The Remnant of the Lowery Gang—The Pending Trial of the Murderers of Bryce.

Editor Charlotte Observer—

Now that one more of the robbers, who murdered the peddler, Bryce, for his money and goods, near this place some months ago, has been caught, I will endeavor to give your readers the latest facts: The most important criminal of the robber band is John Rawls, *alias* Locklear, the leader of the band, caught last week. The three now in custody—John and his brother, Neil Locklear, and their brother-in-law, Pompey Easterling, a negro—each clears himself, and says the other two murdered the peddler. Their case will be put before the grand jury next week at Bennettsville court for Marlboro county. Our citizens have been particularly active and faithful in their efforts to secure proof for the conviction of these desperadoes. These prisoners also implicate one Atlas Oxendine, now confined in jail at Lumberton, N C. One of the prisoners says that Atlas was present and helped in the brutal murder. The evidence shows that the murder was to have been committed on the Saturday previous to the day on which it was done, but their plans were frustrated in some manner yet unknown.

Some new and important disclosures are promised when the case comes up, and it is hoped that the friends of Mr Bryce will, some of them, attend the trial and see for themselves that everything possible is done to secure a just punishment of these vile murderers. I will give your readers the result of the trial next week. H.

Col Wm Johnston.

[Lancaster (S. C.) Ledger]

Col Wm Johnston, of Charlotte, is spoken of in the newspapers as a candidate for Congress from the sixth congressional district in North Carolina. Our sister State would do herself credit in placing in the halls of Congress such a man as William Johnston. He is a man with practical ideas, extensive information, untiring energy and thorough execution. There are but few such men in North Carolina or the Southern States.

BISHOP M'COSKRY.

The Michigan Standing Committee Will Make No Compromise with Him, and He Finally Steps Down and Out.

[Cor of the Chicago Tribune.]

DETROIT, June 2.—The hopes entertained by the intimate friends of Bishop McCoskry, that his sudden departure for New York last week was only a ruse to defeat the importunities of interviewers, were rudely dissipated this afternoon by the receipt of a letter which announces that he has left Detroit forever; and, moreover, that the house of bishops will not be called upon to investigate the case to any alarming extent. The real truth of the matter only leaked out to-day, and it is a sorry story in every respect. Those who have, up to the present, been the boldest in their defense of the fallen prelate, now regretfully acknowledge that they can no longer entertain any belief in his innocence; and they feel this the more as they now learn that they have been made the victims of a pretentious sham.

General Johnstone Jones.

[Raleigh News, 9th.]

This accomplished gentleman, for more than two years controlling this paper, as its editor-in-chief, left the city yesterday to take up his residence at Morganton, where he will engage in the practice of the law.

The journalistic services of General Jones are known and appreciated wherever the CHARLOTTE OBSERVER, *Sentinel* of this city, and the *News*, with all of which he was at some time connected, were read. In the profession of journalism in this State he has stood deservedly high, and for courteous bearing and strict professional conduct toward his editorial brethren, he has not been excelled by any gentleman who ever stood at the head of a press in North Carolina.

In his new home, and returning to the profession of the law, the *News* tenders him its best wishes for the highest measure of success attainable, and in every effort of his life the most perfect prosperity, happiness, and enjoyment. To the people of Morganton, to whose society he and his accomplished family are the acquisition which Raleigh has lost, it bespeaks for him the reception to which his merits as a gentleman pre eminently entitle him.

Regretting the severance of a connection, which so long established had thoroughly and pleasantly identified him with the paper and its patrons, the *News* has now to say good-bye to its old and faithful editor.

Department of Agriculture.

[Raleigh News.]

Mr Joseph M Wilson, of Washington, D C, has sent to the department a collection of 42 articles manufactured from jute. These samples are from a large manufactory in Scotland, and cover everything except paper. Accompanying them is a letter from the donor, in which he pertinently remarks: "Jute can be easily raised in North Carolina, and its manufacture can soon become one of the industries of the State, if the people thereof say so. You know that where there is a will there is a way. The more I think of the jute manufacture the more I am impressed with its value to North Carolina. You can see how many wants can be supplied by its cultivation, for out of it are made, as you see, carpets, tarpaulins, bagging, sacking, warp and weft, twine, line, yarn, burlaps, etc. Your department would do well to take up the matter seriously, and encourage its growth, for the purpose of its being manufactured into articles of use. At your next fair let these samples be seen, alongside such samples of jute, in its original condition, as are exhibited from your State, and I am sure it will do good, by suggesting to some one in North Carolina the utilization of so important a fibre."

All Hail to Oregon.

