 In the Senate, Mitchell of Oregon, is speaking in favor of adopting some measure to prevent the influx of Chinese immigration.
 The New Orleans Committee is considering the scope of their power of investigation. Morey is clearly out side of it, but the action of troops in obeying his directions reflect on the commander of the troops who is a Federal officer in New Orleans.
 Gen Dunn is testifying in the Kentucky Central Railroad case, Gen Meigs in the Moth contract, and Davenport has turned up again.
 The House is considering the report on Public Printer Clapp.

LOUISIANA.
Grave Troubles Between the Races.
NEW ORLEANS, May 15.—Trouble is reported at Laurel, West Feliciana Parish. Three negroes have been killed and two whites are missing. Eleven hundred negroes are said to be under arms. Whites going down from neighboring counties in Mississippi, and a serious fight is apprehended. A Republican correspondent at Bayou Sara, gives the result of the Saturday's affair, as eight colored men killed, four hanged and twenty wounded. No whites were killed. Gov Antonie has a telegram from the sheriff of Bayou: he says that 17 colored were killed and many wounded. A number of armed whites are approaching this town. He wants military.

VIRGINIA.
Accident to Excursionists—No One Killed.
RICHMOND, May 16.—Later and authentic reports of the accident to the military excursion train on the Petersburg Road, show that the report telegraphed last night was considerably exaggerated. The news was based upon information received from the first parties arriving from the scene of the accident. It is now known that no one was killed. Some eight or ten were more or less injured, but none fatally or even dangerously. All the excursionists, including the wounded, were brought to this city before 1 o'clock last night.

SOUTH CAROLINA.
The Charleston Merchants Oppose the Hawaiian Treaty.
CHARLESTON, May 16.—The Chamber of Commerce to-day adopted strong resolutions opposing the passage of the bill carrying into effect the Hawaiian treaty, on the ground that the removal of the duty on rice will seriously injure the rice planters and throw out of employment thousands of colored laborers. A delegation was appointed to proceed to Washington and lay the facts before the Senate.

OHIO.
The Democratic Convention—Prospects.
CINCINNATI, May 16.—The hotels are filled for the Democratic Convention to-morrow. John G. Thompson claims the Convention for Thurman. Allen has rooms at the Burnett House. His friends are strong. His friends believe he will carry the Convention. It is conceded that Geo H. Pendleton will be permanent chairman.

The Cabinet on Louisiana—Waite Gone to Raleigh—House Proceedings—Various Items of Interest.
WASHINGTON, May 16.—The steamer Powhatan will convey the West Point Cadets to the Centennial, July 1st.
 The Cabinet had a long session and considered the colored troubles in Louisiana. The Comptroller of the Currency calls for the condition of National Banks, May 13th.
 Taft and Sherman are considering the propriety of arming friendly Indians to help suppress hostilities in Arizona.

The Commissioner of Patents has written a letter to the Secretary of the Interior in regard to the examination of Conkling in the lock scandal.
 Austrian Minister Orth is here and upon settlement of his accounts, will resign and enter the campaign for Governor of Indiana.
 No decision has been reached in the Door Keeper's case, nor is any expected for several days.
 Taft is before the Committee on Appropriations with new estimates; he says the amount can be reduced five millions without injury to the service.
 No Southern nominations.
 Justice Waite has gone to Raleigh, Bradley to New Orleans, and the other Judges to their respective circuits.
 Acting Governor Antonie, of Louisiana, telegraphs himself unable to respond to the call of the sheriff for aid to preserve order.
 General Dunn testified to-day that the adjustment of the Kentucky Central claim had been referred to him. He is satisfied the claim is just and made a favorable report. No effort was made in any quarter to influence his judgement. Mr Pendleton had made a brief oral statement and printed argument in the case.

HOUSE.—Vance reviewed in detail the report on printing for the last seven years, costing nearly \$12,000,000, holding that it was at least a half million per annum more than necessary. The charges against Clapp are incapacity, negligence and embezzlement. There was a sharp passage between Singleton, of Mississippi and Garfield, in which Garfield's veracity was impugned. The House proceeded to vote on the resolutions of the committee; first, that the Speaker be directed to certify to the authorities of Clapp's alleged delinquencies, with a view of indictment; adopted, 137 to 74—party vote. Second, instructing the Judiciary Committee to enquire whether the public printer is an officer who may be impeached; adopted without division. Third, instructing the Committee on Appropriations to insert in the Civil Appropriations Bill, a clause changing the system of printing; re-committed.

The Post Office Appropriations was resumed. Lewis, of Arkansas, offered a resolution instructing the Committee on Rules to inquire into the propriety of consolidating the offices of Doorkeeper and Sergeant-at-Arms; adopted. Adjourned.
 The Louisiana difficulty was under discussion in the cabinet meeting to-day. The President read the telegram from acting Governor Antonie to Governor Kellogg, now here. The result was that Gen Auger was instructed, on requisition of the Governor and local authorities, unable to preserve order, to give such aid as he deems necessary to prevent bloodshed and violence.

The testimony of Seelye to-day was mainly an elaboration. He accuses Morey of tampering with the mails in the canvass of '72.
NEW YORK.
The Liberal Republicans—Speech of Charles Francis Adams, Jr.
NEW YORK, May 16.—The political conference resumed its session this morning at the Fifth Avenue Hotel. The meeting was called to order by President Woolsey, who announced that the committee appointed yesterday was ready to report. Mr Carl Schurz, Chairman of that body, then read an address and resolution, which are the work of that committee, and which were adopted. The reading of the address was greeted with applause throughout, particularly when the currency question was touched upon.

Hon C F Adams, Jr., arose and said: "This conference differs from others that I have attended for the past eight years. They only had a vague idea why they assembled, but our address, grand and magnificent, sets forth why we are here, and what our objects are. Now I will tell you what I want; I want political and financial reform; honest government and honest money. [Cheers.] There are two great political orders in this country, with either of whom I can act cheerfully, providing they nominate men who will suit my ideas, and who are above reproach. I belong to the floating or independent voters of the country. Among the Presidential candidates, there is one whose name stands unblemished before the country to-day, and by nominating whom the Republican party will gain the vote of every honest man, and that man is Secretary Bristow. [Applause.] Among the Democratic party also, there is one man, skilled in political life, a gentleman of well-known character and high standing, Gov Tilden, whom, if they nominate, I will support as the next best thing to Bristow. [Cheers.] If good men are not nominated by either

party, then we will put forward candidates of our own. Thank Heaven this is not a hard cider campaign, nor a wood chopping campaign. In this Centennial year I only ask that I shall stand up and vote and be counted."
 Park Godwin was the next Speaker. He believed when he saw a toad in putting his foot upon it without asking whether it was Democratic or Republican. That the whole political system of the country was demoralized, was apparent to all men.
