TUESDAY, OCTOBER 22, 1878. OUR CONGRESSIONAL TICKET. SIXTH DISTRICT: WALTER L. STEELE,

of Richmond. ELECTION, TUESDAY, NOVEMBER 5TH.

THE STATE FAIP.

It is given out that North Carolina, never was more prosperous than now, but we are compelled to admit that the exhibition made at the recent State fair in Raleigh, did not come up to the expectations of the people. There seemed to be less general interest manifested towards the success of the fair, than for several years. Col. Polk, the Commissioner of Agriculture, deserves some credit for the exhibition made by him, in his department, and his exhibit was creditable as far as it went, but there is no denying the fact that he stood almost alone, in his self-imposed task of making such an exhibit of the agricultural productions of the State as would make the cheek of the average North Carolinian blush with pride.

If it were possible to get them together, and we can not see why it is not, the productions of the soil of the Old North State, would rival that of any State in the Union. Since 1870, it has been known that she is the only one of the United States, which filled up every blank in the census report, and her climate and soil are of such a nature as to excel most of them in the growth of many of her productions. Why she does not show up more favorably at the annual State fairs, is past finding out. We do not say that the agricultural exhibition is not creditable, but we do say that most of this exhibition is old, and was on the fair ground a year ago. Why do we not try and keep up with our own progress?

The machinery exhibit was not what | somest in the State. it might have been made, and there was a general leanness about the whole thing, which as a North Carolinian, we were sorry to see.

The Georgia State Fair.

MACON, Oct. 21.—The Georgia State Fair will open here on the 28th instant, and continue one week. The grounds and race track are among the finest in the South and in the best condition. Race purses amounting to \$4,000 will be offered and about eighty horses will be entered. Senator Thurman will speak here during the fair. Dr. Carver will shoot every day. Large quantities of goods have arrived from the North and West and the entries are large. The indications are for an unprecedented attendance.

There is not a single case of yellow fever. Frost has extended all over the State and all danger is removed along the lines of western travel.

Speedy Retribution.

SAVANNAH, October 19 .- On Thursday last, while the wife of Houston Demere, a planter in Bryan county, Ga., ifteen miles from this city, was returning from a visit to a neighbor, she was followed by a well-known negro named Giles, who beat her and attempted to outrage her, but was prevented by the timely arrival of a gentleman. The negro fled but was captured on Friday, and while he was in charge of a constable Mr. Demere shot him and then surrendered himself. The negro died this morning.

WASHINGTON NOTES.

WASHINGTON, October 21 .- The United States minister to St. Petersburg reports to the Department of State that the Emperor of Russia, on the 1st of August, ordered the disarmament of the forts on the Black Sea and the removal of submerged torpedoes.

Very Kind.

[Blue Ridge Blade.] It was a right worthy deed, that of the Howard Association, when in the telegram to Miss Minerva Happoldt stating the death of her father, they authorized her to draw on them for \$150. The Howards must be good people. They bear a name which is itself a blessing—that of the noble Englishman, who, in the language of Burke, circumnavigated the globe in the cause of charity.

A Remarkable Result.

It makes no difference how many physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemographes, Asthma, Severe Colds settled on the Phroat and Lung Affections, Consumption, Hem-orrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Con-numptives try just one bottle. Regular size 75 sents. Sold by all druggists in America. A CALAMITY TO SCOTLAND.

Something About the Effects of the Failure of the City of Glasgow Bank.

GLASGOW, October 21.—The directors

of the City of Glasgow Bank, who were

arrested Saturday on a charge of fraud,

were to-day arraigned before a stipendiary magistrate of Glasgow and remanded till to-morrow. LONDON, October 21.—The Times' financial article says: "It looks extremely probable that the call of five hundred pounds per share on the shareholders of the City of Glasgow Bank will be enough for the majority of the shareholders. Some of them cannot pay anything, and in consequence there will be a heavy draft on the residue, who are rich. These drafts will paralyze business, weaken credit and prove a source of misery to Scotland for years. The banking credit has received a shock which is itself one of the greatest calamities which the country could undergo. Confidence is shaken at a time when the condition of trade requires it to be peculiarly strong. The mischief thus done is now only beginning to be revealed. Ultimately, doubtless, good will result from this collapse, but in the meanwhile it hangs over the country like a nightmare, and nobody can be sure that it may not prove a signal for many further disasters. At the same time nothing is to be more deprecated than unreasoning suspicion. We are glad to find that there is in all the banks of London a strong feeling of confidence and readiness to help those requiring it, which must go far to prevent any extreme danger. If the business public is as sensible as are most of the London bank managers, the worst that could happen may probably be avoided."

