TELEGRAPHIC NEWS.

WASHINGTON.

Nominations—No Action Yet on the Louisiana Case—An Unknown Man Appointed Minister to England.

Hayes and Party off for Richmond—Honors on the Way—Patterson's Case Again Postponed.

WASHINGTON, October 30.—Wm M Burwell has been appointed Register of the Land Office at New Orleans.

The committee on Privileges and Elections met and discussed the course to be pursued in the Louisiana Senatorial contest, without reaching a conclusion. They adjourned until Thursday.

SENATE—A number of bills were introduced and referred to the appropriate committees, nearly all of them being of a private nature.

Mr Edmunds, on motion, submitted a resolution authorizing the president to appoint a select committee, authorized by the resolution of the 22nd inst, on the subject of ascertaining and declaring the result of the recent election for President and Vice President of the United States.

The Senate, at 12:15, on motion of Mr Edmunds, went into executive session.

Nominations—John Welsh, of Pennsylvania, Minister to England; Geo L Norton, of Louisiana, Supervising Inspector of Steamboats for the sixth district.

The President's party, consisting of the President, Mrs Hayes, Webb C Hayes, Burchard Hayes, Miss Platte, Secretary Everts and two daughters, Secretary and Mrs Sherman, Attorney General Devens, and others, left on a special train, at 10 o'clock this morning, for Richmond, Va.

NIGHT DISPATCHES.

The President has recognized A Scheiber as consul of the Netherlands at New Orleans.

Confirmations—Stoughton, to Russia; Noyes, to France; Lowell, to Spain; Kesson, to Austria; Osborn, to Chili; Conley, to the Hawaiian Islands; Fish, to the Swiss Confederation; also, three secretaries of legations: Hall, Naval Officer of Boston; Boynton, Pension Agent at Knoxville, and twenty others, of no Southern or general importance. No rejections reported.

The nomination of Welsh to the court of St James is a genuine surprise. His rejection by the Senate is considered quite probable.

The House Appropriations committee met to-day and adopted the basis of the army bill, which they will report within a few days. The members appear to have pledged themselves to secrecy.

The committee on Ways and Means organized with Wm Hemphill Jones, formerly Deputy Comptroller of the Currency, as clerk.

The committee on Foreign Relations holds Hilliard's nomination, as Minister to Brazil, for consideration to-day.

The committee on Privileges and Elections, without progress, adjourned to Thursday.

The case of Senator Patterson, who was claimed on a requisition of the Governor of South Carolina, and who sued out a writ of habeas corpus, has been further postponed by agreement of counsel, at the request of the Attorney General of South Carolina, who is unable to be here to-morrow, on account of official business. The case will not again be heard until some time after the 10th of November, the exact time to be agreed on hereafter, with the express understanding and agreement that no other requisition will be made or any new charge preferred during the pendency of the present proceedings before Judge Humphreys.

Nomination—Welsh was decided upon as Minister to England at a late hour last night, at a conference between Hayes, Everts and Schurz. The full cabinet was not consulted.

Nearly two and a half millions of legal tenders were destroyed to-day, being 80 per cent of the national bank notes issued at this moment. Outstanding legal tenders 3544 millions.

Blaine left for Maine to-day in a special car, which carries him home without change.

Senator Morgan, of Alabama, is one of the President's party to Richmond. There were ovations everywhere along the route, augmented by the firing of cannon at the more important places, and brass bands at the chief cities.

CATCHING THE THIEVES.

Arrest of L. Cass Carpenter in Morristown, New Jersey.

ELIZABETH CITY, N. J., Oct 30.—The chief of police of this city last night arrested, at Morristown, L Cass Carpenter alias Carpenter, editor and proprietor of the Columbia, S. C. Union, on an indictment for forgery in raising two notes from \$800 to \$1,500. Also for default of \$3,000 in his settlement with the United States government, which sum he drew on his salary and advertising accounts. He ran away from Columbia to Connecticut, then to New York, and afterwards resided two weeks in this city. Col Johnson, of the South Carolina Legislature, came with the requisition from Gov Hampton for Carpenter's arrest. He is now in jail, and will be taken away at once.

FRANCE.

The Cabinet Will Eventually Retire.

PARIS, October 30.—After the dinner at the American Legation, the reception which followed was attended by President MacMahon, who wore the grand cordon of the Legion of Honor. The Marshal remained an hour.

LONDON, October 30.—The Times' Paris correspondent telegraphs: "It seems now settled that the cabinet, abandoning the idea of resistance, will retire before the 7th of November, or will merely hold office long enough to offer a justification of its policy in the Senate. Whether it retires a little earlier or later is quite immaterial. The essential and now apparently settled thing is that it will retire."

THE WAR.

The Attack of Plevna—Changing the Plan.

An Entirely New Russian Movement.

LONDON, October 30.—The capture of Telische indicates that the Russians have a firm hold on the Plevna and Sofia roads, but are not yet certain that Plevna is entirely surrounded. The road to Widdin by way of Rahova, it is believed, is still in the possession of the Turks, and that Ghazi Osman Pasha will make a desperate effort to keep it.

