Such cheap rates can only be obtained by breaking down the present railway monoplies to the Pacific coast and the completion of the Northern and Texas Pacific roads. The resolutions further recommend speedy action by Congress looking to that end, and provide for a committee of seven to give force to these purposes-favor holding an international commercial convention here soon, to consider the extension of our North and South American trade, favor the extension of steamship lines with foreign countries by means of subsidies and mail contracts, and call for a general extension of water traffic by congressional legislation.

by the unscrupulous Republican press. The amount of truth in these allegations is as a grain of wheat in a bushel of | will get that one. chaff. The amount of truth is just this: that on the occasions of several Democratic meetings insolent Republicans, colored and white, have interrupted the proceedings and been threatened with merited punishment but never received it. It was so at Sumter last Saturday, where the scenes of Cainhoy would have been re-enacted but for the forbearance of the Democrats and the coolness and conservatism of Gen. Hagood, Gen. Moise and Maj. Hugh S. Thomp- A call for armed assistance was made son. A white scoundrel named Cogh- on Natchez, and one hundred men lan had by bitter taunts and jeers worked the whites up to a point of indignation almost beyond endurance, while at the same time by his highly inflammatory language he stirred up all that was wicked, malicious, revengeful and cruel in the breasts of the ignorant negroes.

An important question is, How much longer will the sensible people of the North close their ears to the truth regarding the situation in the South? They should know by this time that the whites of the South are at peace with the North and have no quarrel under the sun with their late slaves. All that the people of South Carolina or any other Southern State want is evenhanded, old-fashioned fair play. We have no need of coercion here, for everything is in our own hands. The better classes of Republicans in the Southern States know and acknowledge that equal and exact justice is accorded in each of these States to all men of every race and clime. Mr. Wm. E. Earle, assistant United States district attorney for South Carolina, resident in Greenville, a native Republican and an office-holder under Mr. Hayes, in an open letter addressed to Hon. Roscoe Conkling, published a few days ago, declared that no people enjoyed a larger measure of liberty than did the colored men of his State under the benign administration of Gov. Hampton. Such is the universal testimony of honest men who have ever testified, concerning the facts, and yet many of the Northern people prefer to take the testimony of Crescent City Battalion to be in readithe irresponsible vagabonds who run North with their tales of blood and secure their publication in the New York steamer Paragon has been chartered by Tribune and Times, National Republican and Chicago Inter-Ocean, to that of mentlike Mr. Earle and others of this class in all the Southern States.

But let them wave the bloody-shirt while they may juil It has served its day and generation; it is tattered and torn and ready to fall to pieces; it cannot be and ready to fall to pieces; it cannot be made to do service after this campaign and judging from the vote in the Western States last week, its presence as a factor in politics, will not be apprecia-ble in the electric determined of the provide and private sorrows. [Special to the Augusta Chronicle.]

ST. LOUIS, October 17.-Dispatches from Waterproof, La., to A. S. Yarner, mayor of that town, who is here, say that about two thousand and five hundred negroes are engaged in the reported outbreak there. Fighting began to-day. Judge Cardell, J. P. Harrison and Jeff. Snyder were wounded. Burning of buildings is also reported. NATCHEZ, October 17.-The following is derived from officers of the steamer Natchez: A fight decurred with negroes yesterday in Goodman's field, four miles above Waterproof, in which it is said 36 negroes were killed and the remainder dispersed. Some persons apprehend further trouble, while the general impression is that the negroes will not again assemble. Assistance is pouring in from all directions. Fifty more men left here this evening in answer to a call this morning from St. Joseph, La. No plantations have been burned.

LATER.-A communication just received from a citizen of Waterproof, states that all is quiet and settled. Ten negroes were killed yesterday.

THE GOVERNOR OF LOUISIANA ORDERS TROOPS TO BE IN READINESS-EXCITE-MENT IN NEW ORLEANS.

NEW ORLEANS, October 17.-The city is full of wild rumors about trouble in Tensas parish. Governor Nicholls reports receiving information that a fight occurred at Waterproof, in which five negroes were killed, and that a company of militia from Natchez had arrived there. The parish authorities ask for State troops. The Governor has order-ed the Louisiana Field Artillery and ness to receive marching orders by 8 this morning. has been derived from or since their publication. Referring to the alleged attempts to negotiate for the electoral votes of Florida and South Carolina, he denies all knowledge of the existence or purport of any telegram rela-ting to the subject. He cites as evidence that any action on his part, looking to a bargain of any kind, would have been inconsistent with his plans, the fact that he had in view a system of reform, which he could not have

carried out unless he was untrammelled by any commitment in the choice of men to execute the official trusts of the government and free from any obligations to special interests. "I was resolved to go into the presidential chair," he says, "in full command of my resources, or not at all."
