He did not experience much inconvenience from it. however, until late in the night he be-gan choking, and finally became almost meapable of breathing. Several doctors on being consulted said that the boy could not be helped, but finally Dr. McMehan resolved to attempt the removal of the obstruction surgically, and, with the assistance of another surgeon, cut into the windpipe and succeeded in extracting the shell with a wire. It was found in the larynx, where it had lodged; and, being sharpedged, had but the hesh, and the blood had got into the bronchial tubes, filling them, and rendering breathing almost impossible. After the nut-shell had been removed the patient coughed up a large quantity of this blood. The wound having been sewn up he breathed quite freely, and at last accounts he was rapidly recovering.

At the time I was suffering from general debility and nervous prostrations superinduced by overwork and irregular habital its wonderful strengthening and curative properties seemed to affect my debilitated system from the first dose; and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have, not health and good feeling, since then I have, not health and gove Vegetine my most unqualified indorsement, as being a safe, sure and powerful agent in promoting health and restoring the wasted system to new life and energy. VEGETINE

The following letter from Rev. G. W Mansfield formerly pastor of the Methodist Episcopal church. Hyde Park, and at present settled in Lowell, must convince every one who reads his letter of the wonderful curative qualities of Vegetine as a thorough cleanser and purifier of the blood.

Hyde Park, Mass., Feb. 15, 1876. Dear Sir—About ten years ago my health failed through the depleting effects of dyspepsia; nearly a year later I was attacked by typhoid-fever in its worst form. It settled in my back, and took the worst form. It settled in my back, and took the form of a large deep-seated abscess, which was fifteen months in gathering. I had two surgical operations by the best skill in the State, but received no permanent cure. I suffered great pain at times, and was constantly weakened by a profuse discharge. I also lost small pieces of bone at different times.

Matters ran on thus about seven years, till May, 1874, when a friend recommended me to go to your office, and talk with you of the virtue of Vegetine. I did so, and by your kindness passed through your manufactory, noting the ingredients, &c., by which your remedy is produced.

ST. NICHOLAS, SCRIBNER'S ILLUSTRATED MAGAZINE FOR GIRLS AND BOYS. AN IDEAL CHILDREN'S MAGAZINE.

Messrs. Scribner & Co., in 1873, began the publication of Sr. Nicholas, an Illustrated Magazine for Girls and Boys, with Mrs. Mary Mapes Dodge as editor. Five years have passed since the first num ber was issued, and the magazine has won the highest position. It has a monthly circulation of OVER 50,000 COPIES. It is published simultaneously in London and New York, and the transatlantic recognition is al-

most as general and hearty as the American. Although the progress of the magazine has been a steady advance, it has not reached its editor's ideas of best, because her ideal continually outruns it, and the magazine as swiftly follows after.
