GRAIN CRADLES.

STATE NEWS.

Mr. Daniel Scarborough, father of the

State superintendent of public in-

struction, died in Wake county on

the 11th.

At the collector's office in Winston

the aggregate collections for the

month of April were \$44,951.87, and

for May, \$44,976.05.

The Greensboro New North State

publishes in full a poem entitled "Cas-

ablanca." It begins thus: "The boy

stood on the burning deck"—or words

to that effect.

Wilmington Star: The regatta com-

mittee of the Carolina yacht club have

decided to hold their next race on the

river on Tuesday, the 25th inst., over

the regular course, starting from Mar-

ket dock.

Winston Sentinel: Our sister town

of Salem is the only place in the State

having regular water works supplying

need in case of fire, and we believe it

is the only town of its size in the

whole South in which this supply is to

be had through pipes.

Wilmington Star: We saw a fine

looking watermelon at Mr. T. H. Smith's

store yesterday, which was pulled on

the 10th inst. It was raised in Pender

county. The first watermelons usually

make their appearance in market here

on or about the 4th of July.

Wilmington Star: The schooner Al-

abama, captured, was in our port last

as being ashore on the point of the

cape near Smith's Island, has gotten

off safely, and was reported last even-

ing by Capt. Williams, of the steamer

Wm. Nyce, as being on her way up the

river without the aid of a tug.

The Reidsville Times says Robt Dal-

ton, of Rockingham, was fatally hurt

last Saturday by his horse, which was

hitched to a sulky, running away with

him. When the horse started the bel-

ly band broke and this threw Mr

Dalton back and his feet caught, and

just beat and bounced him all to

pieces; he is a very heavy man. He

died Monday evening.

Wilmington Review: A telegram

to Messrs. Alex Sprunt & Son, received

to-day, conveys the gratifying intelli-

gence that the British barque North

Carolina, Captain Buchanan, arrived

safely at Liverpool yesterday, with all

well after the passage of only 24 days.

It will be remembered that Messrs. W.

Blanks, Fred Kidder, John London

and John Nelson, of this city, sailed

from this port on the North Carolina,

bound for the Paris Exposition.

Salem Press: Some darkies from

Greensboro spread the report among

the colored folks hereabouts, that a

deaf and dumb man at Raleigh was

suddenly given the power of speech

and hearing, and proclaimed as a re-
velation that between the months of June

and August a heavy storm would visit

the State, destroying much property and

many lives in all sections. There are

a number of the poor unfortunate su-
perstitions enough to become alarmed at

the report.

A correspondent of the Raleigh

News writes that last Sunday night

while Mr. J. L. White, of Winston, was

sitting on his front porch, awaiting the

return of his family from church, he

fell into a sound sleep; during his nap

he was approached by a negro who

extracted his pocket book and was en-

deavoring to rob his other pockets,

when Mr. W. awoke and seized the

thief. A desperate struggle ensued,

but the negro succeeded in making his

escape.

The Goldsboro correspondent of the

Wilmington Review, writing in refer-
ence to the recent hail storm there,

makes the following, among other

statements: At the Hook's place near

here, many of the chunks of ice were

from three to five inches in diameter,

larger than a large coffee cup. Every

fourth of the place was killed, a steer

had his leg broken, and the fruit was

WOMAN.

By an immense practice, extending over

period of years, having within that time treated

many thousands of cases of all kinds of peccu-

lar to woman, I have been enabled to perfect a

most potent and agreeable medicine that meets

the indications presented by the most com-
mon diseases of women, and the most ex-

cessive cases with positive certainty and ex-

cess. To designate this natural specific compound,
I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expres-

sion of my high appreciation of its value, based

on my own personal observation. As a close ob-

server, I have, while witnessing the results of

the use of this medicine, in the treatment of

the most common diseases of women, and the

most excessive cases, and that will, at all times

and under all circumstances, act kindly and its

benefits will be witnessed by the most unbi-

ased and impartial observer. I am, therefore, in

the most confident manner, able to state that

it will not disappoint the most anxious

expectations of a single invalid lady who uses it

for any of the ailments for which it is recom-

ended. I offer and sell it under a **POSITIVE**

GUARANTEE. If a beneficial effect is not

experienced by the time the medicine has been

used, I will, on return of the bottle, refund

the money paid for it. The medicine having

been taken according to directions, and the

refund of the money paid for it, I can, with the

most perfect confidence in its virtues, I could not

witness the results of its use, and have

seen it cure the most obstinate cases of

Leucorrhoea, Excessive Flowing, Painful

Menstruation, Suppression, and all kinds of

disorders of the female system, and the

most excessive cases, and that will, at all times

and under all circumstances, act kindly and
