THE GREAT WAR.

The Danube Frozen Over—Great Financial Stagnation in England—England Advances Turkey to Negotiate Peace—Turkey Acts on the Suggestion, and Prepares the Conditions, Which are Approved by the Sultan.

BUCHAREST, Jan 9.—The Danube is thoroughly frozen over. The Russians in Bulgaria have only three weeks' supplies. Great difficulty about forage is apprehended, unless communication is soon restored.

BELGRADE, Jan 9.—It is understood that the Serbians will occupy Sofia, transferring their headquarters there.

PERA, Jan 9.—A communication from London, advising Turkey to open negotiations with Russia through the military commanders, has been received here. There is a strong disposition evinced to accept the advice.

LONDON, Jan 9.—The stagnation in the money market, says the Times, in a financial article, exceeds anything experienced for a long time. The rise in consols is partly due to an investment by banks and others having the disposal of large sums of money which cannot be used in the way of loans.

A special from Constantinople says the Turkish commanders in the field have been ordered to conclude an armistice with the Russian commanders.

A special from Berlin says Russia, having consented to enter into negotiations for an armistice, even if preliminaries of peace are not settled before hand, a conclusion of the truce is probable.

[NOTE.—This is probably the real basis of the apparent accord between Russia and England. The latter effort of England have been directed to the directors to fix a limit to the powers of the commanders in arranging a truce and preventing them from discussing the main stipulations, which might contain preliminaries of peace. That there are limits to her claim to a separate settlement, even Russia has admitted all along, the only question being whether the Commission is to have these limits fixed at present and on demand of only one power.]

LONDON, Jan 9.—According to the Times' Berlin correspondent, who is in a good position to know, a compromise has been reached rather favorable to the British view. When the English cabinet asked Russia to state her conditions for peace or an armistice, and Russia declined, England began a new negotiation to secure the separation of an armistice from terms of peace.

LONDON, Jan 9.—The council of ministers have agreed upon the conditions of an armistice and submitted them for the Sultan's approval. In opening direct negotiations purely for a military armistice, the Porte is said to be acting upon Lord Derby's advice.

A later dispatch from Constantinople to Reuters' at 8:40 o'clock, this (Wednesday) morning, says: "The Sultan having approved the armistice, the conditions mentioned in a dispatch hence of the 8th inst., as having been submitted to him by the ministers, Reouf Pasha, Minister of War, has ordered the commanders in the field to conclude an armistice with the Russian commanders. Before agreeing on this course, Zever Pasha, the Turkish Foreign Minister telegraphed to Mukhtar Pasha, the Turkish ambassador in London, instructing him to request Lord Derby to arrange with Russia, the conditions of an armistice. Lord Derby replied that Russia would not entertain such a proposal, and counseled direct negotiations between the belligerents."

It is stated that negotiations continue between England and Russia on the question of the Mediterranean. The Chamber of Deputies having heard the explanations of the ministers, declared them satisfactory, and especially approved Zever Pasha's foreign policy. All the ministers were present during the debate.

THE KING OF ITALY DEAD.

He Receives the Sacraments and Dies in Peace—Prince Humbert is Crowned King.

LONDON, Jan 9.—The King of Italy died at 2:30 o'clock this afternoon. The news of his death soon spread through the city, and caused great emotion among the people. All the shops were closed. Prince Humbert was proclaimed King of Italy. He confirmed the present ministers in their posts.

In the afternoon King Victor Emanuel received the consolations of religion before his death. The sacraments were administered to him and he received the priest with great serenity. The King then summoned Prince Humbert, the heir apparent, and his wife, Princess Margherita, to his bedside, with whom he conversed a few moments. Afterwards the military rapture increased. The King then summoned all those who were in the habit of approaching him. He addressed to every one present a few words, and in a few moments after died.

FRENCH AFFAIRS.

LONDON, Jan 9.—The Paris correspondent of the Times telegraphs: "It is now understood that the reactionary Senators are aware of the hopelessness of opposing the re-election of Duke Daudiffret Pasquier, as president of the Senate, and will not attempt it."

WASHINGTON NEWS AND GOSSIP.

