erection by the Engineer Department of the army, was heard this morning by Mr. Associate Justice Bradley, Mr. Trescott and Mr. Phillips arguing the motion in behalf of the State, and Mr. Solicitor General Phillips contra. The Judge, while expressly declining to express any opinion on the merits of the case, held that the questions raised were so grave as to require full and thorough consideration by the whole Court, and that it was the obvious interest of all parties that the work should not be continued when the question of the rights and interests of the parties concerned were unsettled.

HOUSE.—The message declining to furnish the House with the information as to his various absences from Washington, was read and was received with cool disdain on the Democratic side, and with evident enjoyment on the Republican side. At the conclusion of the reading Randall, of Pennsylvania, moved that it be referred to the Judiciary Committee and printed, and it was so ordered.

MacDougal, of New York, then offered a resolution instructing the select committee for the investigation of Federal Affairs in Louisiana, to make a full and complete investigation of the circumstances attending the assassination of M H Twitchell and David King, on Red River, Louisiana particularly as to whether the cause was or was not of a political character.

Randall—While that is a State matter, I hope that no one will object to the resolution.

Beebe, of New York, desired to have an investigation, also, into the killing of two negroes and the wounding of eight others at the late election at Indianapolis.

Townsend, of New York, remarked amid much uproar, that the Republicans carried the election and the Democrats killed the niggers.

McDougal declined to yield for Beebe's amendment. Levy, of Louisiana, in behalf of that Stat, invited a thorough investigation into the killing at Red River.

MacDougal's resolution was adopted. Adjourned.

NEW YORK.

President of the Chamber of Commerce—Cable Repaired—Barney Williams' Will—Court Decision—Fire.

NEW YORK, May 4.—At the hundred and eighth annual meeting of the Chamber of Commerce, S D Babcock was elected President. At 3 o'clock this afternoon the Western Union Telegraph Company received information that the cable that has been undergoing repairs for some days past, between St Pierre and Placentia will probably be in working condition this evening, thus restoring the communication with Europe by the Anglo-American cables.

The late Barney Williams' will was probated to-day. He distributed his property among his various relatives.

Judge Dillon, of the United States District Court, in the case of Moore, assignee in bankruptcy vs. the Mutual Life Insurance Company, decides that its loans on real estate of some half million dollars, are usurious and the penalty provided in the statute must be inflicted on the company. The decision involves the loan of \$2,000,000 in this State.

Jas McDonald's livery stable, Brooklyn, with 16 horses was burned to-day. Loss \$20,000.
