#### FRENCH AFFAIRS.

**Thiers' Death Producing an Impression in Berlin—Animation on the Paris Bourse—Press Opinion as to Thiers' Death.**

**Noyes' Credentials and Washburne's Return.**

**Minister Noyes' Reception in France.**

**BERLIN, September 5.**—Thiers' death has produced a deep impression here. New difficulties are apprehended.

**PARIS, September 5.**—The Bourse was quite animated and seemed in some way or other to regard the sad events tending to clear the political atmosphere.

The London English press generally thinks that the Republicans M. Thiers' loss is terrible. It is not a light matter that the Republican policy, instead of being represented by Thiers' mature wisdom, should be dependent upon the eager temper of Gambetta, who is now without a serious rival.

MacMahon will attend Thiers' funeral at Invalides this Saturday.

M. Gambetta has been summoned to appear again before the Judge De Instruction on the 11th inst.

The official journal publishes a decree by President MacMahon ordering a State funeral for M. Thiers.

Hon. Edward F. Noyes, recently appointed United States Minister to France, will present his credentials, and Hon. E. B. Washburne's letter of recall to President MacMahon at 2 o'clock this afternoon.

Mr. Washburne's numerous engagements and early departure have obliged him to decline the banquet tendered by the Americans in Paris and also the honors intended to be shown him by his French friends.

After presenting this credentials to President MacMahon this afternoon, Mr. Noyes said: "I have also the great pleasure to bring with me the expression of the wishes of the President of the United States for the well being of your excellency and the health and happiness of your family, as well as the peace and prosperity of the French people. My compatriots remember with gratitude the opportune and effective assistance rendered by France to our ancestors when fighting for their national independence. I shall not be able better to interpret the desire and feelings of the President and the American people than by endeavoring, as I shall have pleasure in doing, to cultivate, strengthen and perpetuate the warmest sympathies and friendly relations between the two countries."

President MacMahon in reply, said: "I thank you for the sentiments you have expressed in the name of the President of the United States. I am sensible of the recollections you call up. You may rest assured you will always find me ready to second you in maintaining and strengthening the friendly friendship which unites France with your country."

**WASHINGTON, September 5.**—The following is from high financial authority: "Constant allusion is being made to the policy of France in regard to resumption as being different from that adopted here, when the truth is, that country has been acting upon the very policy that the United States is pursuing; but France is reducing her circulation much more rapidly than the United States. The bank of France has withdrawn its circulation during the last nine months to the amount of at least twelve million pounds sterling (sixty million dollars), and has accumulated at about the same ratio, and is now practically at specie payments, and would not resume until the question, which is far more disturbed there than here."

**Pennsylvania Republicans on the Hayes Policy.**

**HARRISBURG, Pa., September 5.**—The Republican State Convention assembled in the hall of the House of Representatives to-day at noon. It was called to order by A. W. Norris, secretary of the State committee. The committee on resolutions reported the following, which was adopted:

Resolved 1st, That while we recognize and respect the difference of opinion existing among us as to the course pursued by President Hayes toward the South, we are heartily in accord with the patriotic motives which have guided him, and in hoping that the result of that policy will be peace, good will and the complete restoration of the equal rights of all men in every section of the country, and to the efforts of his administration to carry into effect the principles of the platform upon which he was elected, we pledge hearty and cordial support.

Mr. H. Armstrong was chosen permanent president. J. P. Stritt was nominated judge by acclamation. The contest is over the minor places on the ticket.

**Telegraphic Brief.**

**NEW YORK, September 5.**—The Harlem bank went into voluntary liquidation to-day. The meeting of stockholders resolved to pay the depositors in full.

**LONDON, September 5.**—Titens has not fallen from Saturday's relapse. His condition is serious.

**NASHVILLE, September 5.**—Goldsmith Maid against time made 2:21, 2:20, 2:19.

The firemen and engineers' convention elected Mr. Stockwell president.

**NEW YORK, September 5.**—Phillip Steiner, tea and coffee dealer, has failed and made an assignment. Liabilities were numerous, but his unfortunate real estate speculations were the principal cause.

**CHICAGO, September 5.**—The Post claims to have additional evidence that R. Clay Crawford and Osman Pasha are identical.

