### TELEGRAPHIC NEWS.

#### FROM WASHINGTON.

##### Sherman and the Ohio Elections—The Vacancy on the Supreme Court Bench—The Louisiana Senatorship—Republicans Bound to Vote for Pinchback's Admission.

WASHINGTON, October 8.—Secretary Sherman, with a number of his subordinates, has left for Ohio for voting purposes.

The Supreme Court bench, except Hunt, called on the President this morning in regard to the regular term of the court.

The committee to investigate the fire of the Interior Department, report unanimously that it was the work of an incendiary.

The President is loosely quoted that he will fill the vacant seat on the Supreme Court bench by a person from the South, not over thirty years old. Harlan, of Kentucky, and Hunt, of Louisiana, are favorites among those who augur from His Excellency's expressions.

Blackburn, of Kentucky, has arrived.

Morrison, of Illinois, is reported as opposed to the Texas Pacific, which is equivalent to retiring from the contest for Speaker.

The employees of the House, many of whom are gentlemen of influence, favor generally the present incumbents.

Senator Dennis, of Maryland, will be in his seat on the 15th.

Justice Hunt was in town and, it is hinted, failed to accompany his brethren in their usual pilgrimage to the White House in the interest of Mr. Conkling. The score has not yet come to the outside.

Judge Leonard, Republican member of Congress from the fifth Louisiana district, formerly represented by Gen. Morey, who was ousted from his seat by Col. Spencer, who vacated it to become Chief Justice under the Nicholls government, is quoted as saying "he did not see how the Senate could longer refuse to admit Mr. Eustace from a party standpoint; that the Republicans were bound to admit Pinchback, as he was a part of the Kellogg government. But having declined to do this thing, declared in effect that the seat was vacant from the time Kellogg's resignation to assume the Governorship of the State. Such being the case, the undoubted Legislature, organized under the Wheeler compromise, clearly had the right to fill the vacancy." Judge Leonard says he remembers having heard Mr. Morton declare that the seat belonged either to Pinchback or Eustace, and that he afterwards could not see where the forms of law had not been complied with in the election of Mr. Eustace, and that the Republicans would stultify themselves if they kept the seat open.

Devens will ask Congress at the extra session to appropriate \$225,000 to cover the deficiency in the appropriations for the Department of Justice during the past fiscal year.

#### INDIAN FIGHTS.

##### Gen. Miles Tackle The Indians with Success—Several Chiefs Killed.

WASHINGTON, October 8.—Gen Miles telegraphs from Bear Paw, Oct. 31, that he "surprised the Nez Perces' camp, capturing about 600 horses, mules and ponies. The engagement was severe. The Indians lost seven killed, including Looking Glass and Joseph's brother, and three other chiefs and forty wounded. Joseph gave me his solemn pledge yesterday that he would surrender, but did not, and they are evidently waiting for aid from other Indians. The Sioux are coming to their aid. They are closely invested in some deep ravines and kept under fire. To take them by assault would cost many lives. I may wear them out and eventually compel them to give up. They fight with more desperation than any Indians I ever met. Our killed are Capt Erwin Hob, 7th Cavalry; 2d Lieutenant Biddle, 7th Cavalry; non-commissioned officers and privates wounded: Captains Maylor and Godfrey, first Lieutenant and Adjutant Baird and Lieutenant Bommer. Thirty-eight non-commissioned officers and privates and two Indian scouts.

#### The Episcopal Convention.

BOSTON, October 8.—The Episcopal Convention adopted the fifteen minute rule for debate.

Dr. Steele, of Florida, offered a resolution that a subscription paper be opened for the relief of the sufferers from yellow fever in Fernandina. The resolution was adopted.

The committee on canons reported it not expedient to change the term of probation from three years to six months. The committee on canons reported against shortening the morning and evening prayers, and a minority report was made in favor of the change.

#### Gatherings in the South Carolina Thieves.

COLUMBIA, S. C., October 8.—Congressman Smalls had a preliminary examination. Woodruff testified that he paid Smalls \$5,000 as a bribe to vote for a measure before the Legislature in 1873. Smalls is held to bail. Maxwell, Senator from Marlboro county, in default of bail was imprisoned on a similar charge. The charges of bribery are connected with the printing swindlers, the Republican Printing Company, of which Woodruff was the head center. His testimony is based upon a memorandum book he kept in short hand.

