

THE POTTERS IN NEW YORK.

Marble Testifies—The Cipher Dispatches

to the Convention—Mr. Morgan's

Asks Leave to Testify.

NEW YORK, Feb. 3.—The Pottery

investigating committee resumed its ses-

sion this morning. Mr. Morgan was

examined. His answers were given

with marked precision, and his manner

was thoroughly self-possessed. He said

he went to Florida to look after the

elections, but did not go to the Pottery

committee. Did not go at the request

of Tilden or any other. Called on the

governor the evening he left and sim-

ply bids him good-bye. He had no con-

versation. Talked with Randolph,

Blair and Fox on the subject of his

journey. "I think I got a cipher from

Mr. Pelton at the Everett House and

used it subsequently. Sent no tele-

grams and received none from Gov.

Tilden." Addressed his telegrams to

Pelton. "My object in going to Florida

was to take care of the electoral vote.

Let me here suggest that the cipher

dispatches as published in the Tribune

so far as I am concerned are simply

rubbish. My dispatch to Senator Gor-

don says: 'Tell Gordon, therefore, it is

the truth, and being made at the time

proves this. I have already published

statements of what I did and did not do.

One of my statements was published

January 1 year ago. The other, 'Ra Rub

a Dub,' was published in the Tribune

for months. What I did not do was to

buy the Florida votes and they were for

sale. I would like to submit these let-

ters if the committee has any objec-

tion. Mr. Reid: "I have a decided objec-

tion." Chairman: "Then they are ruled

out." Witness testified at some length.

He admitted the authenticity of some

of the dispatches. Witness again de-

clared that he had no conversation with

Tilden about buying out the electoral

board either before he went to Florida

or after he returned, and never spoke

of the propositions or negotiations to

him (Tilden). He had no knowledge

of any attempt on the part of the De-

mocracy to buy out the returning board,

and though while in Florida he talked

with Chandler, he knew nothing of a

proposition that the Republicans should

sell out.

At this point the following note was

received:

"GRAMERCY PARK, Feb. 3, 1878.

"To Hon. Eppa Hunton, Chairman Con-

gressional Committee, Fifth Avenue

Hotel.

"DEAR SIR:—I learn in the public

press that it is the desire of your com-

mittee to terminate its session in this

city this week. I take this liberty

of requesting that before you leave

an opportunity be afforded me of ap-

pearing before you to submit some tes-

timony which I deem pertinent to the

inquiry with which you are charged.

"Yours very respectfully,

"S. J. TILDEN.

The sub-committee resolved that Tilden

should appear before them at

noon to-morrow.
