Monday evening next the choir and Sunday school scholars of the Baptist church will give a grand concert at the church, beginning at 7.30 o'clock.

The music, which has been selected with much care, has been diligently practiced and it need not be apprehended that this will suffer in quality by comparison with the former excellent musical entertainments by the ladies of this church. In addition to this, however, there will be recitations by ladies and children, and other forms of entertainment which will relieve the evening of anything like monotony. We have good reason for saying that a delightful evening awaits those who avail themselves of the opportunity for enjoyment. The price of tickets has been placed at 10 cents, and we bespeak for the ladies a generous patronage.

The Holman-Pinafore.

It is hardly necessary to remind our city readers that the Holman opera company will appear in the opera house next Tuesday and Wednesday nights. The advertisement of the company which appears this morning announces that they will play "The Chimes of Normandy" the first night, and the famous H. M. S. Pinafore the second. The company is just returning from a very successful tour through the South. They were the first to present Pinafore to Southern audiences and this curious play never fails to attract a crowd. The music is by Sullivan, the words by Gilbert, each in his way the most able and most brilliant writers for the English speaking stage. The public certainly have a rare treat in store for them.

The Blind and the Maimed.

The following is given by the Raleigh Observer as the substance of the act passed by the General Assembly for the benefit of blind and maimed soldiers: The judge of probate, sheriff and county commissioners of each county shall constitute a board of trustees to be styled a committee for the relief of the blind and maimed. Judges of probate are to notify all persons in their respective counties, who lost their sight or were maimed in the service of the Confederate army, to appear before the committee at the court house, with proof as to how he or they lost their sight or limbs. All persons entitled to the benefit of this act shall receive \$50 per annum payable quarterly from the public treasury. The judge of probate certifies such names and numbers to the Governor, the Governor issues his warrant on the treasurer, and the judge of probate pays the money to the parties entitled.

Mining Interest Around Salisbury.

The mining fever is increasing around Salisbury, and attention is being attracted to it from abroad. The Watchman says: "It is rumored that the Yadin mining property is to change hands, and that there will be erected on the premises, a large mill for working the sulphur ore by patent process. This is one of the finest veins in the State, and the improvements going on will make it one of the most valuable pieces of mining property to be found in the whole section. In connection with this we would say that W. S. Negus, Esq., who has some valuable minerals on his property, next adjoining the Yadin property. Higgins & Co. struck a new and strong vein in the neighborhood of Salisbury. This property is going right up under the vigorous management of this new firm. We saw at the depot the other day a fine new hoisting engine for them. They also have a lot of new machinery and is meeting with the precious metal. They are very confident of their success. The old Dunn's Mountain mining property, worked by L. B. Cady, is improving every day—the whole property is in fine fix and looks as if superintended by a man that knows his business thoroughly. Mr. Cady has erected an assay furnace near Crawford & Taylor's hardware store. He is active and energetic and is meeting with the success his energy deserves."

A \$1,000 Fire.

About half past 8 o'clock yesterday morning a fire broke out in a frame dwelling house on Fifth street, between A and B, occupied by Mr. M. Leon and owned by Mr. C. N. G. Butt. The flames were first noticed emerging from one of the rear rooms of the house and immediately taking fire to the whole upper part of the room was ablaze. The fire companies could not save the building, all the upper part of it having been consumed. Mr. Leon saved most of his furniture, although some of it was considerably damaged by rough handling. The residence of Mr. Butt is scarcely five feet from the burnt house, but strange to say it was not damaged. In fact, there are several houses in the immediate neighborhood, and had the wind been blowing it would have been hardly possible for the fire companies to have prevented an extensive conflagration. The burned house was insured for \$1,000, which will very neatly cover the loss.

The Meeting of Railroad Officials in Raleigh.

A meeting of officials of nearly all of the railroads having lines in this State was held at Raleigh Thursday to consider the railroad freight bill passed by the Legislature, and to canvass the questions arising thereunder. Capt. J. J. Gormley, superintendent of the Atlantic, Tennessee & Ohio, attended from Charlotte. Attorneys, in the persons of A. S. Ashie, Wm. C. Fuller, and Hon. Geo. Davis, were present and participated in the meeting. An examination of the new bill in full developed the fact that it makes the most radical changes in the present system of freight charges, not only prohibiting the formation of pools and the giving or taking of rebates, but undertaking to equalize the charge between all points on all lines, prescribing that if a given charge is made for transporting a given quantity of freight for any given distance, say for instance ten miles, the same charge must be made for every succeeding ten miles, as for the first, with the proviso that this shall not apply to persons who wish to ship any or more car-loads of freight. It is lawful for the railroad to make special rates with this class of shippers.

There were conflicting opinions among the attorneys present as to some of the questions raised, and without definite action, further than the appointment of Messrs. Pope, Clark and Haas—general freight agents of the Wilmington & Weldon, Carolina Central and Richmond & Danville railroads—to prepare a new tariff of charges under the changed order of things, the meeting adjourned subject to call by Col. A. S. Buford. It is believed that the adjourned meeting will be held at Raleigh within a week, when final action will be taken by the companies.

Caution in using Bull's Cough Syrup.

The doctors are very much displeased over a bad cough, which however does not practice; we mean Dr. Bull's Cough Syrup, of which a 25c bottle does better work than a dozen prescriptions.

ACCIDENT ON THE CAROLINA CENTRAL

One Man Killed and Two Others Injured.

[Special dispatch to the Observer.] LILLESVILLE, March 28.—An accident happened to-day to Capt. Burr's train while on the down trip from Charlotte, six miles east of Lillesville, caused by the breaking of a wheel in the rear truck under the first-class coach. The car was thrown from the track, resulting in the fatal wounding of Harvey Lewis, a colored brakeman, and severe injuries to J. W. Covington, of Rockingham, and Eli Gibson, of Old Hunder, Richmond county. Rev. C. M. Pepper and Capt. Burr were in the coach but escaped unhurt. Mr. Covington was injured in the thigh and hip, Mr. Gibson in the back and the negro in the bowels and legs. The latter was carried on to Rockingham and died shortly after arriving there. Messrs. Covington and Gibson were suffering considerable pain two hours afterwards, but the condition of neither is considered dangerous.

The track will be clear by 11 o'clock to-night.

A Card.

I beg to tender my most heartfelt thanks to our noble friends, my friends, and the citizens generally for their untiring efforts to save my property from destruction by fire on yesterday morning.

C. N. G. BUTT.

OBITUARY.

But yesterday we were called upon to pay the last tribute of respect to the remains of Mrs. Dora Greig, an extraordinary degree of age and beloved. She was kind, affectionate and noble. In her death her husband has lost an affectionate wife, her brothers and sisters a devoted relative, her children an affectionate mother, and society has sustained an irreparable loss.

Her death was in his spring. And thy young form just moved in joyous being. The speller came, and all thy promise fair Has sought the grave to rest forever there.
