Thus caroleth the New Orleans Times: It becomes our duty—and from duty we never shrink—to chronicle the fact that spring has arrived. Spring, with linen duster and smilling countenance; spring, with a flower in his button-hole and a grin on his face; has stepped down from the Pullman car of time, and, as the Pic. rapturously remarks, is in our midst once more. Sweet, sweet, poetic spring!

Speculations on the Speakership.

[Special Dispatch to the Baltimore Sun.] WASHINGTON, March 10.-There is vashington, March 10.—There is very little new to be said to-night in regard to the political situation, outside of idle speculation. The boast of the so-called Nationals or Greenbackers as to their alleged balance of power in the House are pardonable and natural under the circumstances, but there is no der the circumstances, but there is no der the circumstances, but there is no sufficient cause, as yet, to justify a change in the opinion that the Democratic caucus nominee will be the Speaker of the House, and that the nominee will be Mr. Randall. The prognostications of the caucus vote on the speakership which have been freely circulated, and which claim as among the opponents to Mr. Randall a majority of the votes of Southern members are more closes Southern members, are mere closet speculations, and not based on any actual condition of facts. While the at-SEC. 5. The bonds so to be issued shall tempt to connect the speakership with the usual form of bonds, of this Tilden for the next presidency are wholly absurd, yet it is not to be denied that the qualities of Mr. Randall will be an important factor in determining the speakership, just as the peculiar qualities ascribed to Mr. Tilden went a great way to secure him the nomination at the St. Louis convention in 1876, and will, if he is alive, manifest them-seves at the Democratic national convention in 1880. But the question of the speakership now is in no sense involved or bound up in the question of the presidential nomination in 1880.

Ease Attainable by the Rheumatic.

Yes, although they may despair of relief, it is attainable by rheumatic sufferers, for there is a remedy which carries off, by means of increased activity of the kidneys—important channels for blood purification—the acrid element to which pathologists the most eminent attribute the painful symptoms—a theory completely borne out by urin ary analysis. The name of this grand depurent is Hostetters, a preparation likewise celebrated as a remedy for constipation, which causer contamination of the blood with the bile—and a certain means of relief in despectate, fever and ague, and means of relief in despenses, fever and ague, and nervous allments. The Death-Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschen's German Strup been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the Threat and Lungs, Boscher's GERMAN SYRUP has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sôld last year without a single

Dread and despair fall upon the community when a terrible epidemic. like the cholera or yellow fever, suddenly desolates our homes; yet, all the while, a more insidious. but no less fatal foe, enters thousands of households every year and carries off the flower of the family in the early flush of manly youth and budding womanhood. People call it consumption, or "decline." It is not, in most cases, the tubercular phthisis or consumption of the lungs, which is the peculiar malady in climates like those of the British Islands and New England, but a general decay or arrest of the vital processes of nutrition. All the doctors agree that there is no remedy for this but Cod Liver Oli but they are constantly met by the obstacle or inability on the part of the patient to swallow or retain it. This repulsion is entirely overcome by Scott's Emulsion of the Oil with the Hypophosphites of Lime and Soda which is agreeable to the taste, and an unequalled nutrient and tonic for the body nerve and brain.

Woman's Best Friend.

Ample testimonials from every section of the country show that Bradfield's Female Regulator is as it claims to be, "Woman's best friend." Many suffering females have tried it, and have been cured, and bear witness to its merits in sound constitutions and rosy cheeks. Its record is before the public. Don't fall to try it if you are suffering from any of the complaints peculiar to the sex. feb25 1m
