Spring goods are coming in in great quantities. The merchants generally are buying full stocks.

Those who are to take part in the entertainment for the benefit of the Y M. C. A., are requested to meet at the opera house at 7.80 this evening.

Yesterday was in pleasing contrast with the last circus day as to the amount of drunkenness and disorderly conduct which prevailed on the streets.

Messrs. Elias & Cohen received lot of goods night before last, via the Piedmont Air Line, which were in transit between New York and Charlotte no more than sixty hours. Good time.

Creditable to the Circus.

Before the arrival here of Van Amburgh's circus, the city marshal received a request from the manager not to allow any swindling, catch-penny game to be licensed on the streets during the day, as he did not want his circus to be saddled with the blame which would attach to the robbery o the ignorant populace under the thin guise of "games of chance."

Rain and Hail Storm.

A heavy rain and hail storm occurred in the Hopewell neighborhood Monday night. There are no growing crops to be injured by the hail, and the only damage which attended its fall was the breaking of a number of window glass in the neighborhood. rain which accompanied ings. the hail was of greater severity than has been known in Hopewell for a long while.

Beaf and Dumb Beader.

The service of the Episcopal church night before last was of an exceedingly interesting character. According to announcement, Mr Turner, a deaf mute, an elderly gentleman of pre-pos sessing appearance was present and interpreted the service read by Rev Mr Bronson to a number of deaf mutes, who appeared greatly interested. A the close of each sentence the minister would stop and make a sign to Mr Turner that he was through, and then by a series of gestures, the latter would had been said. He threw so much ex-pression into the service that those present could have almost understood what he was communicating had they not heard it before. After the close of the service a collection was taken up for the benefit of deaf mutes.

In the report yesterday your correscondent made a mistake as to counsel on the part of the prosecution in the trial of H C Secrest J F Murrill, of Hickory, will assist Solicitor Gudger in the prosecution, and I J Wahn and BS Gaither will conduct the defense The State's witnesses were sworn yesterday morning to go before the grand jury. Twenty-four or twenty-five witnesses are here to appear in behalf of the State, viz: B F Arney, H; A Adams, JS Tomlinson, Isaac Harrison, B W Clark, S B Stephenson, Mrs R M Alexander, R B Hunter, Lewis Moore, Louisa Sigmon, John Jarrett, Bost, J M Brown, Rev J C Hartsell, E M Bullinger and wife, Mrs Alenso Cline, Abel Helms, G F Crowell, Rev E David, Mrs J Rhoney, Hosea Burns, J P Abram. The grand jury came into court at 3:30 o'clock p m, yesterday, and gave in a "true bill," charging Hoke O Secrest with the foul and utterly inhuman murder of his lawful wife and step child. By consent of counsel on both sides the case was not called up yesterday eyening, but will be taken up this morning. There is a great deal of conjecture and numberless questions asked about the prospect of immediate trial. Some think the case will be removed by the defendant to McDowell county; others are almost positive that the defense will try for a continuance, while some think it highly probable the trial will come off soon. Of course this is all mere conjecture as the counsel for the defendant are not inclined to be very communicative on the subject. The mail closes too early for a report of any of to day's proceed-

Yesterday be was found and re-arrested near the circus tent. While in charge of Constable Orr and Will Grier, he attempted to escape. Tearing himself from the grasp of the officer, he stepped back and drew a pistol. At the same instant S.H. Hilton. He was then taken in charge by the officers, and on a commitimus from Justice McNinch was locked in

Death of Mr. Caleb Phifer. Sunday afternoon, Mr. Caleb Phifer an old and one of the most highly es teemed citizens of Cabarrus county died at his home in Concord, and was buried yesterday forenoon in the presence of a large number of relatives and people who have esteemed him in life. The deceased has been associated with the town of Concord almost from its infancy and was well known throughout this section of the State. As one of the firm of Phifer & York, who for many years did a large and lucrative busis ness, he won the respect and esteem of every one and accumulated a considerable fortune. Like hundreds of others he lost eyerything by the war, and since that time has been in feeble health. Within the last year he gradually grew worse until the day of his death. He was a double first cousin of Mr. William Phifer and Mrs. J. Harvey Wilson and has a large number of near relatives living in this city. His son, Mr. Lock Phifer was absent from home at the time of his fathers death and did not arrive in time to see him buried. Several near rela tives of the deceased went from this city to attend his funeral.

DR. SAGE'S Catarrh Remedy

ROCEPORT, Mas s., April 2, 1877.

Mr. Editor:—Having read in your paper reports of the remarkable cures of catarrh, I am induced to tell "what I know about catarrh," and I fancy the "snuff" and "inhaling-tube" makers (mere dollar grabblers) would be glad if they could emblazon a similar cure in the papers. For 26 years I suffered with catarrh. The nasal passages became completely closed. "Snuff," "dust," "ashes," "inhaling tubes," and "sticks," wouldn't work, though at intervals I would sniff up the so-called catarrh snuff, until I became a valuable tester for such medicines. I gradually grew worse, and no one can know how much I suffered or what a miserable being I was. My head ached over my eyes so that I was confined to my bed for many successive days, suffering the most intense pain, which at one time lasted continuously for 168 hours. All sense of smell and taste gone, sight and hearing impaired, body shrunken and weakened, nervous system shattered, and constitution broken, and I was hawking and spitting seven-eighths of the time. I prayed for death to relieve me of my suffering. A favorable notice in your paper of Dr. Sage's Catarrh Remedy induced me to purchase a package, and use it with Dr. Pierce's Nasal Douche, which applies the remedy by hydrostatic pressure, the only way compatible with common sense. Well, Mr. Editor, it did not cure me in three-fourths of a second, nor in one month, but in less than eight minutes I was re-

me in three-fourths of a second, nor in one month, but in less than eight minutes I was relieved, and in three months entirely cured, and have remained so for over sixteen months.—While using the Catarrh Remedy, I used Dr. Pierce's Golden Medical Discovery to purify my blood and strengthen my stomach. I also kept my liver active and havelet accule by the second. my liver active and bowels regular by the use of his Pleasant Purgative Pellets. If my experience will induce other sufferers to seek the same means of relief, this letter will have answered its Yours truly, S. D. REMICK.