The headquarters of the Prince of Roumania and General Todleben have been moved to Bagatin, in order, as alleged by a correspondent, that Poreidin may be prepared for the Czar who will take up his quarters there. It is more likely that the change in consequence of the changed plan and point of attack against Plevna.

The Roumanian division commander, who recently led an assault on the second Greivita redoubt, has been superseded and the transfer of the Roumanians to a point south of Plevna seems to indicate the abandonment of the attempt to capture the works on the east front, and the establishment of a better communication with the troops now operating on the Sofia road. If the Czar really intends to remove the imperial headquarters to Poreidin, it may be the precursor of another attempt to carry Ghazi Osman Pasha by assault, at which as at the attack of the 11th of September, the Czar would wish to be present, or it may indicate that the Russians are confident that their operations must result in the speedy capitulation of Plevna.

Details of the affairs at Gorny Dubnik and Telische make it certain that they are more than mere raids on the Turkish communications; in fact they are part of the new Russian movement involving an entire change of front, which is still further developed by the transfer of the Roumanians to Bogat.

Telische was surrounded on the 28th inst., by one cavalry and two infantry brigades of the Imperial Guard, and one brigade of the Cossacks. It was bombarded two hours, from seventy-two guns, when the small Turkish garrison surrendered. There was no assault, and the killed and wounded on both sides were insignificant.

ENGLAND.

Exercise of Royal Clemency.

LONDON, October 30.—The Home Secretary has advised and the Queen will grant a pardon to Alice Rhodes and commute the death sentences in the case of the other Peuge prisoners, Louis Staunton, Patrick and Elizabeth Staunton to imprisonment for life.

The Congressional Contest in St Louis.

ST LOUIS, October 30.—The case of Metcalf against Frost to compel the issuance of a certificate of election as Congressman from the third district of this city to Metcalf, was decided by the Supreme Court in favor of Metcalf. The contest in Congress now devolves on Frost.

Morton's Condition.

INDIANAPOLIS, October 30.—Senator Morton is hobbling with no hope of a return of the tide.

LATER.—The doctor says that while no radical improvement had taken place, the Senator was better than he had been at any time during the past three days.

Bank Failure.

CHICAGO, October 30.—The Savings Institution and Trust Company has collapsed; liabilities \$60,000; assets \$6,000.

It is stated that short walking dresses are now the mode of Paris, and as American women are the slaves of the fashions set in that fine city, it would be well that they be not too long in finding out the facts about the short dresses. Let us congratulate the "fair" that between the practice of dragging their dresses through the mud and this other extreme of carrying the long skirt in the hand, Paris has at last hit the time average by introducing dresses that will either sweep the pavements nor impede the wearers when walking.

Myriads of people sacrifice themselves through carelessness. They are attacked with cold, neglect and die, instead of taking Dr. Bull's Cough Syrup and living on usefully.

OBITUARY.

Miss Lottie Alexander, daughter of widow Abbie Alexander, died on the night of October 28th. She had only been sick a short time. The Lord giveth and the Lord taketh.

She was one of the loveliest daughters of Mecklenburg, beloved by every one that knew her.

She was kind and pleasant, a pattern of goodness, an angel on earth, and with angels gone to dwell; may she never be forgotten!

'Twas all alone 'mid forest trees, her mother and she lived, A sweeter girl, a kinder heart, Jehovah never gives.

But she of the earth so vile had grown, that Lottie could not stay, So angels from the glory world came down, took Lottie away.

A Very Good Reason.

The reason why only one sample bottle of Merrell's Headache for the Liver will be sold to the same person, for ten cents, by our druggists, in Charlotte, is because of the enormous expense of importing the Hepa-tose into this country, but as there are fifty doses in the large size bottle, it seems two cents a dose is cheap enough for a medicine that cures dyspepsia and liver complaint. All who have not had a sample bottle are entitled to one for ten cents at all druggists. Three doses relieves any case of dyspepsia, constipation, indigestion or liver complaint, instant world. Regular size bottles, fifty doses \$1.

The Duty of Woman.

To be attractive is a duty which every lady owes to herself, to her domestic circle, and to society. Not only should she endeavor to please in address and apparel, but, whenever possible, in complexion and in feature as well. Facial embellishment is to a lady as proper, and oftentimes as necessary, as are the adornments of her raiment, the artificial graces of her conversation, of her demeanor, or other meretricious attractions upon which depend so much of her dominion and influence over man. The woman who permits herself to become unlovely, who resigns herself hopelessly to the ravages of time, and the spoliation of her charms, visits upon her friends and admirers a sorrowful regret, that it becomes her to avert to the latest day. Of this social duty, it may truthfully be said that she can best acquire herself by the use of Gouard's Oily Cream. No other preparation approaches this in excellence, in harmlessness and purity, or compares with it in the number of spontaneous testimonials that its virtues have elicited. Its advertisement has hitherto been so meagre, its recommendation by all that have used it, and not by sounding and pretentious advertising in the journals of the day. Large bottles price, reduced to \$1. 96 Greenwich Street, N. Y. For sale by T. C. Smith, Charlotte.
