FOREIGN.

Turkey Likely to Open Negotiations direct with Russia.

LONDON, Oct. 21.—A Paris correspondent of the Times intimates the probability of Turkey's throwing overboard the protection of the Powers...

A dispatch to the Reuter Telegraph Co., from Paris, says: It is stated here that England has replied to Berlin...

WASHINGTON.

Sitting Bull Sues for Peace—He Must Surrender as a Prisoner of War.

WASHINGTON, D. C., Oct. 21.—The following telegram was received at the Indian bureau this morning:

FORT PECK, MON., Oct. 13. } VIA BISMARCK, DAKOTA. }

To the Commissioner of Indian Affairs, Washington, D. C.: "Messengers from Sitting Bull's camp reports that the entire hostile camp has crossed the Yellow Stone at the mouth of the Big Horn, enroute for this place. They claim to want peace, what course shall I pursue towards them?"

(Signed) THOMAS T MITCHELL, Indian Agent. After consultation with Gen. Sherman, instructions were telegraphed to Agent Mitchell this afternoon as follows: "Inform Sitting Bull that the only conditions of peace is his surrender, when he will be treated as a prisoner of war. Issue no rations except after such surrender, and when fully satisfied that the Indians can be held at the agency, make every preparation to defend the agency stores and property. The military will co-operate as far as is possible."

(Signed) S A GALPIN, Act'g Commissioner.

WEATHER PROBABILITIES.

WASHINGTON, D. C., Oct. 21.

For the South Atlantic States, rising, followed by falling barometer, northwest winds, shifting to southwest or southeast, warmer and clear or partly cloudy weather will prevail.

FOREIGN.

Destructive Hurricane.

HAVANA, Oct. 21.—A fearful hurricane prevailed here all last night. Telegraphic communication, through out the whole island, is interrupted. The lines connecting with the cable are down, but will be repaired immediately if weather allows. Barometer is still very low, and there are signs of another hurricane. The wind varies from north east by east to north east. None of the American vessels in the harbor have suffered thus far. In the city several buildings were severely damaged, and many trees in the public park were blown down. One of the walls and the roof of the new theatre, now under contract, were destroyed.

LONDON, Oct. 21.—A dispatch to the Reuter Telegraph Co., from Constantinople, says the Ambassadors of the Powers met yesterday at the residence of Gen'l Ignatieff, the Russian Ambassador. It is believed they agreed upon a common action for procuring an understanding with the Porte regarding an armistice and conditions of peace.

A special Berlin dispatch to Pall Mall Gazette says the report is current here that the Powers have again collectively urged the unconditional acceptance, by the Porte, of English proposals.

A dispatch to the Reuter Telegraph Co., from Vienna, says Russia has presented to the Porte an ultimatum

embracing in substance the following points: 1st. A six weeks' armistice, unconditionally. 2. Administrative autonomy for Bulgaria, Bosnia and Herzegovina. 3rd. The execution of reforms under the supervision of the commissioners named by the Great Powers, and to be protected by an armed foreign force.

LONDON, Oct. 21.—A Reuter dispatch from Ragusa says: "Medun has capitulated to the Montenegrins who hold the Turkish garrison of four hundred men as prisoners of war. The Montenegrins have also taken the guns and ammunition of the Turks."

The Pall Mall Gazette in a leading article says: We have no faith in the negotiations nor in the reported understandings between the powers, and do not believe any of them have abated their pretensions, laid aside their jealousies or modified their policy. The article concludes as follows: "The least sanguine view is at present the safest. We shall do wisely in believing there is not yet any concert or understanding between the powers as may ensure Europe against the worst consequences of a war between Turkey and Russia."

NOTE.—All the continental bourses to-day showed the same, on a greater recovery, as the London Stock Exchange, evidencing that returning confidence which the Pall Mall Gazette warns its readers against.

To-day's dispatches necessitate a serious modification of previous views in regard to the Eastern question. By confession of the Times' Vienna correspondent he was mistaken about the powers which had declared their acceptance of six months armistice.—Neither Austria, France or Italy had notified the Porte of their adhesion to that proposal, though none had objected to it. England alone therefore took formal action in its favor. The effect of this is that all the powers except England remain in a position to urge the Porte to concede to the Russian demands. On the other hand it seems certain that Russia has not the support of either Germany or Austria in the contemplated movement against Bulgaria.

The announcement that Czar-witch will visit the courts at Vienna, Berlin and London seems to indicate that Russia is hesitating to act separately. Anyhow the mission of Colonel Detahkoff, the Czar's adjutant, to the Emperor of Austria, fared no better than that of Gen Sumarakoff and the weight of evidence seems to show that the other powers have like England, taken up expectant attitude in the face of Russia's warlike preparation, for we have also a contradiction of Russia. The Italian alliance is reported from several quarters including an inspired reuter dispatch from Rome, which says, contrary to rumor, Italy up to the present maintain an attitude of reserve.

Prince Bismarck is still at Vazin.—The Emperor of Austria and Count Andrássy are at Pesh, and the Russian Count at Levasia, at Belgrade. It is declared that the Czar's return to St. Petersburg will be a signal for the entry of an army into Bulgaria.

BERLIN, Oct. 21.—The National Zeitung of Germany, has defined her position upon the armistice question as follows: No matter whether an armistice of six weeks or six months is granted. The referee her interposition with the object of bring about an understanding between the powers on this particular question can avail little, but on other hands Germany never fails to recognize that object to be arrived at is the restoration of an understanding between the powers with a view of procuring a durable peace.

KEY WEST.

Havoc on the Waters.

KEY WEST, Oct. 21.—The gale, which set in yesterday, broke at 11 o'clock last night. The wind attained a velocity of 90 miles an hour. Nothing can be seen, this morning, of the steam tug, Godfrey Kleber, from Philadelphia for Galveston, before reported ashore. Weather is foggy. The steamer, City of Houston, from New York for Galveston, is ashore, half out of the water, at Boca Vista. She struck last night, and will probably come off after lightening. All on board are saved. Mr. Alburn, a passenger, died last night.

WASHINGTON.

Tweed's Expected Arrival—Movements at the Capital.

WASHINGTON, Oct. 21.—On Tweed's arrival he will be delivered to the sheriff of New York. In the meantime he will be allowed no communication with any one.

Chandler and Tyner have returned. The Secretary of War has commenced signing awards of the Southern Claims Commission. He does not make rapid progress, having signed only two hundred.

"Children," said a country minister, addressing a Sunday School, "Why are we like flowers? What do we have that flowers have?" A small boy in the infant class, whose breath smelled of vermin, rose up and made reply, "Worms!" And the minister crept under the pulpit to hide his emotion.

General Wade Hampton spoke to the purpose the other day when he said, "Whatever I may be able to do for you if you place me in the chair of Governor, if I cannot suppress a riot, if I cannot go to the people of Carolina, white and black, and say to them these are the laws and you must uphold and enforce them, if I cannot appeal to Carolina's sons to support me in the laws that I am sworn to maintain, then cast me aside with scorn from the office that I dishonor."

That is sound to the core. It is the greatest crime of those who have misruled in the Southern States, like Kellogg in Louisiana, and Chamberlain in South Carolina, that they have not enforced the laws, and have thus encouraged lawlessness, and at the same time misled the ignorant blacks who trusted them.—N. Y. Herald.
