Turco Servian War Items—Heavy Rains Check all Military Operations—Prussia Neutral in Case of a War Between Russia and Turkey.

LONDON, Sept 16.—A Belgrade dispatch says: Rain has been incessant for two days and Morava valley is a perfect swamp. By systematically burning the villages, the Turks have destroyed what would have been their shelter. Important military operations are now impossible. The Servians have supplies for a year's campaign at Deligrad and Alexinatz. The Turks are obliged to haul everything from Nisch, and their withdrawal to Nisch is expected.

The Times editorially says: The European powers cannot permit Turkey to re-occupy the fortresses which she held up to 1857.

A Vienna special to the News says: Germany will not support Russia's demand on Turkey, and in case of war will remain absolutely neutral. The The Times published a letter from Mr Gladstone on Derby's speeches. Gladstone finds fault with the government for merely protesting and remonstrating, and concludes that the Times has couse to say, "you must let Europe define what is just and then enact it." Gladstone expresses a belief that present circumstances now demand an early reassembling of parliament.

A Constantinople dispatch announces that the sixth point in the Turkish basis of peace, which was indecipherable in the telegram, was received here yesterday, and stipulates for the payment by Servia of the war indemnity, without fixing the amount, or in lieu thereof an increase of Servia's annual tribute. Although the Porte has refused to grant an armistice, it is understood that he would consent to a suspension of hostilities.

RAGUSA, Sept 16.—It has rained incessantly in this section for the past three days and no fighting has occurred in that time.

WEATHER PROBABILITIES.

WASHINGTON, D. C., Sept. 16.

The hurricane centre will probably approach the North Carolina coast and increasing Northeast to Northwest winds, cooler, cloudy and rainy weather.

MARYLAND.

Provalence of Yellow Fever Denied.

BALTIMORE, Sept 16—A telegram having been sent from this city stating that yellow fever prevailed here, and that great apprehension was felt, the Mayor and health department were applied to this forenoon for an official statement of the facts. The Mayor, Gen. Ferdinand C. Latrobe, states that no case of yellow fever prevails in Baltimore; that official reports were made to him up to last evening from Dr. Stewart, the health commissioner, and Dr. Howard, quarantine physician, and not a case of yellow fever was reported or has occurred. In his report, submitted yesterday, Dr. Stewart states that a typho-malarial fever prevails to some extent in the locality in east Baltimore fronting the back basin in tenement houses at the foot of Thames, Dallas and Caroline Streets, that he visited this locality yesterday, and found 12 or 13 cases of this fever, which originated from the bad sanitary condition of the neighborhood, most of which were improving. The persons suffering are not stevedores and none of the cases could in any way be traced to the shipping in the harbor. The disease is endemic, and disappears on the thorough disinfection of the locality, in which disinfectants have been applied.

ILLINOIS.

Calling Upon the Great Powers to Speak to Turkey.

LONDON, Sept 16.—The Times to-day in a leading article on the Turkish peace conditions concludes as follows: "Although the Porte has said its last word, the great powers have not said theirs. It remains for them to signify by a collective act what terms of peace are admissable, and Turkey will indeed have begun a new chapter of her history if she should resist their united counsels. Her unbending attitude almost warrants the suspicion that to save their own dignity in the presence of his vassal, she is waiting for the pressure of those powers which as they protect, must also command. It would be gratifying to think that in such a crisis the temper of our own foreign office is firm enough and its purpose sufficiently decided to be truly a representative of the nation, but Mr Gladstone's letter is a formidable indictment, and if the foreign office should continue to resist the popular wishes, his demand for an early session of Parliament may speedily become that of the country.

NEW YORK.

Heavy Failure—Victoria Woodhull Obtains Judgement for Divorce.

NEW YORK, Sept.—D B Beam, a merchant of Patterson, N. J., called a meeting of his creditors. His liabilities were $319,621.

The referee in the suit of Victoria Woodhull for absolute divorce from Col Jas H Blood, on grounds of adultery, reported recommending the judgement asked.

At a meeting of the creditors of the city of Memphis to day, a committee of bondholders were appointed to hold a conference with the Mayor of Memphis, and agree on some basis of settlement.

CALIFORNIA.

Lost in Desert—A Sad Tale.

SAN FRANCISCO, Sept 16.—A dispatch from Los Angeles, narrates a tale of terrible suffering on the Colorado road. Henry Smith, from St. Louis, with one companion and a pack train left Zuma for Los Angeles, and wandered four days on the desert, without water. Smith opened the veins of his arm and drank the blood, which clotted in his throat. He then cut his windpipe to remove it and died in a few hours after. His companion reached the station in the last stage of exhaustion.

WASHINGTON.

Hayes Hissed and Tilden Applauded.

WASHINGTON, D. C., Sept. 16.—A most amazing occurence in the National Theatre last night, probably attributable to the large number of visitors in the city. The pictures of Hayes and Tilden were displayed during the play. Hayes was as heartily hissed as Tilden was applauded.

[Nothing amazing about this, but as Washington is the head-centre of radicalism, and supposed to be for Hayes, it is merely a straw, which shows the way the wind is blowing.—ED.]
