STATE NEWS.

Forsythe is suffering for rain. There is positively no scarlet fever in Winston.

The Wilmington people enjoy moonlight excursions down the river.

Mr John Miller, father of the Miller brothers, of Winston, died on the 18th, aged 77.

Only 3,175 watermelons and cantaloupes were offered in the Wilmington market Wednesday.

The Summer Light Infantry is visiting the Wilmington military companies.

Wilmington Star: Quite a number of counterfeit silver half dollars are in circulation in this city. They can easily be detected upon examination.

The mayor of Wilmington told Jim Heaton, the Radical desperado, that his conduct couldn't be endured any longer, and required him to give a bond of \$500 to keep the peace.

Winston Sentinel: They can water the streets in Salem now with hosing attached to the plugs on the streets, which will be of immense advantage as well as comfort to the citizens and to all. Some of the large culverts are being widened and deepened and extra stoned.

Raleigh News: His Excellency, the Governor, on yesterday offered a reward of \$200 for the apprehension of Isaac Bynum, colored, charged with the murder of Thomas Sanders, in Wayne county, in June last. A reward of \$100 was also offered for the delivery of Edward Morrow, white, of Rutherford county, an escaped convict, who is at large committing depredations, &c.

Raleigh Observer: We learn that Judge Cox has placed his resignation in the hands of the Governor. He has completed his circuit and ended his labors with the good wishes and to the satisfaction of all. He has made a good and just judge, and he lays down the ermine that he has kept untarnished to the regret of the people whom he has so ably and so faithfully served.

Greensboro Patriot: Mr J L Sublett, of this city, who for some time has been in charge of the management of the Central Hotel, at Winston, was stricken with paralysis last Friday, and for some hours it was feared with fatal effect. He is at home now under the advice of his physicians, to rest and recuperate.

The editor of the Wilmington Star speaking of the "C" letters in the Greensboro News North State, pronounces them "incomparably fine," and adds: "There has been no such writing in North Carolina in our day. No one can for a moment believe that Tourgee wrote them, after reading his literary abortion, Tomette, one of the most vicious of books without a spark of genius. It is a very poor imitation of 'Uncle Tom's Cabin.' The author of the 'C' letters has genius, learning, and a rare combination of gifts. His style is infinitely superior to the productions of the carpet-bagger ex judge that we have seen. 'C' has remarkable intellectual resources, and writes from a full mind."

Saratoga's Dull Season.

[Letter from Saratoga to the New York World.]

This fashionable watering place is feeling the effects of the hard times, or else the patrons are being taken off in the rush for Europe. The special summer trains arrive with very light loads. Two or three cars partly filled instead of seven or eight cars crowded, now embrace the arrivals. There is plenty of room at all of the principal hotels, and the number can be increased without danger of being crowded. Congress Hall, in its reduction of prices, fills up faster in proportion to the others, thus demonstrating the fact that the cost of a visit here is of more importance to summer tourists than formerly. There are no crowds on the streets in the evening, no jostling at the springs in the morning, no waiting the supply of water from the "dipper boys," no crowding at the shooting galleries. All who wish to try their skill can take their time: there is no necessity to hurry to give the next man his turn, for he is not there to claim it. Carriages stand in long rows in front of the hotels, quietly waiting for engagements. The usual stage-lines to the springs and points of interest pass along nearly empty. It is a day of expectation and hope on all sides, instead of realization. Saratoga is just as attractive as ever was. Its hotels are as inviting and as well kept as in former years. The music of the bands on the hotel verandas still fills the air. Only the listeners are missed and looked for. All the old means for spending money are provided, if there were any money to spend on them.

The Death of Gen Meem's Daughter.

Further particulars in regard to the death of the five-year-old daughter of Gen John G Meem, of Shenandoah county, Va., show that Mrs Meem, during the absence of her husband, was out riding in a carriage with her two little daughters, driving the team herself, when the reins broke and the horses took fright and ran away. Thinking she could save the children, Mrs Meem threw them out of the carriage. One of the little girls was instantly killed and the other had her leg broken. Mrs Meem remained in the carriage and was not injured.

Must Be Stopped.

[Washington Post.] There is one impertinence which Washington society will no longer tolerate. We do not refer to the unseemly habit of asking a mature single lady her age. That is insolent, but may be forgiven. But to ask a society "colonel" the number of his regiment or the scene of his service—that sort of scene has gone quite far enough.

Delicious Cookery.

