VARIOUS ITEMS OF GOSSIP AND INTEREST.

WASHINGTON, May 8.

There is a pressure to reconsider the time fixed for convening Congress. Applicants for office are much disappointed, as the policy of the postponement is to be applied to them as well as to Congress. The best theory is that the administration are ambitious of organizing the House in the interest of the Hayes' wing of the Republican as early as the 4th of June, the grand issues were postponed to the middle of every appointment will be made with a view to that result. #### The Best Recuperant

Of failing energy, that to which the fagged out man of business, the brain fatigued author, the tired advocate or the weary artizan can resort with the greatest certainty that it will revive his overwrought powers, is Hostetter's Stomach Bitters, a most genial tonic cordial, as well as a benign remedy for disorders of the stomach, liver, bowels and urinary organs, and a means of eradicating and preventing intermittent and remittent fevers. It not only enriches the blood and creates a new fund of energy in the system, but it has the effect of expelling impurities from the life current which beget disease. The inju rious influence of abrupt transitions of temperature, of an unwholesome climate and injurious diet, are counteracted by it, and it promotes digestion, appetite and sound repose. Give it a trial and be convinced.
