CABINET NOMINATIONS CON-

WASHINGTON, March 10. Mitchell takes West's place as Chairman of the Senate Railroad Commit-

> The Democrats continue to be allowed two on Political Committees. A delegation of colored people from South Carolina, partly composed of Congressmen Rainey, Cain and Smalls, Judge Wright, Treasurer Cardoza, State Senator Maxwell and Col. Winton called on the President. They give the

following report of their interview:

The President spoke with perfect frankness, stating that he desired to remove the antagonism existing between the races, especially the political differences resting upon the color line: that the colored men and the Republicans might not need the protection of the army. He stated that the use of military force in civil affairs was repugnant to the genius of American institutions, and should be the United States Senste. Noyes dispensed with, if possible. He, however, recognized the necessity of protection at present, until that feeling of respect for the rights of political opponents should be entertained by the

Democrats of the South. The President stated that with regard to the peculiar difficulties existing at present in South Carolina, concerning which the delegates expressed great anxiety, he proposed to preserve the status quo left by his predecessor, and to examine the condition of affairs carefully and deliberately before he acted.

The delegation then withdrew, after expressing their thanks.

In the Senate a communication was read from Orton, President of the Western Union Telegraph Company, requesting the return of the messages, about thirty thousand in number, recently delivered to the Committee on Privileges and Elections, which was laid on the table.

The Senate is in Executive Session, and has confirmed all Cabinet nomina-

Departments to-day. Sherman asumes the duties of Secretary of the Treasury on Monday.

The Committees made no minority eports on account of nominations. Cameron voted aye on Evarts nomination, as his committee had instructed him to report it favorably. Conkling abstained from voting.

The Committee on Privileges and Elections of the Senate took up the case of Kellogg, claiming a seat from Louisiana,. The Republican members of the Committee took the ground that Kellogg's credentials were regular, and he has a prima facia right to a seat, and should be sworn in, and the investigation, as to which is the legal of the Union to carry it on. government of Louisiana, should be considered afterwards. The Democrats claimed that the Committee of the House had judicial knowledge that there are rival governments in Louisiana, and, therefore, there should be previous investigation as to which of them is legal before any action is taken, regarding Kellogg's claims.

The Committee adjourned to Monday, when the case will be further con-

COLUMBIA, S. C., March 11 .- The following letters are made public to-day, by Governor Chamberlain at the special request of Stanley Matthews .-They are the letters alluded to by Mr. Blaine in the Senate on the 7th inst. :

WASHINGTON, March 6, 1877. To Hon. D. H. Chamberlain, Columbia,

S. C. : MY DEAR SIR :-- I have not the honor of a personal acquaintance with you, but have learned to respect you from my knowledge of your reputation. now, with great distrust of the propri-ety of doing so, prefacing my remarks by saving that I speek without and I take the liberty of addressing you by saying that I speak without author- maril it

ity from ony one, and represent only my own views. The situation of public affairs in South Caroline 18 too. complicated to be discussed at length in a note, and it impresses me as one that ought to be changed by the policy of Republican statesmen in such a way as not only to remove all the controyersies that disturb that State, but to remove all embarrassments arising from it to the party in other parts of the country. It has occured to me to suggest whether by your own concurrence and co-operation, an accommodation could not be arrived at, which would obviate the necessity for the use of Federal arms to support either government, and leave that to stand which was best able to stand of itself. Such a course would relieve the Administration from the necessity, so far as executive action is concerned, of I held at Gilmore's Garden, (Insurance Building.) Thursday night, March 15th, flicting governments, and would place you in the position of making a sacrifice of what you deemed your abstract rights, for the sake of the peace of the country, which would entitle you to the gratitude of not only yourown party, but to the respect and esteem of the whole country. I trust you will pardon the liberty I have taken, as my motive is to promote not only the

NEW YORK, March 10.—About forty compositors in the Graphic office, members of the Printer's Union, were ousted from their places this A. Sometime ago the proprietors made an offer to the old hands for a reduction, but they refused to accede, hence the change in a reduction in rates of wages has also taken place today in some of the book and job offices.
