TELEGRAPHIC NEWS.

THE RUSSO-TURKISH WAR.

The Russians Reported to Have Crossed at Simnitsa With 100 Thousand Men—The troops in Good Condition and Cheerful—A Heavy Battle Anticipated.

Reported Victory of the Turks at Sistova.

Battle Near Blea—The Russians Repulsed.

London, July 6.—The Standard's Constantinople dispatch reports that thirty battalions of the Turkish army of Montgomery have reached Andaria, whence they will embark for an unknown destination.

The Times has the following from Bucharest: "It is stated here that over one hundred and twenty thousand Russians have crossed the Danube at Simnitsa, with an immense train of artillery comprising some species of very heavy calibre. The enthusiasm of the Russian troops is very great. The cavalry numbered twenty kilometers in advance of the infantry. As the Turks have no proportional amount of cavalry, the Russians are scouring the country up to the foot of the Balkans. The Turkish outposts are at Jantra, which is at present their advanced line. The centre of their army is near Rasgrad, the right covering Kustchuk, the left stretching towards Blinza. It is reported that only 12,000 men are left at Simnitsa. The first great battle in Bulgaria will probably be fought on the above line. If the Turks give battle on the open field north of the Balkans, it is probable that there will be little of interest from the front until a new disposition of troops by both belligerents is made.

The Russian cavalry have penetrated to Blinza at Lofcha on the west and to Tognova and Nabara towards the Balkans. They appear to be masters of the country between the Balkans and the Danube, and from Jantra to Plerna.

The Times' Paris correspondent reports the Industrial Association of Mulhouse, one of the chief anti-annexation and democratic organs in Alsace, has been suppressed by the German government.

The Spanish authorities strictly witness the French frontier; they have discovered a considerable store of arms at Vera in Navarre.

The Daily Telegraph's Erzeroum dispatch says: "It is unlikely, even if the Russians are strongly reinforced, that they can successfully renew the Asiatic campaign this year. For weeks hence the climate will preclude effective warfare."

The latest from Asia is a Daily News special, dated Erzeroum, Thursday evening, which states: "Both armies remain inactive. The Russians are evidently awaiting reinforcements."

A dispatch to the Daily Telegraph, dated Pera, Thursday, says: "It is reported here that the Turks have gained a great victory at Sistova."

A special dispatch from Vienna to the Daily Telegraph says: "The Roumanian government before sending troops across the Danube, enquired of Austria would regard such a step, and was informed that as long as the Roumanian army respected the Serbian neutrality, Austria would remain indifferent to its movements."

The Times' Bucharest dispatch says: "No important action is expected until the Russians have established depots of supplies on the southern side of the Danube, and prepared everything for an advance."

The Times' Belgrade dispatch says: "The Greek and Roumanian objections of Bosnia are anxiously awaiting the result of their petition, asking for the occupation of Bosnia by Austrian troops. A part of the Mohammedan population also favor foreign occupation."

A special from Constantinople to the Daily News says: "Two thousand men have arrived from Smyrna to work on the fortifications."

All papers seem to confirm the view that the Turks are about to withdraw a greater part of their forces from Montenegro.

CONSTANTINOPLE, July 6.—Fifteen hundred persons who were fleeing from Adler to the Turkish lines from fear of the Russians, perished from hunger.

SIMNITSA, July 6.—A battle was fought yesterday in the vicinity of Blea, which lasted twelve hours. The Russians were repulsed with considerable loss and fell back on Sistova. No details.

Indian Troubles.

SAN FRANCISCO, July 6.—Trouble is reported among the missing Indians in southeastern Nevada. Augustus Ash, United States marshal, and Holland and Carter, Indian agents, were killed at the reservation. One of the murderers was captured at St. George, Utah.

PORTLAND, OREGON, July 6.—The Malheur Indians of Baker county, Oregon, are restless, and fears are entertained that they will effect a junction with the hostiles.

Wreck Removed.

BALTIMORE, July 6.—The Merchants Exchange reading rooms have a notice posted to-day stating that the wrecked Norwegian bark, Azara, sunk by collision some time since, and obstructing navigation in the mid channels, of Back river, near the entrance of the Chesapeake, has been entirely removed by blasting. The wreck was removed by private subscription from the Baltimore merchants.

WASHINGTON.

Windy Billy Stands a Chance for Winstead's Old Shoes—The Marshaling of Mississippi.

