TELEGRAPHIC NEWS.

ELECTION NEWS.

New York.

New York, Nov. 7.—The Herald says: "The result of yesterday's election, given herewith, shows that the city and county, is that the Democrats elect Low as Register by a majority of about 2,500, over Hess, the combination candidate. They also elect State Senators from the fourth, fifth and, probably, eighth districts. Morrissy, the anti-Tammany candidate, was elected Senator from the seventh district by a majority of 3,800 over Schell, the regular Tammany candidate. Goebel, Republican, was elected to the Senate from the sixth district. The majority for Beach, for Secretary of State, is about 27,000 in the county. The State is Democratic by at least 15,000. The Legislature is probably Republican by a very close vote.

Gen McClellan, Democrat, is elected Governor of New Jersey by about 13,000 majority. So far as known the Democrats have also a sufficient majority in the Legislature to control legislation.

The indications from Pennsylvania tend to show that the Democrats have overcome the Republican figures of last year, and that their present State ticket is elected by 10,000 to 12,000. The new labor party polled a large vote and completely upset the calculations of the two regular parties.

Virginia elects the entire Democratic ticket, there being no opposition. In Connecticut, the Republicans retain control of the Legislature, adding several new members to their majority.

Massachusetts is Republican. Rice is re-elected Governor by a plurality of about 13,000. The Council is all Republican—a gain of one seat. Gaston, Democratic candidate for Governor, ran behind even in Boston, where he was considered strongest.

Partial returns from Wisconsin indicate the election of Smith, Republican, for Governor, by an increase of the Republican majority of last year.

Maryland and Mississippi are Democratic.

Minnesota and Kansas are Republican.

NIGHT DISPATCHES.

New York.

New York, November 7.—The Post figures the State returns according to present returns as follows: Republicans 17; Democrats 13; doubtful 2. The Express figures: 15 Democrats, 15 Republicans and 2 anti-Tammany and Republican combinationists, Morrissy and Goebel.

A special to the Commercial Advertiser from Albany says: Returns from the interior of the State come slowly. The Democratic State ticket ranges from 12,000 to 15,000. The Republicans claim 20 of the 32 Senators, and 68 of 128 members of the Assembly, which gives them a clear majority in both houses.

The Brooklyn Democrats have gained a mayor, Jas Howell, Jr., in place of the present incumbent, Fred Schroeder, Republican.

Wisconsin.

MILWAUKEE, Nov. 7.—The chairman of the Republican State Central committee telegraphs as follows: "I think the State may be safely counted on for 5,000 or 6,000 majority for the Republican ticket. The vote for the green-back ticket in the State is 30,000. Milwaukee county, complete, gives a majority of 5,000 for the Democratic candidate for Governor. Tilden's majority in the county was 2,045. Only eleven towns have been heard from since last night, and they reduce the Republican gain 50 votes. Returns from 216 precincts show a Republican gain of 1,050.

New Jersey.

NEWARK, Nov. 7.—The latest returns give McClellan 12,500 majority. The Legislature is Democratic in both houses.

Burning of the Best Paper Mill in the World.

SPRINGFIELD, Mass., November 7.—The original cost of the Kieth paper mill burned at Turner's Falls last night, was over \$400,000. The fire began in the lower story from an unknown cause. The loss will be \$300,000; insurance \$285,000. This mill was noteworthy for its superior construction and its perfect adaptation to its work. It was unsurpassedly pronounced by experienced paper makers the best mill in the world. The main building was 270 feet deep by 45 feet wide and five stories high, with two "L's" projecting toward the railroad, one 50 by 100 feet, and the other 45 by 75 feet. It had a capacity of five tons daily and employed 300 hands. The machinery was all of the most approved pattern.

The Navigation of the Tennessee River.

