Supreme Court.—Murray vs City of Charleston: Error to the Supreme Court. In this case the court holds that no municipality of a State can, by ordinance, under guise of taxation, relieve itself from performing to the letter all that it has expressly promised to its creditors. Hence, the city of Charleston, which had agreed to pay 6 per cent interest on certain United States bonds to the holders thereof, could not, by a subsequent ordinance, tax those bonds, and withhold the amount out of the interest as it falls due. Reversed. Mr Justice Strong delivered the opinion. Dissenting justices: Miller and Hunt, who take the view that the charter was created in 1781, before the constitution gave the 1781, before the constitution gave the power here exercised, in that the contract set up was made subject to it and is not, therefore, impaired by the action of the city.

Ex-Governor Moses Under Arrest in New York.

New York, April 8.—Ex-Governor Franklin J Moses, Jr, of South Caroli-na, was arrested on Broadway last

upon James Allen. Moses will be taken to Charleston in a few days.

LATER—Ex-Governor Moses is still confined at police headquarters. He has engaged counsel, who to-day presented to Judge Donahue a petition for a writ of habeas corpus, returnable tomorrow. The petition states that the prisoner was ariested on a requisition purporting to be from His Excellency, Wade Hampton, Governor of South Carolina, on the Governor of New York; that no warrant from the Governor of New York accompanies said requisition, and that the alleged forgery is that of a name upon an usurigery is that of a name upon an usurious and void promissory note. The Russe says it is authorized to deny that writ was granted. At the same time Moses' counsel telegraphed Governor Robinson, of New York, asking if Mother than the Russia threatened to oppose the discussion of the Bessarabian question by the congress. CORNING, N Y, April 8 .- The insane building connected with the Steuben county poor house was fired yesterday by a lunatic who, with fourteen others, was burned to death. The iron gratings to the windows prevented the escape of the victims. There were sixty or seventy inmates. The details are blood-curdling. One man was badly injured; over forty were rescued and several escaped. The scene presented by the charred remains and debris was sickening in the extreme.
