WASHINGTON.
PROCEEDINGS OF CONGRESS.
Distribution of the Mexican Award—The Anti-Bankruptcy Bill to be Forged to a Passage—Eulogies on Leonard—Sherman Subpenaed and Mandamus—The Sanitary Bill Passed.
General Notes and Gossip.

WASHINGTON, April 18.—Davis, of Illinois, from the committee on the Judiciary, reported, with amendments, the Senate bill to provide for the distribution of the awards made under the convention between the United States and the Republic of Mexico, concluded on the 14th of July, 1858. Placed on the calendar.
The Judiciary committee has decided to report the Senate bill for the repeal of the bankrupt act and force it to a passage.
A personal explanation from Conkling is expected, which is filling the Senate galleries.
NIGHT DISPATCHES.
Nominations: Wm H Hunt, of Louisiana, judge of the court of claims. There were other nominations en route from the White House to the Senate chamber, but were recalled.
Confirmations: Jewell, surveyor of customs, Evansville, Ind; McNeil, Indian inspector.
Rejection: W C Carson, postmaster, Thomasville, Ga.
House—The House disagreed to the report of the conference committee on the bill making an appropriation for temporary clerks and for other purposes, and a further conference was asked for.
Taking up the adjournment resolution the House refused, yeas 113, nays 125, to table a motion to reconsider the vote by which the House yesterday refused to refer the resolution. Pending further consideration Ellis, of Louisiana, called up the resolutions relative to the death of Hon J E Leonard, of Louisiana, and after eulogies delivered by Ellis, of Louisiana, Ward, of Pennsylvania, Galkins, of Indiana, Kenna, of West Virginia, Coyett, of New York, Rainey, of South Carolina, White, of Pennsylvania, and Dummell, of Minnesota, the House adjourned.
The Ways and Means committee voted, 5 to 4, that if the income tax is adopted it should not go into effect until July 1879.
The committee on Banking and Currency has issued subpoenas for Secretary Sherman and the members of the syndicate to learn the details of the recent transactions placing 4 per cent bonds.
Geo M Lamphore will succeed Smith as appointment clerk of the Treasury Department.
The action of the House Judiciary committee to-day indicates early concurrence in the Senate bill repealing the bankrupt law.
The Senate committee on Commerce hold a special meeting Monday to continue from day to day, for the consideration of the steamboat bill, which has passed the House.
The bill continuing the Hot Springs commissioners has passed.
The Senate went to the calendar and passed several unimportant bills, when Mr Gordon, of Georgia, moved to postpone the pending and all prior orders and take up the House bill to prevent the introduction of contagious or infectious diseases into the United States. Agreed to, and the bill was passed without discussion. It prohibits any vessel or vehicle, coming from any foreign country or port where any contagious or infectious disease may exist, from entering any port of the United States or passing the boundary line between the United States and any foreign country, contrary to the quarantine laws of any of the said United States, into or through the jurisdiction of which said vessel or vehicle may pass or to which it is destined. It further provides that the consular officers of the United States shall report to the supervising surgeon general of the marine hospital at once the appearance of infectious or contagious diseases of the places where they may be stationed. The departure of vessels for the United States shall be reported to the supervising general.
Secretary Sherman's mandamus is said to be to make him show cause for not paying Alex McLeod, of South Carolina, some forty-two thousand dollars.

Conkling's Interviewer Wouldn't Suppress What He Knew.
New York, April 18.—The author of the *World's* Conkling revelations claims to have the following after the submission to him of the document: "Your letter greatly surprises me. The conversations were all in confidence. I cannot consent to their violation." To this the author of the communication the next day replied that he did not consider the reporter's asking him any right to forbid the publication, and that he (the author) should not be bound by his dictation.

Second Day of the International Sunday School Convention.
ATLANTA, GA, April 18.—The second day's session of the international Sunday school convention was marked by an increased attendance of delegates and visitors, and by the most interesting proceedings. The morning was occupied with the discussion of the true basis of Sunday school work and assistant agencies. Addresses were made during the afternoon and evening on Sunday school work in large assemblages. Four hundred and fifty-seven delegates are present.