The Cabinet Discussing the President's Recent Order.

Shall the Minister of the Diaz Government be Recognized?

WASHINGTON, July 6.—Marshal Lake of Mississippi, is here, on his way back from Albany where he carried some Federal convicts. The Republicans are fighting over his place. There appears to be no special charges against Lake, but the many statements more or less damaging, are all annoying to the marshal.

It is said that the appointment of Wells to the China consul-generalship, has caused the foreign patronage due Mississippi.

It is supposed that the putsch black delegation from Charleston, have been captured en route. They have not yet troubled the President.

It is stated that General Henderson has permission to make his bond as collector of the fifth North Carolina district.

The revenue from the tobacco tax has increased during the past eleven months a million and a quarter of dollars.

The Cabinet session to-day was mainly devoted to conversation and an informal discussion concerning the President's recent order prohibiting Federal officers from participating in the management of political committees and conventions, with special reference to the questions whether it should be enforced against certain officials who took part in the Iowa convention; and whether Postmaster-General Key correctly interpreted the purpose of his order in his yesterday's letter to the Madison, Wisconsin, postmaster. No formal action was taken on the subjects involved, but it was stated that the letter of the Postmaster-General was a correct and judicious statement of the meaning of the order.

The letter accrediting Senor Mata as minister from the Diaz government, was read, and was the subject of considerable discussion. It was a friendly and pleasant document, but the contents received no further attention than respectful testimony, as it was not regarded advisable at present to take any action beyond a reference to the State Department, by which it was presented to the Cabinet.

Foreign appointments were discussed, but no conclusion was reached in regard to cases like that one presented from Wisconsin, and that while the order should be firmly maintained and impartially enforced, there is no occasion to apply it to the Iowa office holders who were elected as members of the convention before it was issued, and who probably took their seats before it reached them by mail.

Comparative Cotton Statement.

NEW YORK, July 6.—The comparative cotton statement for the week ending Friday, July 6th, is as follows: Net receipts at all United States ports during the week, 7,073; net receipts at all United States ports for the same week last year, 8,257; total receipts to this date, 3,921,156; total receipts to same date last year, 4,089,043; exports for the week, 6,999; exports for the same week last year, 30,635; total exports to this date, 2,968,094; total exports to the same date last year, 3,113,627; stock at all United States ports, 248,349; stock at all United States ports the same time last year, 289,451; stock at all interior towns, the same time last year, 38,285; stock at Liverpool the same time last year, 1,021,000; stock of American cotton at Great Britain, 77,000; stock of American cotton at Great Britain the same time last year, 64,000.

An interesting account of Dierse's application to the Queen for nine pounds to pay for Hartmann's telegram is furnished by the New York Times: "The Queen may not be a particularly irritable woman, but she was hardly to be expected that she would get out of bed, strike a light and hunt up her purse without betraying some little annoyance. In fact, she was extremely angry, and not only peremptorily refused to receive Gen. Grant's telegram, but informed Lord Beaconsfield that if he ever woke her up again in the middle of the night to ask her to pay nine pounds for somebody else's telegram, she would dismiss him without a character."

"Why, then Gladstone," added the irate Queen, "hasn't himperance enough to come and hammer at my door, and ask for fifteen or twenty pounds at this time of night?"

Schurz has lived on the bounty of office-holders for nearly twenty years. He has had no other visible means of support. He failed in everything practicable in civil or political life. He has only succeeded as an impostor. We concede he has genius, but he is expected that she would get out of bed, strike a light and hunt up her purse without betraying some little annoyance. In fact, she was extremely angry, and not only peremptorily refused to receive Gen. Grant's telegram, but informed Lord Beaconsfield that if he ever woke her up again in the middle of the night to ask her to pay nine pounds for somebody else's telegram, she would dismiss him without a character.

Another Clergyman in Trouble.

Rev. J. Miller Hageman of the Union Tabernacle Church, Williamsburg, N. Y., is in trouble with some of the trustees and members of his congregation through a sermon he preached recently, taking the same ground as to the sinfulness of the Saviour annointed by his uncle, Rev. Dr. John Miller, who was suspended by the Presbytery of New Jersey.

AN AGED PEDESTRIAN.—A man of decent appearance, who gives his age at 87 years, applied for lodging at the Third station-house last night. He states that he came from North Carolina on foot and intends to go to Washington in the same manner.—Richmond Enquirer, 5th.
