

RAILROAD DIRECTORY.

Table with columns for Railroad, Direction, and Time. Includes entries for Richmond & Danville, Atlanta & Charlotte, and Carolina Central.

Presbytery. The religious services preparatory to the opening of the First Presbytery of the Synod of the South (Associate Reformers) at Sardis church, in this county, yesterday. The Presbytery will be organized Monday. A number of delegates were in the city yesterday en route to the meeting.

Ben Grant, quite a notorious negro who has been in this city for some time and is well known in police circles, committed a forgery some days ago in Rock Hill upon the firm of London & Harie for \$3 with which he purchased a hat, and was subsequently caught coming in the direction of Charlotte, arrested and thrown in jail in Yorkville. To the order was signed the name of Henry Hutchison, a well known and respectable barber of Rock Hill. It is reported that when some one ventured to remark to Grant that he had committed a crime which would surely send him to the penitentiary, he carelessly replied that it made very little difference; he would not remain there but about one day. This, by the way, seems to be the impression of about half the negroes in this community.

Justice McInch has been very active during the past week in enforcing the vagrancy law and catching the thieves who have been perpetrating the recent robberies in the city. Thirteen negro men have been arrested within the past two days, charged with vagrancy and warrants have been issued for ten more. Most of those arrested were dismissed with slight punishment or with the cost, but the good effects of the prosecutions have already been noticed in the general decamping of the citizens of Five Points and similar localities.

In the search for the vagrants, a number of articles of clothing, tableware, etc., were found, and are held at the office of Justice McInch for identification. These include blankets, quilts, counterpanes, tablespoons, a silver fork marked "Papa," etc. It is believed that if the owners of this property will go to the office of Justice McInch for information they will be able to identify the articles, which will lead to the discovery of many other stolen articles.

Sallie Crockett, wife of the notorious Dick Crockett, and Hester Johnston, were arraigned before Justice McInch during the day on the charge of concealing stolen property, and were committed to jail for further hearing.

The Bonnets of '73. Women's bonnets have always been considered a legitimate subject for ridicule by the opposite sex. In an old copy of the Miners and Farmers Journal, published in Charlotte, of date of November 2, 1831, we find the following in a local column signed "Argus": "Ladies need no longer be afraid of being stared out of countenance; it is the bonnet that attracts the eye, as naturalists admire the beauty of a shell when they are noticing the freeshedding fish that occupies it. Many years ago, when bonnets were in the form of a long tube, or steamboat funnel, placed horizontally, at the farther extremity of which the face of the fair wearer might, in a clear day, be discovered like a candle in a pumpkin-blossom, or rather like a cat at the bottom of a well. In those days a gentleman could take a kiss, if it was offered him, without crawling into the tube, as Gen. Putnam did in the wolf's den, with his right hand on his leg. Some wicked wit said it was this oscillatory inconvenience that caused the anterior extremity of the bonnet to expand and assume the form of a coal-scuttle, or an inverted umbrella, which have now, with the arm sawed off. Amateurs no longer need go into the woods in search of curious and rare plants; the proper place for botanizing is on the bonnets of the ladies, which afford floral specimens that would make the heart of Linnaeus dance for joy."

The Cold Weather and the Crops. The chief topic on the minds of the household yesterday was the sudden cold weather which came upon us day before yesterday about noon, and the destruction which it has caused to fruit and nearly all young crops. The thermometer stood at 30 nearly all night and there was a heavy hoar frost. A reporter took pains yesterday to question at least a dozen persons who have fruit of any kind on their premises and the general verdict is that it has nearly all been frozen. The general impression, however, seems to be that so much of the wheat as has jointed will be almost totally destroyed. The data could not have suffered to a considerable extent, and comparatively little corn and no cotton is up in the country. Farmers are quite gloomy over the prospect. Owing to the beautiful weather throughout March, almost unprecedentedly warm for this climate, vegetation of every sort has advanced rapidly and hence was less capable of resisting the cold than usually at this season. For this reason the injury is doubtless much more general and extensive than is yet known.

We will be able to procure fuller and more reliable reports of the farm crops to-day. We can safely say now from information already received that the loss to Mecklenburg county is very serious indeed, amounting in the aggregate to many thousand dollars.