Just Same Mexican Man.
PROVIDENCE, R. I., April 18.—Early this morning Corporal Husean Sulip, Turkish arms inspector, quarreled with his mistress, stabbed her repeatedly with a dirk, and then jumped from the third story of the house, breaking his shoulder and hip. Both will probably recover.
A great many remedies are advertised but none before the public, but the latter decides whether the article is good or bad. The good reputation which Dr Bull's Baby Syrup enjoys is a standing guarantee of its merits. Price 50 cents.

EUROPEAN TROUBLES.
Conveyance of Troops and Munitions of War to the Mediterranean—About Equal Probabilities of Peace and War—Germany Still Mediating—Invitations to the Congress Said to be Issuing—New Turkish Cabinet.
LONDON, April 18.—The vessels waiting freight for India have been invited the make bids for the conveyance of troops to the Mediterranean.
The dispatch of the troops from India to Malta is the leading topic of political discussion. The supporters of the government regard it as only the natural accompaniment of other precautionary measures, and not an indication of belligerent inclination. The opponents of the government regard it as another step and development of warlike policy. They point to the fact that the news was announced the day after Parliament's adjournment for the Easter recess, thus preventing criticism or explanation of the measure for three weeks. The opinion is expressed that this is one of the determinations of the cabinet that Lord Derby referred to in his remarks in the House of Lords on the 8th instant as inducing his resignation of the foreign secretaryship.
The royal yacht Osborne has been ordered to the Mediterranean immediately to bring home the Duke and Duchess of Edinburgh.
Orders have been received at Portsmouth for ships of the first reserve to be surveyed and prepared with all despatch for a six months' cruise with the channel squadron. Chief officers have been appointed to the Cyclops, Gorgon, Hecla and Hydra, all iron armed plated turret-ships of 3,430 tons burthen, and carrying four guns each, and the Prince Albert, 4 guns, iron armor plated turret-ship 3,905 tons. It is reported that they will shortly be commissioned for coast duty, relieving the sea-going ships now acting as coast guards. A chartered steamer left Plymouth yesterday with 2,500 tons of ammunition and stores, thirty-one steam launches and torpedo boats for the Mediterranean fleet.
Accounts from Berlin and Vienna are still hopeful that the congress will meet shortly.
The Bismarck left Berlin last evening for his Laneberg estates, but it is not thought that this will interfere with the diplomatic negotiations.
The persistence with which England and Russia are maintaining their positions concerning the congress is held to mean that the difference is a radical one and that each power sees in the other's proposal an attempt to prejudice before-hand the character of the congress. Hence, probably, the willingness of the St Petersburg cabinet to revert to Prince Bismarck's original idea of the congress discussing the treaties of 1856 and 1871 rather than the treaty of San Stefano. If this suggestion is acceptable to England, the difficulty of assembling the congress without wounding Russia's dignity, is removed, and the character of the congress. Hence, probably, the willingness of the St Petersburg cabinet to revert to Prince Bismarck's original idea of the congress discussing the treaties of 1856 and 1871 rather than the treaty of San Stefano. If this suggestion is acceptable to England, the difficulty of assembling the congress without wounding Russia's dignity, is removed, and the character of the congress.

The Turkish ministerial council yesterday deliberated on a reply to the demand of General Neledoff, the Russian chargé d'affaires, for the evacuation of Shumla, Varna and Batoum.
Count Schley, the Austro-Hungarian ambassador to Turkey, has left his post for Pesh and Vienna on a month's leave of absence.
ST PETERSBURG, April 18.—It is announced that General Todleben will leave to-day for San Stefano, charged with a special mission from the Czar.
The *Journal de St Petersburg* says Germany continues her mediatory efforts with discretion, zeal and disinterestedness, encouraging the strongest hope.

