WASHINGTON.

The Committee under Edmunds' Resolution-Bills in the Senate and House.

Confirmations - Potter Declines soldier under Gen Forrest, officiating. a Chairmanship-Waddell's-Committee and Its Work.

Washington, October 31.—It is stated that Potter will resign the chairmanship of the committee on the Texas Pacific Railroad. It appears that the majority of the committee are in favor of Congressional encouragement to the road, against which Mr Potter, as chairman of the New York Democratic Convention, is somewhat committed. Potter is not by any

means opposed to the road. SENATE-The Vice President appointed the following as the special commit-tee, authorized by the resolution of Mr Edmunds, to consider the subject of ascertaining and declaring the vote for President and Vice President of the United States: Edmunds, of Vermont, Conkling, of New York, Howe, of W18consin, McMillan, of Minnesota, Teller, of Colorado, Davis, of Illinois, Bayard, of Delaware, Thurman, of Ohio, and

Morgan, of Alabama. The Banking and Currency commit-tee agreed, by a vote of 7 to 4, to re-port a bill repealing the resumption

House.—The reading of Monday's journal was not ended till 2.40 this afternoon. Then the President's message was divided between the committees of Appropriation and Ways and Means. Then Ewing, of Ohio, from the Banking committee, reported a bill to repeal the third section of the resumption act, and Ford, of Illinois, on the part of the minority, reported a bill repealing that part of the resumption act which authorizes the selling of bonds for greenbacks. The bill was, on motion of Ewing, recommitted and a motion to reconsider that vote, made on the part of the opposition, and which was regarded as a test question, was defeated by twenty-two majority. The bill is now in the control of the Banking committee, and may be called up for action at any time.

SENATE. - Burnside introduced a bill removing the restrictions against the enlistment of colored men in the

Executive session, and adjourned. The Naval committee of the House have resolved to report a bill paying arrearages of salaries to sailors. The general deficiency was not discussed.
The committee on Appropriations
vouchsafe no information.

Confirmations-A large number of postmasters, including Thompson, at Memphis; Jones, at Nashville; Reg-ister of Land Office, Anderson, Mont-gomery; Gibbs, of Little Rock, receiver of public monies; Strobach, at Montgomery, and a number of army

and navy promotions.

Hon Clarkson N Potter has declined the chairmanship of the House com-mittee on the Texas Pacific Railroad, via and the Porte--Recent solely, as he states in a letter to Speak-er Randall, because of his large interest in a Pennsylvania railway, of which Col Thos A Scott is president. This, he thought, would be regarded as unfitting him for service on that committee. Otherwise he would willingly have accepted the position. His letter of declination was sent to the Speaker Monday evening, and will be submitted to the House, which can

alone excuse him. The committee on Postoffices and Post Roads was organized to-day, with Hon A M Waddell, of North Carolina, as chairman. The committee will report, as the first business, the resolution of Mr Resgan, which pays Southern mail contractors for transporting the mails in 1861, asking that the Secretary of the Treasury be required to pay said claims at once.

A Grave Crisis -- The Present Ministry Will Resign, but Will Attempt to Control the New Cabi-

net.

Paris, October 31.--The Republique Française in an editorial describes the present crisis as very grave, and says, "it must be terminated or we shall be drawn into the most terrible of catastrophes-civil war."

London, October 31.—The Paris correspondent of the Times telegraphs: "The ministry having recognized the necessity of retiring, upon finding that the Senate would not undertake the responsibility of their acts by according them a vote of confidence, has decided to nominate a new cabinet. For this cabinet, men of the same policy as the present ministry, but having neither standing nor talent, to over-neither standing neither s ed for such cabinet, while the real power remains in the hands of the present ministry. The correspondent thinks that even the ministers will eventually recognize the impractica-bility of this plan, which, even if it ob-tained the assent of the Senate, would be scouted by the Chamber.

London, October 31.-The St Petersburg Galos has a special from Kurkukdara, dated yesterday, containing the following: "Communication with Kars garrison has been broken off, and the combardment recommenced.

"The district of Kagysman has been placed under Russian administration. The corps of Generals Heymaun and Tergukassoff have effected a junction and are near Hassan Kaleh."

Constantinople, October 31.—M Christies, the Servian agent here, has communicated a dispatch to the Porte saying that Servia's attitude does not justify the Porte, and complains that Servia's military measures are designed solely to protect her frontier, and that Servia hopes for the maintenance of good relations with Turkey.

LONDON, October 31.—The Times special from Poredin contains the fol-lowing: "The Turkish loss at the capture by the Russians of the position near Guinji Dubnik, October 24, was at least 4,000 killed, besides the wounded and prisoners.