Light, white, wholesome biscuits, rolls, bread, and elegant cake, puddings, waffles, doughnuts, muffins, and griddle cakes of every kind, are always prepared to every table by using Dooley's Yeast Powder.

STATE POLITICAL ITEMS.

The Wake county candidates tell on the stump all about the defalcations and embezzlements of each other.

Winston Sentinel: Wm M Moore, of Surry, has declined the nomination for the House, and Noah P Foard has been nominated in his stead.

The Yadin Radicals have endorsed J M Brower for the Senate, and nominated B S Brown for the House, S C Welsh for sheriff, I N Vestal for clerk and R G Zachary for register.

The "New Party" in Forsythe has nominated Martin Grogan for the Senate and Maj W B Stipe for the House. The Winston Sentinel intimates that this is purely a Radical movement.

Joe A McDonald, Republican, and Moses A Bledsoe, "Independent" Democrat (both running for the Legislature in Wake county) announce on the stump that they are for Merrimon for United States Senator.

J N Bunting, Republican, and clerk of the Superior Court of Wake county, is an independent candidate for the House. He wants particularly to beat Albert Magnin, Republican nominee.

Wilmington Star: At the Republican senatorial convention for the 13th senatorial district, composed of the counties of Bladen and Brunswick, held at Northwest, Brunswick county, on Monday last, Asa Ross was nominated as a candidate for the Senate.

Winston Sentinel: We suppose we were mistaken in announcing last week that A H Joyce was a candidate for solicitor, as Mr Tom Dula, of Wilkes, was around last week electioneering for the place.

Raleigh News: Failing to make a House nomination in Macon, the Democrats have opened the field, and four candidates are out, with a prospect of Dr W L Love as the fifth. Those already announced are John Reid, William Penland, Albert Siler, and Mr Franks, father of Joshua.

Wadesboro Herald: But we rejoice that our friend, white-eyed Lot, has not received his reward—his pay. He headed the bolters, the "immortal 17," who went over to the Radical camp in '71, and elected Merrimon, and where is he now? Kicked out of doors by his red-string and nigger associates, and contemned and despised by the only true Democracy of North Carolina—the Democrats who support Vance for Senator. Vale, Lot.

Excelsior!

[Altoona (Pa.) Tribune.] One of two young ladies who recently visited Philadelphia from this city wrote home as follows: "We attract a great deal of attention promenading the streets like other ladies, and holden up our cloze. Nobody isn't nothing now-a-days which don't hold up their cloze, and the hair you holds 'em the more attention you attracts."

What Grant's Renomination Would Mean.

[From the Boston Post.] Grant's renomination would be an act of voluntary bankruptcy on the part of the Republican party. It would be a square admission of the leaders and managers that they put their faith only in a personal government, instead of a government of laws, and a military affair at that.

A Specimen Revenue Raider.

[Charleston Journal of Commerce.] William Springs, a revenue official, has been sent to the penitentiary for three years, for stealing a watch from a negro during one of the recent pretended raids. Justice is overtaking these cattle at last.

Good Digestion.

"Give us this day our daily bread" and good medicine to digest it, is both reverent and human. The human stomach and liver are fruitful sources of life's comforts; or discomfort and disease, they bring misery along every nerve and through every artery. The man or woman with good digestion see beauty as they walk, and overcome obstacles they meet in the routine of life, where the dyspeptic sees only gloom and stumbles and grows at even imaginary objects. The world still needs two or three new kinds of medicine before death can be perfectly abolished; but many lives have been prolonged, and many sufferers from Liver disease, Dyspepsia and Headache, have been cured by Merrell's Hepatine, is no longer a doubt. It cures Headache in minutes, and there is no question but what it is the most wonderful discovery yet made in medical science. Those afflicted with biliousness and Liver Complaint should use Merrell's Hepatine. It can be had at Dr J H McAden's, Wilson & Burwell's and Dr T C Smith's.

BEAUTY!

Secret of a Fair Face.

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion. What nature has thus denied, art must be called upon to furnish.

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It consists of all natural ingredients in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles; and tan with magical power. It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful. It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rounded, and plump.

It makes a nation of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, while it is as harmless as water, it is so life-like in its effect that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

According to the command of Joshua of Old, although repudiated by the "Jasper Philosophy" of the New, is now standing still, at the Old Place, on Trade Street, opposite the Market House, plus Hornet Fire Engine Hall, where the light of reason illuminates the surrounding atmosphere, which invests all things with the glow of inspiration, and the world no longer seems "A fleeting show, For man's illusion given." For right here you will find