LONDON, April 18.—This afternoon's *Echo* says: "We are able to state on authority that invitations to the congress will issued to-night. The treaties of 1856 and 1871 will be laid upon the table and compared with the treaty of San Stefano."
The *Gazette* promulgates in a supplement this evening a proclamation by the Queen which prohibits the export or carrying coastwise of torpedoes, or torpedo boats, fitted with apparatus for torpedoes, and all apparatus for projecting inflammable materials or firing torpedoes.
The press association reports that the British government has chartered fifteen steamers to convey troops from India. The charters are made out with the option of port—Said, Alexandria or Malta. In city circles it is rumored that the government entertains the idea of landing troops at the two former places and occupying Egypt until the conference meets or some satisfactory solution is arrived at.
The Reuters Telegram Company received to-night the following dispatch: Constantinople, April 18.—Ahmed Vefik Effendi again tendered his resignation as president of the council and minister of interior on Wednesday and the Sultan refused to accept it, but on Wednesday night the Sultan dismissed Vefik and appointed Sadik Pasha as his successor, and Mollah Bey as Shiek Ul Islam. The following appointments have also been made: Minister of foreign affairs, Sayet Pasha; minister of war, Zeff Pasha; minister of marine, Rahim Pasha; minister of finance, Kharim Pasha. The Sultan issued a patent edicting Sadik Pasha to observe the constitution and carry out reforms.

MADRID, April 18.—Disturbances have occurred at some small towns in Catalonia. The government has taken measures to prevent their renewal.

SPARKS FROM THE WIRES.
Jackson & Whittier, Boston leather dealers, have failed for \$100,000.
The threatened repeal of the bankrupt law has stimulated business in Cincinnati. An unusual number of petitions have been presented to the United States courts.
Daniel Goodwin, of Chicago, has failed.
A New York dispatch says that six horses ran away with Barnum's big show wagon, yesterday, and killed the driver.
The New York Stock Exchange will respect "Good Friday."
Boston Bank Enjoined—A "Recusant" Father Shot.
BOSTON, April 18.—The East Boston Savings Bank has been enjoined from paying more than 10 per cent to its depositors. The present deposits are two millions.
John Lyons, a wholesale liquor dealer, was fatally shot to-day by an objectionable lover of his daughter.
Nine Thousand Cotton Operatives on a Strike.
LONDON, April 18.—Nine thousand operatives are idle to-day at Brunley. The spinners were willing to accept a reduction but the weavers refusing, all struck. Labor at other points is unsettled.
Moses Surrendered to Hampton.
NEW YORK, April 18.—Ex-Governor Moses, of South Carolina, has been surrendered to Gov Hampton's requisition, and is en route.
The occasional "hotel grumbler" is not a rarity, but there are few hotels that give the almost universal satisfaction both in rates and accommodation that characterize the Grand Central Hotel, New York. It is conceded the best kept and most popular among all its rivals.

SAVE TO LEARN HOW TO GROW YOUR HAIR
IT READ AND REED WHAT FOLLOWS.
SAVE YOUR HAIR.—The loss of Hair and Longevity demand it, the custom of so-called hair require it. The matter is of great importance in every way.
BEAUTIFY YOUR HAIR.—It is the most passing crown of glory, and for the loss of it there is no compensation.
CULTIVATE YOUR HAIR.—By the use of other means can it be saved and beautified.

LYON'S KATHAIRON.
Discovered thirty-five years ago by Prof. Lyon of Paris, is the most perfect preparation in the world for preserving and beautifying the hair.
Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.
It actually performs these seeming miracles, of which the following is
A FAIR SPECIMEN.
I had been entirely bald for several years, on a constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a crop of young hair.
COL. JOHN L. DORRANCE, U. S. A.
In every important respect the Kathairon is absolutely incomparable. It is unequalled
1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.
BEAR IN MIND.—The Kathairon is a sticky paste of sulphur and sugar-of-lead, to paint and dress the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.