#### Telegraphic Briefs.

The Pioneer Land and Loan Bank of San Francisco has gone into liquidation. Liabilities \$11 millions.

PARIS, October 8.—Senator Louis Olivier Bourbeau is dead. He was 69 years of age.

#### WORKING OF MOFFET LIQUOR REGISTER.—Richmond, Va., Oct. 8.—The first official returns under the Moffet register liquor law in this city for seventeen days in September show that the number of malt drinks sold in that time was 135,550, and alcoholic drinks nearly 127,000; the tax thereon amounting to \$3,850. This amount averaged through the year and added to other sources of liquor revenue makes the annual aggregate for Richmond \$102,640. Richmond heretofore paid about one-fifth the liquor revenue of the whole State, such being the case now the total liquor tax in the State will aggregate about \$500,000. Thirty-four years of constantly increasing use have established a reputation for Dr. Bull's Cough Syrup second no similar preparation. It relieves instantly, and cures all coughs, colds, etc.

#### THE WAR.

##### Snow in Shipka Pass.

LONDON, October 8.—There is two feet of snow in Shipka pass.

A Times despatch from Gorny Studin, says: "Newspaper correspondents will hereafter only be admitted to the lines of active operations on days of engagements. At other times they must remain at corps headquarters, because it is believed that information sent out by correspondents has several times compromised the success of the Russian plans."

LONDON, October 8.—A Reuter from Constantinople says the Servian diplomatic agent has formally renewed to the Porte his assurances of the pacific intentions of Serbia.

A despatch received to-day from Mukhtar Pasha increases his former estimates of the Russian losses during the recent fighting, to 15,000, and places the loss of the Turks at 2,500.

#### FRENCH AFFAIRS.

##### The Trial of M Gambetta to be Re-Commenced.

PARIS, October 8.—The *Francaise* has ordered the prosecution of M Gambetta for his manifesto. It says that the audacious reproduction in his manifesto of the phrase: "Il faut se soumettre ou se démettre," is not only a repetition of the offense against the Marshal, but as M Gambetta has already been condemned therefor by the tribunal of the Seine, it constitutes an outrage against the magistracy whose decisions are publicly ignored.

LONDON, October 8.—The *Times* Paris special confirms the *Francaise* announcement that M Gambetta is to be prosecuted again. Perfect tranquility, however, prevails in Paris. The Republicans are too confident of success at the elections to be enticed into any demonstrations.

#### RESUMED WORK.

PITTSBURGH, Pa., October 8.—This morning the employees of the Pennsylvania Coal Company resumed work, but the car runners on the heavy gravity track were prevented from shipping coal over the Hawley & Erie road to New York, by the results of an act of incendiarism on the Springbrook trestle work. They ask protection from the striking agitators. The men in the employ of the mines are exasperated at this second attempt of the strikers, at this same point and by the same means, to deprive them of work.

Dr J.C. Ayer remains in an asylum in Athol, Mass., an incurable maniac. A correspondent of the Rochester Democrat says he is at times very violent, and at others quiet to a degree that indicates softening of the brain. The same writer gives the following as facts: Ayer came to Lowell a poor adventurer, and obtained employment in a factory, where his services as a chemist gave him good wages. He was economical and saved money. Then he became acquainted with a druggist who sold a cough medicine which was very popular. Ayer obtained the recipe and advertised the medicine freely. His agents spread rapidly through the country, and Ayer built up an immense traffic. He kept his profits secret, but his frequent investments indicated a rapidly growing wealth. He became one of the largest cotton mill proprietors in Lowell, and the largest owner of bank stock. Investments were also made in other places, in order to avoid notice and prevent that rash for charity which so often follows the increase of wealth. This absorbed the entire energies of the proprietor until he was ordered by his physician to go to Europe. He escaped from domestic trouble by becoming absorbed in business to such an extent as to destroy the balance of his mind.

Now and Then.  
It is only now and then that such men as Hon Alex H Stephens, Ex-Gov Smith and Ex-Gov Brown, of Ga., endorse a medicine for the throat and lungs, and when they do it is pretty good evidence that the remedy must be good for the cure of coughs, colds and lung affections. They recommend the GLOBE FLOWER Cough Syrup, and their testimonials are to be seen round the ten cent sample bottles of the Globe Flower Syrup, for sale by all druggists in Charlotte. A sample bottle relieves the worst cough and will cure sore throat. Regular size bottles, fifty doses, \$1.
