The latter Senator was on the floor. calling for the report which the committee on Commerce had directed Mr Spencer, of Alabama, to make on the nomination of Smith as collector of Mobile, and which that worthy has been endeavoring to suppress, in order to prevent the case from coming to a vote. Conkling came to the rescue of his henchman by calling out in loud and peremptory tones: "Go on with the calendar." General Gordon rebuked this interruption, by remarking that "he was glad that the Senate was conducting the public business, and that the Senator from New York had no right to give orders to the Vice-President." Conkling, affecting not to hear this remark, rose and asked the Senator from Georgia what he said, where-upon General Gordon repeated his remark. Mr Conkling replied that "if the Senator from Georgia stated that he was giving orders to the Vice-President, he stated what was not true." General Gordon at once re-stated what he had said, whereupon Mr Conkling repeated, again speaking hypothetically, that "if the Senator stated that he had given orders to the Vice President, he stated what was not true." "Very well," said Gordon, "we will

CURES DISEASES OF THE THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the afflict-ed are above directed for relief, the discoverer believes he has combined in harmony more of Nature's sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact s found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of Bronchitis, Severe Coughs, and the early stages of Consumption, it has astonished the medical faculty, and eminent physiciaus pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and puristies the blood. By its great and thorough blood-purifying properties, it cures all Hummors, from the worst Scrofula to a common Blotch, Pimple, or Eruption. Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. Ervsipelas. Saltliseases which it has been found to conquer.