The Rio Grande Troubles—David Davis will Hold the Senate in His Hands To-Day—The Female Suffragists will Attack the Capitol at a Given Time—Reduction of the Tobacco and Whiskey Tax Probable—Eads Gets His Half Million.

WASHINGTON, January 9.—While the general tenor of the evidence of Col Shafter and Lieut Bullis develops no new facts, the President is strengthened that federal military force, both on the part of the United States and Mexico, must be maintained on the Rio Grande border. The apprehension of a serious complication between the two governments has disappeared.

When the Senate assembles tomorrow there will be 37 Republicans, 36 Democrats and David Davis. Two Republicans will be absent without pairs. Davis can make either side kick the beam.

The South is not represented at the women's suffrage convention. Mrs Hooker advocated the reconstruction policy. She favored introduction of the female element on the floor.

Mrs President Sarah Spencer, in closing yesterday's exercises, said the Republican Senators were alarmed, as there was a dying party at the capitol, but that they would gladly grab woman suffrage, or anything else, if they thought it would save them. She gave notice that the convention would make a grand raid on the capitol at ten minutes after 12 o'clock, on Thursday next, and if they found both branches of Congress had adjourned rather than meet them, they would take possession of the building.

NIGHT DISPATCHES.

WASHINGTON, Jan 9.—There is a strong movement in favor of the bill of Representative Robbins, of North Carolina, for the reduction of the tobacco tax from 24 to 12 cents, and spirituous liquors from ninety to forty cents.

The amendment offered by Representative Cabell allows a drawback of the tax on all tobacco which manufacturers may have on hand when the reduction goes into effect. Col George C Agnes, chairman, with C G Holland and Ilios J Talbot, constituting the committee of the tobacco manufacturers of Danville and the surrounding country in Virginia, are here to support the amendment. This committee will meet the representatives of the trade from Cincinnati, St Louis, New York, Baltimore, Chicago, Detroit, Louisville and other cities, in formal session on Saturday, and will have a hearing before the committee on Ways and Means early in the week. All are represented as favoring Robbins' bill, provided Cabell's amendment is adopted, as it is the most important feature of this measure as it affects the great industry. C H Conrad is the secretary of the Virginia committee.

Some of the bondsmen of Collector Ebnell, of the fourth district of North Carolina, are here with the avowed purpose of applying to the Secretary of the Treasury for release from their bond. [NOTE.—This is a mistake.—Ebnell is not from North Carolina. I J Young is collector of the fourth North Carolina district, notwithstanding repeated efforts to oust him.—ED]

WASHINGTON, Jan 9.—Captain Eads received his half million to-day on account of the jettes. In honor of the great engineer they propose calling them "Eads' Eddies."

THE NEW YORK BANKERS.

They Cry Out Against the Silver Bill and for Resumption.

NEW YORK, Jan 9.—The convention of bank presidents adopted the following:

Resolved, That a committee be appointed to consist of five bank officers from New York, and three each from Boston, Baltimore and Philadelphia, together with three merchants and representatives from the trust and insurance companies, and with such others as, from time to time, may be by them added, the duty of which committee shall be, first, to memorialize Congress against the passage of the pending silver bill, and to petition that any enactment authorizing the coinage of silver as money, except for change, shall regulate the value thereof by its bullion contents.

Resolved, To communicate with the several banks and banking institutions here represented, and through the several clearing house associations of the country to their respective members, inviting and requesting all financial institutions to join in such memorial and petition; and further, to urge upon them, and through them upon the merchants, traders and manufacturers, as speedily as may be, to place their affairs upon a gold basis, in whole or in part, and to advise from time to time the progress attained, together with such other suggestions for individual action as experience may dictate.

Resolved, 3d. That it shall be the duty of this committee, as it seems convenient, to prepare measures which shall be submitted to the financial institutions of the several cities represented.

Resolved 4th. That the committee is requested, whenever it has matter to submit to the constituent bodies for action, to invite simultaneous meetings in the different cities of all the institutions represented, all with a view of attaining resumption as early as events shall prove to be practicable.

The Business Portion of the Town Almost Entirely Consumed—Who are the Losers.