Mining Notes. The meeting of the mining board, which was to have been held last night, was postponed till to-night at 8 o'clock, at the office of Gen. Drayton. There have been at least a dozen parties in the city within the last ten days from the North and Northwest to look up mines in this vicinity. These include gentlemen who already have interests here. Mr. E. Metz, of the Brewer mine, was in the city yesterday. He reports steady progress in the work there. They have a soft white ore which is easily worked, and which gives a paying yield. They are now engaged chiefly in tunneling and on surface washing. A very pretty nugget of gold was brought to the city this week from Cabarrus county, weighing something over twenty pennyweights. Cabarrus is famous for her nuggets, having produced more and larger ones, as the history of mining shows, than any county east of the Rocky Mountains. The assays of bullion at the assay office in this city for the month of March amounts to \$5,562.21. The number of assays was nearly as large as for January and February both, showing that most of the work going on now is conducted by smaller operators. In addition to the bullion assays, eight assays of ore have been made for prospecting parties.

Mr. J. A. E. Holt shipped a box of ore from his mines, to be tested by the new process represented by Mr. Dunham, who was here a few weeks ago, which resulted as follows: gold per ton of silver of the same weight and value, \$4.05; copper, 10 per cent.; sulphur, 22 per cent.; iron, 18 per cent.; sulphur, 40 per cent. The object of the process is as follows: "This ore will pay well, and as soon as Mr. Dunham and myself come down with the proposed process it will pay to work your mines."

Firemen's Reception. The Hornet fire company gave a little turn-around at their hall last night. There were present representatives of the other fire companies and a number of citizens, invited guests. The Hornets were, as they always are on such occasions, profuse in their hospitality, and if there was any one there who did not have a good time, it was no one's fault but his own. Refreshments went the round and all who were present for the hour. Different persons present were called out for speeches, and some declined with thanks while others spoke briefly between drinks. Excellent feeling prevailed, and all who were present have to thank the Hornets for an evening delightfully spent. A telegram from Mayor Smith, regretting his absence from the city and his consequent inability to be present at the reception, was received and read amid applause.

A tobacco factory is to be started in Wilmington. The Wilmington lodge of Good Templars is to be reorganized. Mrs. Chas. A. Moore, of Asheville, died of pneumonia, last Saturday. Tucker's store in Raleigh has a female cashier—the only one in the State. It is said that Mr. Montfort McGehee, of Person, will move to Greensboro. Three thousand dollars worth of fish were shipped from Washington last week, over the railroad. Geo. A. Latham retires from the editorship of the Washington North State Press.

Rev. R. H. Chapman was elected moderator of Wilmington Presbytery, now in session at Wilmington. Mayor Dodson, of Greensboro, was stricken with paralysis Thursday. It is hoped that the attack is not serious. Goldsboro is moving in the matter of the Goldsboro, Snow Hill & Greenville Railroad. Subscription books are to be opened.

The Salisbury Watchman is literally filled with discussions of prohibition. Every possible phase of the subject is elaborately brought forth. Col. A. H. Worth, of Fayetteville, has received the appointment of mail agent on the Cape Fear river mail route, vice Chesnut removed. Rev. John H. Clewell, a native of Salem and a recent graduate of Bethlehem Theological Seminary, has received and accepted the charge of a Moravian church at Urichville, Ohio. Raleigh Farmer & Mechanic: Gov. error Graham, of noble memory, was a seventh son, and left seven sons; all of whom are living and full grown men. So much for right habits and upright character.

A colored man residing in Winston professes to have discovered what many have striven for and ultimately failed in—perpetual motion. He has made a machine of some kind that has been on the go for six weeks without stopping. State Senator John S. Henderson, of Rowan, received quite an ovation from a party of gentlemen from Franklin township that county, in the way of a serenade, on their night last week, on account of his action in reference to a stock law for Rowan.

The dwelling house and kitchen of Mr. Angus McLeod, near Euphonia church, in Moore county, was consumed by fire on Friday night last, together with nearly all their contents. Loss heavy. No insurance.

