NOTES AND NEWS.

Russia never had enough doctors, and now, owing to the large number called off to the war, the want of them is very seriously felt.

An Albany lawyer who wanted a postponement, appealed to the judge to "let the broad mercy." It was swung.

The Cincinnati Enquirer is already figuring upon the result in 1880, and at the lowest possible calculation puts the Demccratic msjority in the electoral college at 93.

Bucks county, Pa, has a smoker who claims to have averaged seven cigars per day during the last fifty-seven years, which cents each, \$7,250.

A young man man in Dallas, Texas, found that his widowed mother of sixty was about to run off with an old widower, whereupon he locked her up and notified the old man to keep out of pistol shot.

Charles Sumner was not a woman's man. Story says of him : "Of all the men I ever to the charms of women. Men he liked best, and with them he preferred to talk."

Courier-Journal: How sharper than a serpent's tooth it is to know that the Marquis of Lorne, son-in-law to the British Empress, is simply Sir John Douglass Sutherland Campbell, Knight of the Thistle and only a Marquis by courtesy.

The Baltimore American asserts that there is a crusade sgainst dancing in Baltimore society, and nearly all the young ladies who belong to church are excluding that amuse-

E Zion Conand Southern men cannot be taunted and villified on the floor of the Senate with impunity. The lashing given to Hoar by Senator Ransom, on Monday, was a warning that will be heeded. For his burning words in her defence, the South thanks Ransom of North Caroina! No Senator is, more respected by his colleagues than he. No Senator is less captious. It was right that he

should come to the front, and brand Hoar as the slanderer that he is. Again, thanks !"

THE INTERNAL REVENUE.

The Sf. Louis Republican has an admirable condensation of the internal revenue reports. It shows that the law went into effect in 1863, and yielded for that year \$37,640,000. In 1864, it yielded \$108,614,000; in 1865, \$208,-560,000; in 1866, \$809,226,000. This was the largest product, and from this it declined to \$102,409,000 in 1874. Next year it increased to \$110,000,000;

SALISBURY, N C, Nov 28, 1877.

Ti e fourteenth session of the North Carolina Conference of the African Methodist Episcopal Zion Connection met in Zion Chapel, Salisbury, on the above named date. Bishop J W Hood opened the Conference by reading the forty-ninth chapter of Isaiah and the second chapter of

Ephesians. J A Tyler concluded the devotional exercises. The roll was called and many of the members answered to their names. A code of rules which governed the last Conference was read for the government of the present session, or until a committee could report on rules. Rev C R Harris was elected recording secretary, A B Smyer to take the minutes of the Conference, and J A Tyler reporter to the Salisbury Watch man and Charlotte OBSERVER.

C R Harris chose Wm H Ferguson. ministerial delegate of the East Tennessee Conference, as his assistant as recording secretary.
