OBSERVATIONS.

It is said that the Sultan has pledged his jewels for 10,000 rifles which have been ordered from America.

Col. Bobt. Ingersoll will bring back to this country materials for a lecture on Burns, which he will deliver in various parts of the country next winter.

Ten years ago Major K. A. Horke, whom the Democrats of Louisiana have just nominated for State Treasurer, was a daily laborer in a brick yard. Tat and sagacity have given him wealth and political power.

Hon. Thos. A. Hendricks agrees with Hon. C. C. Washburn in the opinion that Gen. Grant will be the next Republican candidate for president.

Gladstone is careless in his dress. Disraeli is scrupulously neat and rather foppish. This explains the likes and dislikes of her most gracious majesty.

Sea shells and corals have lost their novelty as parlor corner ornaments, but they still serve as an admirable shield for a handful of dirt when the hired girls feel too much fatigued to go after the dust pan.

The New York Times, the editorial department of Richmond, Va., has given a convincing proof of the truth of its theory that "de son do move." Being unable to pay his rent, he has been compelled to leave his house and go and live with his mother.

Francis Murphy is conducting temperance meetings at Round Lake. On Sunday last he suspended five bottles of alcohol from a tree, to represent King Alcohol, and let the boys throw stones at them until they were broken.

A Philadelphia philanthropist brought a Chinese wasp-bug to Sunday school and gave him a bible. Meeting him during the "hot wave," he asked him how he liked the weather. The reply from the new Sunday school scholar was not very encouraging: "Every day's alee same; 'hot as helle!"

Senator Beck, of Kentucky, is 63 years old, weighs 222 pounds, and has never taken a dose of medicine in his life. He has left for the plains on a hunting expedition, and says that he can't yet walk his thirty miles in a day provided that some one will carry the game.

San Antonio (Texas) Express: Miss Lilly Dean, a song and dance actress employed at Hart & Martin's variety theatre, in this city, has received a letter from her attorneys at Buffalo, N. Y., informing her that she has fallen heir to \$100,000. Miss Lilly at once closed her engagement as an actress, and leaves in the morning for Buffalo to receive her fortune.

The National Party.

Editor Charlotte Observer:— Allow me to correct, through the columns of your paper, some gross errors made by your correspondent of the Raleigh Observer, of the 18th, who signs himself "Democrat." He says: "The National Greenback party, as it styles itself, demands, 1st. The retirement of the national bank notes. 2nd. The substitution therefor of greenbacks. 3rd. The repeal of the discriminating tax on State banks."

I note the following errors in matters of fact, viz: 1. The party does not "style itself" the National Greenback party, but the National party. This error is trivial. 2. To say that the National party proposes to retire the national bank notes, and substitute greenbacks therefor, would be to further contract the currency to one half its present volume. 3rd. But the grossest of all mistakes is to suppose that we are in favor of State banks, as the writer so clearly intimates when he says we are for "the repeal of the discriminating tax on State banks."

The National platform, adopted at Toledo, February 22nd, 1878, declares in its first resolution (and this is the keystone of our system) as follows, viz: "It is the exclusive function of the general government to coin and create money and regulate its value. All bank issues are to be subject to the control of the general government."

"Democrat" proposes in his article "to pursue this subject further." We would suggest that he postpone his next article on the subject until he procures from D. B. Sturgeon, Toledo, O., of the National Executive committee, some "common learning" documents, \$2.00 per 100.

Tobacco Crop Prospects.

[Hillsboro Recorder.] From what we see and hear, the present condition of the crop is good. The showers which have been frequent since the last week in July have developed a very healthy, vigorous growth. That portion of the crop planted late is as good as could be wished; while the early crop, which was the drought of July, and the leaves are long and narrow.

In a portion of Orange, Caswell and Greenville, comprising the belt of fine yellow tobacco, the hail storm of a fortnight since was ruinous where it was felt. We hear of one planter in the latter county who lost 175,000 hills, and who had in consequence to discharge all his farm hands. In some portions of the Flat River section, the destruction was equally great. We have already mentioned the ruin of some crops near Hillsboro.

It appears that little more than half the quantity was planted as compared with the last crop. This will be advantageous rather than otherwise, for it will be better cured, and free the market from the glut of low grades which have been the curse of this season's business.

For upwards of thirty years Mrs. Winslow's Boobing Balm has been used for children. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, cures dysentery and diarrhoea, whether arising from teething or other causes. An old and well-tried remedy. 25 cents per bottle.

Light, white, wholesome biscuits, rolls, bread, and cakes, crullers, and doughnuts, muffins, and griddle cakes, of every kind, are always possible to every table by using Dooley's Yeast Powder.
