[Raleigh News.] SENATE. . March 10. HER OWN WORDS.

Baltimore, Md., Feb. 13, 1877. Dear Sir—Since several years I have got a sore and very painful foot. I had some physicians, but they couldn't cure me. Now I have heard of your Vegetine from a lady who was sick for a long time, and became all well from your Vegetine, and I went and bought me one bottle of Vegetine; and after I had used one bottle, the pain left me, and it began to heal, and then I bought one other bottle, and so I take it yet. I thank God for this remedy and yourself; and wishing every sufferer may now attention to it.

MRS. C KRABE,

VEGETINE. SAFE AND SURE.

In 1872 your Vegetine was recommended to me, and yielding to the persuasions of a friend, I consented to try it. At the time I was suffering from general debility and nervous prostration, superfindiced by overwork and irregular habits. Its wonderful strengthening and curative properties seemed to affect my debilitated system from the first dose; and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give Vegetine my most unqualified indorsement, as being a safe, sure and powerful agent in promoting health and restoring the wasted system to new life and energy. Vegetine is the only medicine I use; and as long as I live I never expect to find a better. Yours truly, W. H. CLARK. Mr. H. R. Stevens:-

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been exten-

The arrangements for literary and art contribu tions for the new volume—the sixth—are complete, drawing from already favorite sources, as well as from promising new ones. Mr. Frank R. Stockton's new serial story for boys,

"A JOLLY FELLOWSHIP " Will run through the twelve monthly parts,-beginning with the number for November, 1878, the first of the volume,—and will be illustrated by Jas. E. Kelly. The story is one of travel and adventure in Florida and the Bahamas. For the girls, a continued tale.

"HALF A DOZEN HOUSEKEEPERS." By Katharine D. Smith, with illustrations by Frederick Dielman, begins in the same number; and a fresh serial by Susan Coolidge, entitled "Eyebright," with pienty of pictures, will be commenced early in the volume. There will also be a continued fairy-tale called

"RUMPTY DODGET'S TOWER," Written by Julian Hawthorne, and illustrated by Alfred Fredericks. About the other familiar features of St. Nicholas, the editor preserves a goodhumored silence, content, perhaps, to let her five volumes already issued. volumes already issued, prophesy concerning the sixth, in respect to short stories, pictures poems, humor, instructive sketches, and the lure aid lore of "Jack-in-the-Pulpit," the "Very Little Folks" department, and the "Letter-obx," and "Riddle-box."