Fat Man Made Happy---Loses 61 lbs.

PRATTVILLE, ALA., July 20th, 1878. BOTANIC MEDICINE Co., Buffalo, N. Y.:

Gentlemen—About three months ago I commenced using your "Anti-Fat," at which time my weight was 219 pounds. By following your directions carefully, I have succeeded in reducing my weight to 158 pounds. This is all very satisfactory and pleasant; but instruvelous to my commencing the pleasant; but just previous to my commencing the use of your medicine, I had purchased two suits of fine clothes at a high price, and find to my dismay, that they are entirely useless to me now. When I put one of my coats on, my friends tell me it looks like a coffee sack on a bean-pole, and when I put the pants on,—well, description fails. My object in writing is to ascertain whether you have not, in in writing is to ascertain whether you have not, in connection with your medicine business, an establishment where your patrons, similarly situated, could exchange these useless garments for others that would fit. I think you ought to have something of the kind, as it would be an inducement for many to use the Anti-Fat, who now object to using it, in consequence of the loss they would sustain in throwing aside valuable garments. Just turn this matter over in your mind. A "clothing exchange" is what you want in connection with your Anti-Fat business. Yours truly,

GEO. BOYD.

Is the great remedy for corpulency. It is purely vegetable and perfectly harmless. It acts on the food in the stomach, preventing its conversion into fat. Taken according to directions, it will reduce a fat person from 2 to 5 pounds a week.

In placing this remedy before the public as a positive cure for obesity, we do so knowing its ability to cure, as attested by hundreds of testimonials, of which the following from a lady in Columbus, O., is a sample: "Gentlemen—Your Anti-Fat was duly received. I took it according to directions and it reduced me 5 pounds. I was so elated over the result that I immediately sent to Ackerman's drugstore after the second bottle." Another, a physician, writing for a patient from Providence, R. I. cian, writing for a patient from Providence, R. L. says: "Four bottles have reduced her weight from 199 pounds to 192 pounds, and there is a general improvement in health." A gentleman writing from Boston, says: "Without special change or attention to diet, two bottles of Alian's Anti-Fat reduced me four and one quarter pounds." The well-known Vholes ie Druggists, SMITH, DOOLITILE & SMITH, of Boston, Mass., write as follows: "Alian's Anti-Fat has reduced a lady in our city seven pounds in three weeks." A gentleman in St. Louis writes: "Alian's Anti-Fat reduced me twelve pounds in three weeks, and altogether I have lost twenty-five pounds since commencing its use." Messrs. Pow-KLL & PLIMPTON, Wholesale Druggists, of Buffalo, N. Y., write: "To the Proprietors of Alian's Anti-Fat: Gentlemen—The following report is from the lady who used Alian's Anti-Fat. 'It (the Anti-Fat) had the desired effect, reducing the fat from two to five pounds a week until I had lost twenty-five pounds. I hope never to regain what I have lost." BOTANIC MEDICINE CO., Prop'rs, Buffalo, N. Y.

WOMAN. By an immense practice at the World's Dispensary and Invalids' Hotel, having treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and

positive remedy for these diseases. To designate this natural specific, I have named to DR. PIERCE'S FAVORITE PRESCRIPTION. The term, however, is but a feeble expression of my high appreciation of its value, based upon personal observation. I have, while witnessing its positive results in the special diseases incident to the organism of woman, singled it out as THE CLIMAX OR CROWNING GEM OF MY MEDICAL CAREER. On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at edy for this class of diseases, and one that will, at all times and under all circumstances, act kindly, I am willing to stake my reputation as a physician; and so confident am I that it will not disappoint the most sangulne expectations of a single invalid lady who uses it for any of the allments for which I re-command it, that I offer and sell it under A POSI-TIVE GUARANTEE. (For conditions, see pamph-let wrapping bottle.)

The following are among those diseases in which my FAVORITE PRESCRIPTION has worked cures, as if by magic, and with a certainty never before attained by my medicine: Leucorrhœa, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or Falling of the Uterus, Anteversion and Retroversion, Bearing-down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Infiammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterlity, and Female Weakness. I do not extol this medicine as a "cureall," but it admirably fulfills a singleness of pur-POSE, being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or
