Another Card from Col, Paul B. Means,

Editor Charlotte Observer-There was a mistake made in the last sentence of my card in this morning's OBSERVER.

The manuscript reads: "Any assertion making me and my friends solely responsible, &c." As published, the word "solely" is omitted. The sentence as printed might be construed to mean that my friends made no disturbance whetever; which would be inturbance whatever; which would be in-correct. But no false and unjust im-putations, as made by "H," shall rest upon my friends, who are as loyal Democrats and as orderly gentlemen as can be found in Cabarrus.

PAUL B. MEANS. Pienie Lemonade.

[New York Star.] [New York Star.]

Here is a receipe for making pic-nic lemonade: First get your barrel. Then fill it with water. Don't be mean, put in plenty of water. Now throw a pound of white sugar into the barrel, Squeeze in a large-sized lemon. Don't be mean about the lemon, either, but put the whole of it into the barrel. Stir with a long pole, and call the children up immediately. As fast as they drink, fill the barrel with cold water. The beverage thus made is cheap (if the beverage thus made is cheap (if the lemon is bought at wholesale) and is quite healthy. It contains no pain, and is much sought after by indulgent mothers and young lovers. Picnic lemonade differs from the church fair article by having the water a little article by having the water a little

Little Danny and His Dead Mother.

[From the New Orleans Picayune.] I've just been down in the parlor to see mamma. She's in a long box with flowers on her. I wish she'd come and bathe my head—it aches so. Nobody ever makes it feel good but mamma. She knew how it hurt me, and she used to read to me out of a little book how my head would get well and would not ache any more some day. I wish it was "some day" now. Nobody likes me but mamma. That's cause I've got a sick head. Mamma used to take me in her arms and cry. When I asked her what's the matter she would say, "I'm only tired, darling." I guess Aunt Agnes made her tired, for when she came and stayed all day mamma would take me up in the evening in her lap and cry awful hard. I sin't had any dinner to-day.

Mamma always gave me my dinner and a little teenty pudding with "D," for "Danny," on the top. I like fittle for "Danny," on the top. I like fittle to be unplaced by any public man by cultivating any closer relations with the persons who are just now unpermost in Tammany Hall." ling." I guess Aunt Agnes, made her Mamma always gave me my dinner to-day.

Mamma always gave me my dinner and a little teenty pudding with "D," for "Danny," on the top. I like little puddings with D's on top. I like to sit in my little chair by the fire and eat 'em, I wish mamma wouldn't stay in her long box. I guess Aunt Agnes her long box. I guess Aunt Agnes put her there, 'cause she put all the flower trimmings on and shows her to every body. 'There ain't any fire in the grate, but I guess I'll sit by it and make believe there is. I'll get my dish and spoon and play I've got a pudding with D for Danny on it. But any way I want mamma so bad.

A Fly in the Gravy.

"A fly in the gravy" caused Mrs. Miller of Burkville, Va., to kill Mr. Miller. "Wife, here's a fly in the gravy," the husband remarked, as he at down to his beefsteak. 'You're all the time finding fault," the wife replied. Harsh words were followed by angry words. Mrs. Miller seized a coffee pot and Mr. Miller clutched a carving knife. The scene of com-bat was shifted from the kitchen to the woodshed, and there Mrs. Miller picked up an axe, severed Mr. Miller's head from his body and fainted.

No Fireworks in New York.

The New York police commissioners have very sensibly issued an order pro-hibiting the usual display of pyrotechnics on the fourth of July in the pub-lic parks of that city. In accordance with this the aldermen will forego the usual appropriations for that purpose, thus saving a good many thousands of dollars to the tax-payers, and at the same time diminishing the perils to life and property. place of 185 last year, one going to Italy and four to Australia.

Just as Conkling has shelved Fenton by getting him confirmed as commissioner to the mondiary conference, it is reported that ex-Governor Morgan is going to contest his relection to the Senate, with a prospect of at least making things lively.

Gen Thomas Ewing, in reply to a New York interview, said: "There is but little doubt that Senator Thurman is one of the many Democratic candidates for the many Democratic candidates for the residency. From all that he has been enabled to see Mr Tilden's chances for re-nomination, so far as the west is concerned, are alim."

Dennis, of Elorida, has less all his interest in the investigation since the Hobis declaration the investigation since the Hobis declaration of the investigation since the investigation since the investigation since the investigation [Philadelphia Times, 26th.] out making soap. There is no sense in contribution of trix, and is a stereotype, as it were, of the characters transmitted. This in-

dented matrix may become the medium of transmitting the communica-tion as many times and to as many different places as may be desired. By connecting the revolving disc with a battery, the disc will be made to revolve and automatically transmit. The great advantage of this instru-ment is that a message may be sent at one time in the ordinary telegraphing ways to as many places as may be desired. Mr Edison is elated over his new invention, and expects that it will soon be put into operation everywhere.

An Extraordinary Woman.

A most extraordinary woman, giving the name of Mrs Lucas, turns up in Cincinnati. It has been her wont to entice men to her room in a hotel, compel them to disrobe at the point of a revolver, pitch their clothing out of the window, and then make them pay handsomely in consideration of her reclaiming their dry goods. She had a boy regularly engaged to return the clothing. On the 25th inst she thus exterted from an old man, named W B Dennis, a check for \$1,000 and his watch and chain. She also compelled him to give a statement to the effect him to sign a statement to the effect that he had attempted to commit an assault upon her. Subsequent devel-opments disclosed the fact that she had successfully practiced this game on four or five other parties.

A Nice Trick.

A Boston poolseller's trick to evade the law was to advertise a sale of pictures at Beacon Park on a race day. His stock was found to consist of cheap pictures of horses, labelled with the names of the beasts concerned in the races. These he sold by auction just as tickets are sold in ordinary pools. After the races he announced that the owners of the winning horses desired to buy all the pictures of those horses that had been sold. The prices paid were the winnings of the pool box, with the usual commissions deducted.

Mr. Tilden and Tammany Hall. A strong pressure, it is stated, is being brought to bear upon Ex-Gov. Tilden by leading Tammany men to induce him to participate in the great Demonow uppermost in Tammany Hall."

25 cents a bottle. R. V. PIERCE, M. D., Prop'r, BUFFALO. N. Y.

By an immense practice, extending through a period of years, having within that time treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness. To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my high appreciation of its value, based upon my own personal observation. As a close observer, I have, while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climax or crowning gem of my medical career. On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, act kindly and in harmony with the laws which govern the female system. I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUARANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, I feel warranted and perfectly safe in risking both my reputation and my money on its which my Favorite Prescription has

The following are among those diseases in which my Favorite Prescription has worked cures, as if by magic, and with a certainty never before attained by any medicine: Lencorrhea, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Uterus, Anteversion and Retroversion, Bearing Down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, Female Weakness, and very many other chronic diseases incident to woman not mentioned here. In all affections of this nature, my Favorite Prescription works cures—the marvel of Prescription works causes—the marvel of the world. This medicine I do not extol as a cure-all, but it admirably fulfills a singlemess of purpose, being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or condition. Those who desire further information on these subjects can obtain it in THE PROPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, post-paid, on receipt of \$1.50.—It trents minutely of these diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.