CHATTANOOGA, November 7.—A meeting of citizens inaugurated measures to establish a weekly line of steamers between Chattanooga and Decatur. Merchants here will give bonds of fifty dollars for each trip, and will request the government to help the project by giving the line the mail contract. This will bring considerable cotton to this place. A convention is called here from all river towns to meet December 5th, for the purpose of impressing upon Congress the importance of opening the Tennessee river navigation.

The Pope's Condition.

ROME, November 6.—The statement that Cardinal Manning had been summoned to Rome by the Pope is unfounded. The Pope continues very weak, but makes efforts to give audiences.

A Catholic Hierarchy in Scotland.

LONDON, November 7.—A Reuter telegram from Rome says: "It is believed that Christmas is the time fixed for the Pope to issue an apostolic letter re-establishing the Catholic hierarchy of Scotland."

WASHINGTON.

PROCEEDINGS OF CONGRESS.

General News and Gossip.

WASHINGTON, Nov. 7.—Henry S Sanford, of Florida, has been selected as minister to Belgium. This is understood to be upon the recommendation of Senator Conover, who feels that Florida has been long neglected.

Major George Bell, commissary of subsistence, has been ordered to resume his duties at Atlanta, Ga.

In correction of a general misapprehension, it is stated that the elections yesterday in New York, Connecticut and Wisconsin do not affect the United States Senatorships, except so far as the holding over Senators may control it. A majority of both houses, however, is important in this respect, as a redistricting of the States may have an important bearing on the lower house, which is to be elected next year.

The committee on Privileges and Elections met, but Hill and Hoar being absent, it adjourned, subject to the call of the chairman.

Senator Merrimon, of North Carolina, made an elaborate argument in favor of Spofford to-day.

House.—Dr. Poissal has resigned the chaplaincy of the House.

The committee on Appropriations desired a delay on the army bill, and the repeal of the resumption act is under consideration.

NIGHT DISPATCHES.

The Star says a dispatch from Col Robert M Ingersoll's home says he has been offered the mission to Germany, and is now on his way to Washington to see about it.

The Star also says, in its sensational column: "Senators Bayard, Maxey, Garland, Gordon, Randolph and Kernan were in the Senate chamber this morning comparing notes on the result of yesterday's elections. All the gentlemen were in good spirits, and expressed their entire satisfaction with the manner in which the elections had resulted."

It is thought when Senators Hill and Hoar return, the committee on Privileges and Elections will act on the Louisiana Senatorial representation.

House.—Nothing of public interest took place in the House to-day, except the discussion on the bill to repeal the resumption act.

The naval deficiency bill was reported by Blount, of Georgia, and is to be taken up as soon as the army bill is disposed of.

FRANCE.

MacMahon and His Relation to the Ministries.

LONDON, November 7.—The Paris correspondent of the Times asserts positively that President MacMahon does not approve of a coup d'etat. He is equally determined not to take a cabinet from the Left. If he adheres to this resolution his only course is to resign. The correspondent thinks, however, that the President will consent to take a ministry from the Left.

PARIS, November 7.—The official journal announces that the De Broglie ministry, at President MacMahon's request, has withdrawn their resignations. They, however, insist it shall be fully understood that while continuing to discharge their functions, this shall in no wise prejudice the President's subsequent decisions.

There was a great crowd at the railway station this afternoon, to witness the departure of the parliamentary trains for Versailles. President MacMahon started at 1 o'clock.

VERSAILLES, November 7.—The Senate re-assembled this afternoon and the nomination of the members of the bureaux began; M. Grevy was elected provisionally, President of the Chamber of Deputies; vote 290 against 170.

Remand, moderate Republican, and Lepere, Radical Republican, were elected Vice Presidents. Grevy, in taking the chair, thanked the Chamber in a brief and colorless speech for the honor. The sitting then terminated.

PARIS, November 6.—The banquet given in honor of General Grant by the American residents of Paris to-night was a remarkably brilliant affair. The guests, to the number of 350, filled seven tables.

THE WAR

A Russian Victory—Arrest of Dignitaries.

