Turko-Servian War—Russia Will not Let Servia Accept the Turkish Terms—Arrest of Turkish Officers for Bulgarian Atrocities—England on the Eastern Question.

MADRID, Sept 13.—The Spanish government has issued a circular in relation to the complaints of the protestant ministers. It claims that it only enforced the article of the constitution forbidding public religious manifestations similar to the manifestations made, by which the Roman Catholics likewise interdicted.

LONDON, Sept. 13.—The Standard's dispatch from Belgrade says: The answer of Turkey concerning the conditions of peace has been received, but is not yet officially communicated. Russia will not permit Servia to accept Turkey's terms. The question now is, when will Russia throw off the mask and openly prosecute the war that she is actually waging, while pretending to be merely Servia's friend.

A special to the Times, from Vienna says: Some of the Russian volunteers are returning from Servia, but the agitation in Russia continues, causing uneasiness.

The Times' dispatch from St Petersburg says: Telegraphic reports from Philippopolis say that Tussobay, one of the leaders in the Bulgarian outrages, whose arrest had been ordered has collected a number of Basli Dabanks and defies the Turkish government to arrest him.

The report of the arrest of the Turkish officers implicated in the Bulgarian atrocities is confirmed. Fifteen of them have been sent under guard to Constantinople.

A dispatch to the Reuters Telegram Company from Constantinople says that these are the leaders indicated in the report of Blaque Bey, the Turkish official who has been investigating the atrocities in Bulgaria.

VIENNA, Sept 13.—A special dispatch to the political correspondent from Constantinople says: Blaque Bey's report admits that the atrocities were indescribably horrible. It is believed that the report will be suppressed.

LONDON, Sept 13.—The Earl of Derby's speech in reply to the address of the two deputations which waited upon him on Monday last, on Eastern question appears to have been pretty generally satisfactory both to the press and people. The agitators on the subject of the governments position on this question is weakening though it is likely that it will be kept alive until after the election in Buckinghamshire, to fill a vacancy in the House of Commons, caused by the elevation of Mr Disraeli, to the Peerage, which takes place on September 21st, and which is hotly contested mainly on that issue. A Liberal victory there, would be regarded as a severe check to the ministers.

#### Indian Outrages and Troubles—Re-assembly of the Democratic State Convention.

NEW YORK, Sept. 13.—A Bismarck (N. Y.) dispatch of the 12th inst., says: A Standing Rock letter, dated the 12th, states that an Indian arrived last night from the hostile camps with a message from seven of the hostile chiefs. He is known to have left this agency about three weeks ago for the hostile camps. While he does not claim to have been with Sitting Bull, he says he was with another much larger camp, where lodges and Indians covered the prairie. He reports these Indians as abundantly supplied with fresh meat, buffalo and antelope being in great abundance. They are also reported to have more arms and ammunition than they know what to do with. They daily watch men who are engaged in building the new post on Tongue River, and say at one time they could have destroyed another body of troops as they did Custer and his band, but they thought they were going home, and for that reason did not care to disturb them. This is supposed to have been General Miles and his regiment, when they started back for the Yellowstone. They are anxious to treat for peace, and do not care to fight the soldiers if they are alone, but if they are not, will fight for years if necessary.

The writer says several of the bands refused to be counted, and rations were accordingly withheld from them. One chief, who submitted to the count, refused to receive his rations, and scattered them on the ground. It is claimed that the count, though not completed, will not show more than half the number of Indians which the agent claimed to have been issuing to. Though new supplies have not arrived, full rations of flour, and half rations of sugar, coffee, tobacco and bacon, were issued.

The correspondent claims that the Indians received fully as much under this issue as they had formerly received for double the number of lodges. Capt Collins has been detailed to assist Lt. Roach in the count of refractory lodges.
