It seems to be peculiarly naiseous to the consump-tive and scrofulous patients, to whom the whole medical profession know it is specially beneficial. Endeavors have value been made to disguise its objectionable characteristics, by mixture with cof-fee, brandy, or by the process of deoderization, which impairs its efficacy as a nutrient. But in union with the Hypophosphites of Lime and Soda, as we find it in Scott's Emulsion. It re-tains its healing and nourishing properties. It moreover combines with the other chemical agents, to produce not only a medicine of agreeable flavor, but one of the most powerful and pleasant tonics, that ever gave vital vigor to the nerves and brain. april 2w **OH!
