TELEGRAPHIC NEWS.

WASHINGTON.

How Hayes Proposes to Throw Off the Elephants.
The Trial of Franks Begun.
Other Washington Notes.

WASHINGTON, June 26.—The latest programme outlined by the administration to shelve its southwestern elephants, is to give Postmaster-General Key, the Supreme Judgeship, Bristow the Circuit Judgeship, and General Pillow the mission to Mexico. Tyner will become Postmaster-General.
It is asserted on good authority that Messrs. Cox, Morrison, Saylor, Goode and Blackburn, have signified their intention to be on hand at the Democratic gathering at the White Sulphur Springs next month, which promises to be large.
Yesterday's storm extended from the lakes to the Ohio river, and at last accounts had reached Columbus, Ohio. But few fatalities are reported. The weather report this morning indicates that the storm had exhausted itself.

The trial of Deputy Marshal Franks, of N. C., has commenced; five evidently irregular vouchers were exhibited. The evidence thus far shows nothing against Marshal Douglas.
The President has recognized Ramon Salas Montblanch as consul of Peru, in the State of Georgia.
The War Department has nothing further regarding the Indian war.
W. Wiley Wells, consul general to China, left for Mississippi to-night. He leaves for China on the 15th of July.
The Secretary of the Navy has issued a circular ordering that politics shall not be considered in employing workmen at the navy yards.
Tennessee Agent Brownlow reports from Knoxville, a raid into Hancock county, resulting in the capture of Doll Ray and Bud Rains, ring leaders in the act of violating law. They also brought in about a dozen small offenders.

Archbishopric of Baltimore—Illness of Bishop Bayley.

BALTIMORE, Md., June 26.—A dispatch in regard to the appointment of Bishop Gibbons, of Richmond, Va., to the Archbishopric of Baltimore, says: "Archbishop Bayley, for some months has been in exceedingly bad health, and threatened with the softening of the brain, which is now said to have supervened and hopelessly incapacitated him for further active service in the church." In February Bishop Bayley went to Europe for the recovery of his health, but his malady developed so rapidly that on his arrival there it was found necessary to convey him to Trappist Monastery, in the north of France, where he now remains.

The Grand Army of the Republic Send Greetings to Doctor Grant of England.

PROVIDENCE, R. I., June 26.—The National Encampment of the Grand Army of the Republic convened to-day. The proceedings are of interest. The following cable dispatch was directed to be sent to Ex-President Grant, Gen. U. S. Grant, care of Her Majesty, Queen Victoria, Buckingham Place, London: "Your comrades in annual encampment, assembled at Providence, R. I., send the heartiest greetings to their old comrade, and desire through you to England's Queen, to thank England for the grand reception. (Signed) JOHN F. HARTMAN, Commander-in-Chief of the G. A. R.

A Hurrah for Hayes.

BOSTON, MASSACHUSETTS, June 26.—The review occupied over a half an hour. The streets and sidewalks along Washington street were thronged with people, crowding and pushing, and windows, house tops and every available space had occupants. All along the route, there were cheers and waving of handkerchiefs from windows, house-tops, and every point of observation, greeting the President.

Molly Maguires on the Rampage.

PHILADELPHIA, June 26.—A dispatch from Plymouth, says that late last night, near Nanticoek, a party of drunken Molly Maguires attacked a number of miners, injuring all, more or less. Martin McIntire, one of the colliers, was so badly wounded that he died.

Lloyd Garrison Speaks—Let All Men Keep Silent.

LONDON, June 26.—At a breakfast given by the committee of the anti-slavery society to Lloyd Garrison, he reviewed the slavery question and praised President Grant's Southern policy. He said he thought President Hayes had taken a false step in yielding to the South.

THE RUSSO-TURKISH WAR.

Probability of Crossing the Danube Elsewhere

The Turks Lose 10,000 Men in the Montenegrin Battles.
A Conspiracy to Blow Up the Suez Canal.

LONDON, June 26.—The Standard has the following from Vienna: "It is supposed that the Czar will leave Bucharest for Alexandria to be present at the crossing thereabouts, which is expected either Tuesday or Thursday. A fearful contest is expected at Rastchuk. There are eight hundred cases of typhoid fever in the Russian hospitals."
CONSTANTINOPLE, June 26.—It is reported that the English consulate at Rastchuk has been entirely destroyed by bombardment.
LONDON, June 26.—The Post's Bucharest special says: "The corps now entering the Dabudschia is ordered to advance quickly up the line of the Ozeravada, and Kustendje Railway. After their arrival the right wing of the centre of the army will force a passage higher up the stream."
The Daily News' dispatch from Rastchuk Sunday night, says: "The bombardment of this town by the Russians is terrible. The Turks stand fire with great coolness. They reply vigorously and with good aim. A shell has fallen in the prison and killed two prisoners. Several non combatants were killed and wounded. Shots have struck the German, English and Belgian consulates. Shells have also burst near the hospital, but the Russian fire seems directed to the centre of the town."

The Daily News' special from Ibrail reports that the Turks have retreated towards Medidji on the line of the Kustendje Railway. The whole north end of Dubradscha has been abandoned, and it is not likely that they will make a stand this side of Siliustria. The 14th corps, under Gen Zimmerman, will cross the river as rapidly as possible, and be joined by the 4th corps now going in the direction of the river and will march southward with the greatest dispatch. It is not known yet whether this army will form a column of an advance between Varna and Shumla. It seems probable that these two corps will fall to the duty of reducing Siliustria, and perhaps Shumla. It is further likely that another passage of the Danube will be attempted somewhere between Guirgeon and Turnu Magruelli, within the next four days, without awaiting Gen Zimmerman's advance, which cannot be available to turn the Turks' positions about Rastchuk under three weeks.

Mukhtar Pasha's successes in Asia are confirmed. The Turkish losses in Montenegro during the recent engagements were ten thousand.
A special dispatch from Vienna to the Times has the following: "In Constantinople the agitation against Redif Pasha, Minister of War, and all the military authorities, is on the increase. The success in Montenegro, so far from calming this excitement, has rather increased it, it being deemed downright folly—almost treason—that in order to gain success at a comparatively trifling point, the important theatre of war in Asia should have been so woefully neglected."

A special from Alexandria, Egypt, says that the reports recently published of a conspiracy to blow up the Suez Canal was based on authentic information. The Khedive is taking effective measures to prevent such an attempt on land, while a sea police is being organized under the command of two efficient officers.
Rush, June 26.—The bombardment of this place was continued all yesterday. The English agents report that the English consulate, which had a large union-jack floating, seems to have been singled out for concentrated fire, and was completely destroyed.
Pesth, June 26.—In the lower house of the Hungarian Diet to-day, Count Apponyi, and Herr Kallog urged the necessity of maintaining the integrity of Turkey. Herr Tisza, premier, in reply said that the last Cabinet council had decided against the occupation of foreign territory or mobilization of troops, but Austro-Hungary would not suffer the neighboring territory to be taken taken by a foreign power.

The Administration Gone to Boston.

NEW YORK, June 25.—President Hayes and party arrived to-night, on their way to Boston. He was accompanied by Secretaries Everts and Schurz, Attorney-General Devens and Postmaster-General Key. The train reached Jersey City an hour behind time. The Presidential car was taken on the steamer and conveyed to the Harlem end of the New York and New Haven Railroad. The party will reach Boston at half past eight to-morrow morning.

When you see a bright Baby pleased with itself and everybody else, be sure that Dr Bull's Baby Syrup has been used. Only 25 cents per bottle.
