New Silver Bollars to be Paid Out in the Current

[Wash Cor N Y Herald, 27th.] The amount of United States notes retired during the present month in consequence of the issue of national bank notes will be about \$1,200,000. The Secretary of the Treasury has ordered that this amount shall be replaced by silver dollars, to be paid out in the current course of business. This sum will be distributed among the various sub-treasuries and public depositories throughout the country, so that to this extent the silver dollar will be paid out for currency obligations. This payment of silver dollars will not interefere with procuring silver dollars in exchange at par for gold coin at any time.