WILMINGTON, N. C. Jan 9.—A disastrous fire occurred at Laurinburg, Richmond county, this morning. The principal losers are Hector McLean, B J Ewenback, Z Fountain, M J McKay & Br, S Cameron, J C Murray, J S Crouch & Co, Cross, Redman & Co, E Benbow, J O Edwards and the postoffice. The total loss is between \$20,000 and \$30,000, with little insurance. The fire is thought to have been incendiary origin.

Be on time for prevention is better than cure. All coughs and colds and such affections of the throat and lungs as lead to consumption are cured by Dr Bull's Cough Syrup. Price 25 cents.

CONGRESSMAN WADDELL.

He Delivers a Splendid Lecture in New York, and is Well Received—Distinguished Persons on the Stage.

NEW YORK, Jan 9.—Hon Alfred M Waddell, of North Carolina, chairman of the Congressional committee on Post-offices, delivered a lecture last evening, at the Masonic Temple, before an immense audience, for the benefit of the Postoffice Mutual Aid Association. He was introduced by Postmaster James, and held the great audience in close attention to the end. Subject, "Two Americans, Morse and Saury." On the platform were Wm Orton, Peter Cooper, Joseph J Couch, E T Sandford, Benj Wallis, Wm M Fleish, Henry Y Pearson, Gen Arthur Gen Merritt, A B Cornell, E C Cowdry, Anson G McCook and Mayor Ely. Congressman Waddell returns to Washington to-morrow, having given nearly a week's time to postal matters in this city.

SPARKS FROM THE WIRES.

Gleanings from the Old and New Worlds—News in a Nutshell.

The annual meeting of the bar association, of New York, elected Wm M Everts president, and Sam'l J Tilden vice president.

The presidents of the trunk lines meet in New York, Thursday, to make a final effort to prevent the cutting of rates.

Chambers, the last of the Fenian prisoners, has been released.

The Second National Bank of St Louis, in liquidation, transferred its business to the Federal National Bank, of the same city, where depositors will be paid in full, but checks must be presented to the First National Bank for certification.

C J Fryer, the manager of the Fryer, Poppenheim & Adams Opera Co, of St Louis, has disappeared. He took no baggage. Anxiety.

New Hampshire Republicans—Prescott Nominated for Governor—Stromy Meeting.

CONCORD, N. H., Jan 9.—The Republican State convention nominated Benj F Prescott by acclamation for Governor. The proceedings were stormy, with some personalities, smelling of pistols and coffee. The course of the convention is indicated by its President, Wm Bell, who said: "Our election involves no question of national policy; it is simply a choice between Republican and Democratic rule."

The Kentucky Senatorial Contest.

FRANKFORT, Ky., Jan 9.—Second ballot—Williams, 50; Lindsay, 50; McCreary, 23; Boyd, Republican, 13. There were two absentees. Third ballot—Williams, 51; Lindsay, 51; McCreary, 21, and Boyd, 13.

A THREATENED BREAD RIOT.—New York, Jan 7.—The striking cigar makers seem to have departed from their hitherto peaceful attitude, and now appear to be on the point of entering upon open violence. If what was learned this morning be true, the occurrence of Saturday, in Second street, when Schwarz Korff's hands were attacked by a mob of strikers, is but the beginning of a series of similar disgraceful actions. A workman of a cigar factory this morning, said that at the recent meeting, the men were exhorted to buy revolvers, and if necessary, to paw their coats to do so. It was also decided to make an attack on all large non-union factories, beginning with the down town ones, and if the hands did not willingly leave, to club them away. A woman, at the same factory, said that she had been warned by the Bohemian striking women to remain away from the factory, as an attack was to be made.

Now and Then.

It is only now and then that such men as Hon Alex H Stephens, Ex-Gov Smith and Ex-Gov Brown, of Ga., endorse a medicine for the throat and lungs, and when they do it is pretty good evidence that the remedy must be good for the cure of coughs, colds and lung affections. They recommend the GLOBE FLOWER COUGH SYRUP, and their testimonials are to be seen round the ten cent sample bottles of the Globe Flower Syrup, for sale by all druggists in Charlotte. A sample bottle relieves the worst cough and will cure sore throat. Regular size bottles, fifty doses, \$1.
