OUR CHRISTMAS DAY.

The natal day of the Saviour, the

supreme event in the history of the world, it is not strange that Christain people should regard it as the greatest of the festivals. Since the 4th centuy, when the theologians of the East and the West met under the order of Pope Julius I, issued at the instigation of St Cyril, of Jerusalem, and agreed upon the 25th of December as the day of Christ's nativity, the followers of the Redeemer in every land have never failed to honor with ceremonies of the character of some of these does not li'e. coincide with the ideas of enlightened Christians of the present day on this subject, they are all significant and interesting. As civilization advanced, and the spirit of the teachings of the Great Being, the anniversary of whose advent into the world was thus acknowledged, the fantastic spectacles of dramatic mysteries and moralities, the chanting of "Christmasse Carrolles," the wild music of the Calabrian minstrels who descended from the mounthe shrine of the Virgin Mother, the

"England was merry England when Old Christmas brought his sports again. Twas Christmas broached the mightiest ale; 'Iwas Christmas told the merriest tale; A Christmas gambol oft would cheer A poor man's breast through half the year.'

The influence of the spirit of Puritanism in reference to pastimes and all exuberant manifestations of pleasure at first gave to the celebration of Christmas in the United States a sombre character, and to this day, as

is known to almost every one, it is less generally celebrated in the New him and he was arrested, tried and England States than elsewhere through- convicted without difficulty. Last Fri-

joyous and festive occasion with South- execution took place. The negro made ers in all parts of the United States and ern people, and at the mere mention a speech in which he said, of course, British America, and indeed in every civilthe oldest lady present is seated first. When of the fact a thousand recollections of that he was not guilty and that he ized portion of the Western Hemisphere.
