### TELEGRAPHIC NEWS.

#### WASHINGTON.

#### PROCEEDINGS OF CONGRESS.

**Appropriation for the French Exposition—The Resumption Bill Again—The Dollar of Our Daddies—Honors to Morton.**  
General News and Gossip.

WASHINGTON, Nov. 5.—As the funeral of Senator Morton takes place to-day, all government departments, and the offices of the District government, are closed.  
House.—The States were called and a number of bills were introduced and referred, among them one removing the political disabilities of Jno. Greene, Sr. of Alabama.

NIGHT DISPATCHES.  
Col Blackburn, of Kentucky, declines the place on the Texas Pacific Railroad committee, *vice* Potter, who resigned.  
The House committee on Foreign Affairs considered the appropriation for the Paris Exposition.  
Some Washington specials represent Senator Blaine's condition as serious.  
Col French, Sergeant-at-Arms, had the Senate and its approaches tastefully decorated with emblems of mourning for Morton.

House.—There were one hundred and ninety bills introduced to-day under the call of States, among them one by Mr Whitthorne, of Tennessee, authorizing a treaty with Mexico for the protection of American capital and labor in connection with Mexican railroads; two for reclaiming the alluvial lands of the Mississippi river, and one for the final adjustment of land claims in Florida and other States.  
A bill to authorize the free coinage of the standard silver dollar and to restore its legal tender character, introduced by Bland, of Missouri, was passed under a suspension of the rules—163 to 34.  
The bill to repeal the resumption act was, under a suspension of the rules, by a vote of 143 to 48, taken out of the morning hour and made the special order from to-morrow till Tuesday the 13th inst, when the vote is to be taken.  
Secretary of State Everts desires \$225,000 for the Paris Exposition, and that the bill should provide for transportation of exhibits from the interior to the seaboard. The House committee on Foreign Relations will continue its sessions until some bills are matured. Mr Hewitt, who is said to have governed Mr Tilden during the presidential campaign, is championing the appropriation for the Paris Exposition.  
Gen Schley, of Alabama, introduced a bill to appropriate the tax for educational purposes in the respective States.

#### MEXICO.

**The Latest News from the Capital—The Reported Fighting on the Rio Grande with Americans and its Effects.**  
HAVANA, Nov. 5.—The English mail has arrived from Vera Cruz, bringing intelligence from the city of Mexico, October 30th.  
Manuel M Seamaconi, special commissioner from Mexico, is en route to Washington. It is expected that he will remain there as minister. Foster gave an informal dinner to Seamaconi and Selazo, at which Senor Vallarta, Secretary of Foreign Affairs, and the ministers of Germany and Spain were present.  
Another regiment of infantry marched for the Rio Grande on the 30th ultimo.  
Much excitement prevails at numerous reports of fights on the Rio Grande between the Mexicans and Americans. It is rumored that a body of Mexicans crossed to Eagle Pass, pulled down the American flag and ran up the Mexican banner, and that Matamoros has pronounced against Diaz. The excitement increased upon the intelligence that Mexicans have been assassinated in Texas. None of these rumors have been confirmed.  
Gen Trevino pledges the State of Nueve Leon to sustain Diaz's policy of extradition and the repression of raids. The Mexican officials on the Rio Grande claim that they give up criminals in all cases required by the treaty, and where the honor and peace of the country demand, but they reserve the right to refuse to deliver their own citizens on the demand of a foreign power, as the treaty does not require it.  
The commerce and industries of the country are not affected by the excitement. Congress is cutting down the tariffs of the Mexico and Vera Cruz Railroad. The treasury receipts are increasing and expenditures are being diminished. Rings of speculators and brokers about the palace have been abolished.

#### FRANCE.

**The Departmental Elections—Defeat of the Duc de Broglie.**  
LONDON, Nov. 5.—A Paris dispatch to the Times says the returns of the departmental elections, as far as known, show that 28 Republicans and 9 Conservatives were elected to the Council General, and the Republicans have 8 new members. The Duc de Broglie's defeat by the Bonapartists will, doubtless, create a great sensation, and have considerable influence on the decisions of the government.  
A special dispatch from Paris to the Times says it is asserted that Coppel, Switzerland, Madame de Stael's retreat on Lake Geneva, is being prepared for the reception of her grandson, the Duc de Broglie.