THE DEMOCRATIC VICTORY A COMPLETE ONE IN ALL BRANCHES.

[Special Dispatch to the Washington Post.]

PORTLAND, Oregon, June 7.—Nearly full and complete returns have been received from all parts of the State, and these justify us in the statement that the Legislature will be Democratic by a majority of at least twelve over both Republicans and Independents. Some of the Independents will act with the Democrats and increase this majority. It is positively known that the Democratic vote on joint ballot will be as high as fifty-one votes. Whittaker's majority (Democratic candidate for Congress) will be between five and six hundred, and may run over the larger figure. This is not disputed by the Republicans. We also claim the election of Thayer, Democratic candidate for Governor. The rest of the State ticket is in doubt, with chances favorable to the Democrats.

W H WATKINS,
Chairman Dem. State Committe.

[Senator Grover received, last evening, a dispatch from the same source of a similar import.—ED. POST.]

Opposition to the Tobacco-Tax Reduction.

WASHINGTON, June 8.—The most important event of to-day is the fillibustering to defeat the new internal-revenue bill, and particularly the reduction of the tax on tobacco to sixteen cents, and the amenability of the revenue officers to the State courts. The Lorillards and heavy fine-cutters of the Northwest opposed the reduction of the tax; but its friends all seem to be steadfast, and the probability is that after the Senate has stricken out the feature subjecting officers to the State laws the bill will pass. Its friends are determined to have a vote on it at the expense of a prolonged session by dilatory action on the appropriation bills and other necessary legislation.

WOMAN.

By an immense practice, extending through a period of years, having within that time treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my high appreciation of its value, based upon my own personal observation. As a close observer, I have, while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as **the climax or crowning gem of my medical career.** On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under **A POSITIVE GUARANTEE.** If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, **I feel warranted and perfectly safe in risking both my reputation and my money on its merits.**

The following are among those diseases in which my **Favorite Prescription** has worked cures, as if by magic, and with a certainty never before attained by any medicine; Leucorrhœa, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Uterus, Anteversion and Retroversion, Bearing Down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, Female Weakness, and very many other chronic diseases incident to woman not mentioned here. In all affections of this nature, my Favorite Prescription works cures—**the marvel of the world.** This medicine I do not extol as a cure-all, but it admirably fulfills **a singleness of purpose,** being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, post-paid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.

Dr. Pierce's Pleasant Purgative Pellets

SIZE OF PELLETS.

Or Sugar-Coated, Concentrated, Roo and Herbal Juice, Anti-Bilious Granules. THE "LITTLE GIANT" CATHARTIC, or Multum in Parvo Physic.

The novelty of modern Medical, Chemical, and Pharmaceutical Science. No use of any longer taking the large, repulsive, and nauseous pills, composed of cheap, crude, and bulky ingredients, when we can, by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, **scarcely larger than a mustard seed,** that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each little **Purgative Pellet** represents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for sale in drug-shops. From their wonderful cathartic power, in comparison to their size, people who have not tried them are apt to suppose that they are harsh or drastic in effect; but such is not at all the case, the different active medicinal principles of which they are composed being so harmonized and modified, one by the others, as to produce **a most searching** and **thorough,** yet **gently** and **kindly operating, cathartic.**

$500 Reward is hereby offered by the proprietor of these Pellets, to any chemist who, upon analysis, will find in them any calomel or other forms of mercury, mineral poison, or injurious drug.

Being entirely vegetable, no particular care is required while using them. They operate without disturbance to the constitution, diet, or occupation. For **Jaundice, Headache, Constipation, Impure Blood, Pain in the Shoulders, Tightness of the Chest, Dizziness, Sour Eructations from the Stomach, Bad taste in the mouth, Bilious attacks, Pain in region of Kidneys, Internal Fever, Bloated feeling about Stomach, Rush of Blood to Head, High-colored Urine, Unsociability and Gloomy Forebodings, take Dr. Pierce's Pleasant Purgative Pellets.** In explanation of the remedial power of my Purgative Pellets over so great a variety of diseases, I wish to say **that their action upon the animal economy is universal, not a gland or tissue escaping their sanative impress.** Age does not impair the properties of these Pellets. They are sugar-coated and inclosed in glass bottles, their virtues being thereby preserved unimpaired for any length of time, in any climate, so that they are always fresh and reliable. This is not the case with those pills which are put up in cheap wooden or pasteboard boxes. Recollect that for all diseases where a **Laxative, Alterative,** or **Purgative,** is indicated, these little Pellets will give the most perfect satisfaction to all who use them.

They are sold by all Druggists at 25 cents a bottle.
