\$1,000,000 Loss in Quebec-The Present Situation in the East-The London Turf-The London Stock Exchange.

QUEBEC, May 31.-Probably a thousand houses were burned. The loss is at least a million.

LONDON, May 31.-The Standard's Vienna special says the success Murael to the Ottoman throne, is considered mainly due to Russia instigating Serbia and Montenegro to immediate war.

PARIS, May 31.-It is reported that Lord Derby notified the Turkish ambassador to England to be prepared to accept the international conference.

The Montenegrin Minister of War informs Baron Rodeck that an offensive and defensive alliance has been concluded between Serbia, Romania, Montenegro and Greece, and intimates that Thessaly and Crete would rise in support of the movement in Northern Turkey.

Altogether, this situation is regarded as drawing to a crisis. The Porte had informed them that there would be no armistice on the Berlin proposition; the insurgent leaders declared they would fight until independence is achieved.

The official Russian Invalide scouted these movements by the declaration that England's refusal to act with the Northern powers cannot but bring difficulties.

Murael is pledged to the constitutional government. The French Government urges that the new Turkish Government has a tendency to a pacific solution.

Duc Decoyes pointed out to the Turkish Government that Murael is entirely free from embarrassing engagements, and his succession would naturally induce a suspension of hostilities.

The armistice was in no way inconsistent with the dignity of the government. The Porte is urged to take advantage of the opportunity, and immediately enter upon negotiations with the insurgents and make the concessions judged equitable and necessary, and thereby avoid making them under pressure of the powers.

Prince Milan had advised the consuls at Belgrade that he will issue a note declaring that Serbia has no choice other than to lead the insurrections or perish. A rumor is circulating that Andrassy is about to resign and Herr Traulmanns to succeed him.

3 30 P M-The Mineral Colt won the Derby; 13 ran. The Stock Exchange to-day is nearly deserted on account of its being Derby day, but prices are firm at about yesterday's average.

The Southern Committees Heard and the Question Referred-More About Blaine's Bonds.

WASHINGTON, D. C., May 31.-In the Senate, several petitions were presented from Southern cities, remonstrating against the ratification of the Hawaiian treaty, so as to admit rice free of duty. They were referred to the Committee on Finance.

Fisher has denied the Boston Herald story. Atkins also testified regarding the value of stocks, and denied any knowledge of Blaine's bonds getting into the hands of the Pacific Railroad.

Mr. Mulligan, Archer's book keeper, testified that Blaine, as agent, negotiated Fort Smith bonds and afterwards took them up. He complained to Mulligan of having lost money.

Mulligan said: "You could not have lost much, as you got 80 cents on the dollar for seventy-four thousand." Another told Mulligan that Blaine's bonds were sold to the Union Pacific by Scott. The transactions are complicated, and there is a great struggle on the part of Blaine's friends to restrict the investigation within the scope of the resolution.

The House is discussing Spencer vs. Morry, from Louisiana.

Reduction of Receipts-Robeson Being Examined-Nominations-Personal Privilege in the House-Spencer Seated-Dom Pedro and Party Arrived.

WASHINGTON, May 31.-It is estimated that customs will lack ten, and internal revenue four millions of the estimates per current fiscal year.

Haney has not returned from New York and the committee adjourned to-morrow. Secretary Robeson was before the

Naval Committee. He was given a list of questions to which the committee desired answers. Robeson renewed the request that the examination be public.

Nominations: E W Griffin, of Kentucky, Consul to Africa; Alexander P Fulton, Collector of Customs at Philadelphia. No Southern confirmations.

SENATE.-Spencer introduced a bill attaching Bullock and Lee counties, Alabama, to the middle district of that State. A number of petitions were presented, and private and pension bills reported. The Japanese indemnity was resumed and finally passed, 24 to 20. Adjourned.

HOUSE.-Morry, of Louisiana, rose to a personal explanation in reference to the testimony given by Seelye, before the committee charged with investigating the Federal offices in Louisiana. He declared that all the statements made by that witness, charging him with crimes and impugning his honor, and integrity, were false and infamous. Seelye's own evidence showed that he was infamous, and he had made a very weak attempt to prove that he (Morry) was equally so.

In the summer of 1875, this witness had sent him an abstract of what he called "a history of occurrences in the Ball of 1874 in the State of Louisiana." He had been West when this communication had been mailed to him, and on his return to Washington he heard that this man proposed to make a publication of that statement. He (Morry) was aware that his seat in Congress was to be contested, and he felt that a publication of that sort would be prejudicial to his interests, and that if by paying Seelye a few hundred dollars he could stop that current of abuses and falsehood, he was justified in so doing; and he therefore had done so.

In conclusion, he thanked the gentlemen on both sides of the House for the expression of their confidence, which they had given him since the publication of Seelye's testimony. The House then proceeded to consider the Louisiana contested election case of Spencer vs. Morry, and was addressed by McCrary, of Iowa, who supported the minority report of the Committee on Elections, declaring that Morry, the sitting member, is entitled to the seat.

After a long discussion, the minority resolutions were rejected, yeas 72, nays 100, and the majority resolution, declaring Morry, the sitting member, not entitled to the seat, and Wm B Spencer entitled to it, were adopted without a division.

Dom Pedro, the Emperor of Brazil, the Empress and party arrived this evening in the Pullman Palace cars, "Kennesaw" and "Metropolitan" via the Kennesaw and Midlands Route from New Orleans. Their entire Southern trip was made without a misconnection or accident, and they express themselves highly pleased with their reception everywhere.

CONVENTIONS.

Democratic Conventions in Alabama and Virginia.

MONTGOMERY, May 31.-The Democratic Convention met to-day. 62 out of 65 counties were represented. Four hundred delegates were present. W H Chambers was permanent President. The Convention voted down, by 4 to 1, a resolution against a two-third rule.

Gov G S Houston has been re-nominated for Governor, R K Boyd for Secretary of State, and Daniel Crawford for Treasurer. They are the present incumbents. The convention recessed.

RICHMOND, May 31.-The Conservative Convention met here to-day. Gen E G Bagwell was temporary President. Gov Marrye upon assuming the chair, made a forcible and telling speech. He said the enlightened and intelligent people of the land have risen for a radical reform in public affairs. Love of country was aroused, and those who had abused public trust would be brought to judgment for the first time since late war. The hand of real good will was stretched to the old mother to return to the councils of the country. She will respond to the call, and aid by her counsel to restore an era of wise and good administration and to present this Republic as it was 100 years ago, as a government worthy the pride and respect of the world. A committee on resolutions was appointed.

NEW YORK. More Presbyterian Fraternity-Coin Sent to Europe-Cooper Accepts the Nomination-Hotel and Stables Burned.

NEW YORK, May 31.-In the Presbyterian Assembly the moderator read a private telegram from the moderator of the Southern Presbyterian Assembly which, after giving a history of course of the Southern Assembly on the subject of fraternal relations, said: "The point of this whole history is to make it clear that our original action was adopted irrespective of your telegram to me, [applause] which, though unofficially announced to the Committee of the Whole, was not officially brought before the Assembly for action until the paper of the Committee on bills and overtures had been accepted by a vote of 83 to 6. The six

subsequently withdrew their dissent. [Applause]. The reply containing the former overture was then sent to you, and a prayer was offered in thanksgiving to God for bringing us to this unanimous conclusion. [Applause]. \$300,000 in coin was shipped to Europe to-day.