LONDON, November 7.—A special to the Post, dated Constantinople, Tuesday, announces that after some resistance Moukhar Pasha, finding his position on the Devel-Beyun nearly compromised, abandoned it, and is falling back on Erzingan and Trebizand. The Russians have occupied Erzerum.

VIENNA, November 6.—The Political Correspondence publishes a special dispatch from Constantinople saying: Many prominent dignitaries have been arrested by order of the Grand Vizier. It is said that a conspiracy on the part of a party of ex-Sultan Murad has been discovered.

Cardozo Convicted.

COLUMBIA, S. C., November 7.—A verdict of guilty was rendered this morning in the Cardozo case. An appeal will doubtless be taken.

The late Senator Morton is said to have read newspapers rather than books. He often felt the want of a more general acquaintance with literature, but never pretended to knowledge he didn't possess, nor was he unwilling to ask for information. His favorite poem was "Paradise Lost." He was a firm believer in revelation, but once said to a friend who was with him in Europe that he was afraid to subject the sacredness of his belief to the attacks of an acute and well-informed skeptic. On his death bed he said, as well as he could for his failing breath, that he had tried to live right, which was the only accepted preparation for death, or words to that effect.

A NEW CONSTITUTIONAL AMENDMENT.

A joint resolution introduced on Monday by Representative Buckner, of Missouri, proposes the adoption of a new constitutional amendment, as follows:

"Article 17. All of that part of the fifteenth amendment to the Constitution of the United States which provides that the right of the citizens of the United States to vote shall not be denied or abridged by the United States or any State, on account of race, color, or previous condition, shall only apply or extend to, comprehend, or include persons who were citizens of the United States on the 30th day of March, 1870 (when said amendment was adopted), and their issue."

The purpose of the above is understood to be to prevent Chinese or their descendants in this country from becoming voters.

The heathen are organizing foreign missions for the conversion of Christians. The Hindoos of the sacred city of Benares have founded a society for the propagation of Brahminism among the Christians of Australia. An eminent Brahmin of the name of Suraschi, a man of great authority, has recently been visiting some of the English colonies, and while traveling in Australia, was appalled and grieved at the fearful prevalence of drunkenness among the Christians. On returning to India he called together a number of thoughtful Brahmins, to whom he communicated his glowing zeal to do something for the salvation of their degraded fellow men and fellow subjects in Australia. The only perfect remedy, he considered, would be the conversion of these Christians to a better and purer faith. A large sum was collected for the pious and benevolent enterprise, and some of the Brahmins declared their willingness to devote themselves to the work, and to spend and be spent in the humane and holy cause. Suraschi is now engaged in translating fitting passages from the vedas into the English tongue, for the use of the missionaries.

FUNERAL NOTICE.

The funeral of Miss ANN STERLING will take place this morning, at 10 o'clock from the First Presbyterian Church. Friends and acquaintances are invited to attend.

If you are coughing or not, but feel the presence of a cold in the system, use Dr. Bull's Cough Syrup and feel immediate relief. Price, 25 cents a bottle.

The piquant and charming actress, Miss Marian Mordant, of the Broadway Theatre, New York, was taken suddenly with a severe hoarseness—was unable to perform. A friend recommended Giles' Liniment. Iodide of Ammonia; the cure was rapid and complete. Sold by T. C. Smith.

Now and Then.

It is only now and then that such men as Hon. Alex. H. Stephens, Ex-Gov Smith and Ex-Gov Brown, of Ga., endorse a medicine for the throat and lungs, and when they do it is pretty good evidence that the remedy must be good for the cure of coughs, colds and lung affections. They recommend the Globe Flower Syrup, and their testimonials are to be seen round the ten cent sample bottles of the Globe Flower Syrup, for sale by all druggists in Charlotte. A sample bottle relieves the worst cough and will cure sore throat. Regular size bottles, fifty doses, \$1.