**The Pope Getting Worse.**

**NEW YORK, September 5.**—A cable telegram reports that the Pope's illness increases.

### RUSSIA AND TURKEY.

**Russia Preparing to Siege Rostchuk.**

**Other News of the Progress of the War.**

**VIENNA, September 5.**—The Russians are providing material for winter quarters for 200,000 men, and the engineers are ordered to prepare for the regular siege of Rostchuk. The Russian official report of the casualties at Schipka pass, gives twelve hundred killed, and three thousand wounded.

**LONDON, September 5.**—The Times correspondent at Schipka pass says the Russians have made a fine road up the pass, which would never have been done had they not intended to use it for the passage of a large army in Roumelia when the proper moment arrives. New bridges and other improvements in the road are still being made, affording evidence that they adhere to their original intention.

**CONSTANTINOPLE, September 5.**—A despatch received to-day announces that Ahmed Pasha yesterday repulsed a Russian attack at Kudikoi, near Rostchuk. The Russians are stated to have lost one thousand men.

According to intelligence from Sultan Pasha's army, the Turks have obtained still further command of the Gabrova road to Schipka pass. Cannonading was going on between the hostile batteries in the pass.

**VIENNA, September 5.**—It is regarded as certain that Serbia will not participate in the war until Russia shows a more promising front. Mehemet Ali must have 100,000 men within and about the Turkish quadrilateral. Sixty thousand of them required for the garrison and to guard the line toward the Dobrudza leaves him 100,000 for field operations.

**LONDON, September 5.**—A rumor is current here this morning of a Russian advance upon Plevna. It may be true, but it looks like a canard based upon Gen Scabeloff's capture of Lovabe.

### FROM WASHINGTON.

**The Republican Says the President Doesn't Obey His Own Order—Schurz and the Logs.**

**Other Notes and News.**

**WASHINGTON, September 5.**—It is stated that in case neither the owners of logs nor the government bonds them, and they are sold as property liable to waste, Secretary Schurz has determined to have his agents in Colcasian to buy them in on the government account.

The President may spend a day at Shelbyville, Tenn.

The Republican, speaking of the cabinet action in the Cornell matter, has the following, which indicates that the President himself, the highest civil service officer, is not disposed, in the exercise of his high functions, to obey his own order: "The President, while standing firm in his decision, is nevertheless considerate of the interests of the Republican party in New York, and will allow the matter to remain in statu quo a few days longer."

Surgeon Chas. Greenleaf has been relieved from duty in the department of the Gulf.

The report of a change in the collectorship at Chicago is premature.

McCarty, Evarts, Schurz and Lawrence were in consultation at the War Department to-day over Sitting Bull. The commission meets at St. Paul on the 12th instant, where they will receive instructions regarding the conduct of the commission.

Kenneth Rayner appeared in the police court to-day, and plead guilty to an assault and battery, and was fined \$20. The judge does not show any mercy for his recent scuffle. He made a statement under oath in elaboration of that telegraphed Monday.

### NEW YORK.

**Suit Over the "Buchan" Trade-Mark—Davenport's Funeral—Fire in Brooklyn.**

**NEW YORK, September 5.**—Albert L. Helmbold has brought suit for an injunction to restrain his brother, Henry T. Helmbold, from infringing on his trade-mark. The plaintiff's case is that from 1865 to 1872 he manufactured for the defendant a medicine, named "Buchan," that Henry T. Helmbold was declared a bankrupt, and the trade-mark was sold to plaintiff. On argument to-day in the Supreme Court the answer of the doctor was read, denying all of these statements, and saying that plaintiff was merely a clerk and servant of defendant; that the trade-mark never was in his assignee's hands and never was sold. The court reserved its decision.

The funeral of Davenport took place this morning from Dr. Chaflin's Universalist Church, and was witnessed by an immense throng of people.

Wardell & Cossand's paper factory, in Brooklyn, was burned to-day. Loss \$24,000. A large number of men and boys were ousted.

Gold is lower than since '62.

### Buying a Railroad.

**COLUMBUS, Ga., September 5.**—The North & South Narrow Gauge Railway was sold yesterday to the Columbus & Atlantic Air Line Railroad company for \$40,500. This railroad is operated for twenty-one miles and is well equipped. The State had endorsed its bonds for \$24,000, and it was sold because of a default of interest. A company in this city bought it and will extend it ten miles. The line was intended formerly to extend from Columbus to Chattanooga.

**The Horse Captured.**

**CAMP ROBINSON, September 5.**—Crazy Horse, who escaped alone in the direction of the Spotted Tail Agency, was captured at that place last night.