#### THE WAR.

**Signs of Peace—The Probable Conditions Which Russia Will Demand—Roumanians Dissatisfied and Downhearted—The Attack on Plevna from the East.**  
LONDON, November 5.—The detention of rails for railways as contraband of war has been removed.  
Advices from Constantinople indicate a change of ministry in the interests of peace.  
The Roumanians were repulsed in the assault upon Plevna from the east. The loss is considerable, but the supposed attack was a demonstration to mask the Russian movement to establish themselves on the Sofia road.  
There is much discontent in Roumania concerning the war. There is hardly a family in Moldavia which has not a relative. The full strength of the Roumanian army was sent into the field at the beginning of the war. Some companies now have only one officer, and as there are no reserve officers to replace those who have been killed, the army is disorganized.  
After the engagement of the 19th, the Roumanians threatened to mutiny if any further attempts were made to lead them to certain death.  
A large body of Russian troops is massed at Tirnova, and reinforcements are pushing forward with the supposed design of crossing the Balkans this winter.  
A dispatch to the Times from St. Petersburg says: "The idea is rapidly gaining ground here that perhaps the war may be finished this year. Certainly a great effort will be made. It is generally believed in the event of success, Russia will demand a free passage of the straits and the autonomy of northern Bulgaria under some German Prince, with a guarantee of the great powers."  
A special dispatch from Constantinople to the Standard says: "It is reported from Orhanie on the authority of Russian prisoners that General Gourko was wounded during the recent fighting and has since died."  
[NOTE.—This is improbable.]  
A special dispatch from Vienna to the Times says: "The recent Russian successes have caused war agitation in Belgrade but so indifferent to Serbia's attitude are the Russians now, that the report is current that Prince Karagorgevitch, the Serbian pretender has been invited to visit the Russian headquarters and was well received there. Whether this is true or not it is certain that Serbia's trimming has spoiled her position with Russia, Turkey and the great powers alike, and she is likely to commit herself to some desperate measure in the effort to retrieve herself."  
Russian official bulletins report continued progress on the Plevna and Orhanie and Lovatz and Orhanie roads. Eleven and Turkiisver are occupied by infantry and cavalry, and a cavalry detachment has penetrated Polanitzta pass in pursuit of retreating Turks.  
The Turkish force, numbering between 3,000 and 4,000 men from south of the Balkans, attacked the Russian force at Mahren, south of Elena. After three hours fighting the Turks retreated, leaving a hundred dead and many wounded.

#### THE NEW MAYOR OF BALTIMORE.

BALTIMORE, Nov. 5.—Col Geo P Kane assumed the mayoralty of the city to-day. The colonel was the most handsome and popular of the State prisoners at Fort Warren, Boston harbor, during the war. He vacated his position as Marshal of Baltimore for a place in that institution. It is one of the most tender and dreamy recollections of this paragraphist's life that he had his hair trimmed there by Marshal Kane. (Barr's parenthesis).

#### THE RIGHT OF VETOING THE ELECTION OF THE POPE.

LONDON, Nov. 5.—The Times' Rome dispatch says the Vatican Council have been discussing the expediency of abolishing the right of vetoing the election of the Popes claimed by Austria, France and Spain. Opinions are divided. No resolution has yet been adopted.

#### THE BONE AND SINEW.

Our country has often—especially about election time—been made the subject of laudation; but when those useful parts of the human structure become too visible in consequence of leanness, they can scarcely be called graceful. The eye delights not to dwell upon angles and ridges in either man or woman. Moreover, extreme emaciation is a sign of imperfect digestion and consequent poverty of the blood. Both these evils are remedied by Heston's Stomach Bitters, which render digestion an assimilation certain, in consequence of which the blood acquires richness and the body substance. Thus the hollow cheeks filled up and the angles rounded off. Through the instrumentality of this peerless aid to digestion and promoter of physical well being the body rapidly gains in vigor, color returns to the hollow cheeks, the appetite improves, nervous symptoms vanish, and a healthful impetus is given to every vital function.

#### CONSUMPTION CURED.

An old physician, retired from active practice, having had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, Stomach and Lung affections, also a positive and radical cure for General Debility and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. The recipe will be sent free of charge, to all who desire it, with full directions for preparing and successfully using the same. Stamp naming this paper, Dr. J. C. Stone, 44 North Ninth Street, Philadelphia, Pa.

#### GOURAUD'S OLYMPIAN CREAM.

This standard preparation has from the time of its general introduction received the unqualified commendation of the beauty and the fashion of the land. Its intrinsic excellence and peculiar adaptation to the toilet has secured it an instant preference over every article with which it has competed, a pre-eminence due to no extravagant laudation of its merits. No lady has ever used it without becoming its lasting patron, or has failed to confirm every virtue the proprietors claim in its behalf. To the pale, faded, red, or pimply complexion, it renders a delicate and charming complexion, a counterpart of nature, and unlike other preparations, conveys no suggestion of artificial appliances. It has been subjected to a rigid official analysis and has been pronounced entirely innocuous even to the most delicate skin.

#### NEW AND THEN.

It is only now and then that such men as Hon Alex H Stephens, Ex-Gov Smith and Ex-Gov Brown, of Ga., endorse a medicine for the throat and lungs, and when they do it is pretty good evidence that the remedy must be good for the cure of coughs, colds and lung affections. They recommend the GLOBE FLOWER COTON SYRUP, and their testimonials are to be seen round the ten cent sample bottles of the Globe Flower Syrup, for sale by all druggists in Charlotte. A sample bottle relieves the worst cough and will cure sore throat. Regular size bottles, fifty cents. \$1.