The North State says Mayor Dodson, of Greensboro, has received a letter from Dr. Ledoux, in which he states that it is probable that after April 12th analyses of the water of public wells can be made free of charge requiring only the sanction of the secretary of the board of health.

The Star says the "North Carolina Minstrels" will take their departure from Wilmington on Thursday evening. They have decided not to give an entertainment in Wilmington for the present, as they have an engagement in South Carolina on the 9th, and will have to hurry up to meet it. Two attempts at safe breaking were made in Raleigh Wednesday night, says the News, the one at the place of business of Mr. T. S. Love and the other at the store of Mr. W. D. Upchurch. In both cases holes were drilled in the safes, but in neither did the thieves accomplish their purpose.

Raleigh Observer: Ex-Congressman Deweese is in trouble. The police are after him. Since he left off carpet bagging he has spent his wife's estate, deserted her, taken up with another woman, obtained a bogus divorce from Utah, &c., &c. His wife No. 1 is now pursuing him to recover jewelry which she alleges he has stolen from her to adorn Madame No. 2 with.

Pollocksville correspondent Goldsboro Messenger: On the road to Newbern last Thursday I witnessed one of the grandest sights I have ever seen—one hundred and ten acres in garden peas—all on Mr. J. L. Rhen's farm. To one who has never seen such a sight, it is certainly grand. With good luck, Mr. Rhen must certainly make a good thing of truck farming this year. A meeting of the bar of Raleigh was held Wednesday out of respect to the memory of the late Judge Battle. Resolutions highly eulogistic of his character were offered, and addresses in support of these were delivered by Judge Merrimon, Judge Fowle, Capt. Ashie, Maj. Lewis, Judge Cox, Mr. F. H. Busbee, and Mr. Stamps.

Salisbury Watchman: Tyro is in Davison county about eight miles from the center of the center of a prosperous and well informed community. A large academy has lately been erected there, and on last Saturday it was inaugurated—speeches and music filling up the programme. The Rev. Mr. Dunham made a short literary address and closed his remarks by introducing to the audience Jas. M. Gray, Esq., who made the address of the day. In the afternoon F. C. Babbin, Esq., and Rev. Mr. Simpson made addresses.

Augusta (Ga.) Chronicle & Constitutionalist, of Thursday: Twenty-seven years ago Mr. Frank H. Woody, of Chatham county, North Carolina, was drawn to the Pacific coast by the gold fever. He settled in Montana, and when that section became an organized Territory was elected a member of its Legislature. He is now clerk of court in Missoula, Montana. Yesterday Mr. Woody passed through Augusta on his way to North Carolina, to visit his relatives in Chatham county. This is the first time that he has been South since he left for the far West twenty-seven years ago.

Raleigh Observer, of Thursday: Pursuant to adjournment the board of directors of the insane asylum met at the asylum yesterday morning. By-laws for the government of the institution were adopted. The Rev. Mr. Craven gave notice of his retiring from the institution, and resolutions complimentary to his skill and efficiency were passed by the board. An investigation into the offices of the institution exhibited all the departments and its general conduct in a satisfactory state. No fault was found anywhere. The board declined to take any action that would commit it to the present or future management of the institution. The board then adjourned.

Auction Sale

200 CASES

BOOTS, SHOES

AND HATS.

APRIL 8, 1879,

AT 10 O'CLOCK A. M.

The above is a well assorted lot, suitable for the trade of North and South Carolina, and they will be sold by the case only. It will pay

EVERY MERCHANT

To be present at the sale. The sale will take place at the old stand of SMITH & FORBES Trade street, Charlotte, N. C.

A MAN WHO FAVORS

Economy and Luxury should by all means call at FERRY'S. The largest stock of Croakers, Canlies, Cream, &c. can be found there. In fact his assortment is as fine as in any city where the noise of

STREET CARS AND POLICEMEN'S RATTLES

are familiar sounds. Don't fail to try his celebrated St. Clairs, magnificent Caramels and delicious Taffy, Coconut Cream, &c. They are running ahead of all competition, just as the man who is

WANTED FOR MAYOR

Will at the coming election. FAMILY MEAL.

3 Car Loads—1,320 Bushels. CHOICE BOLTED MEAL. Just received, R. M. MILLER & SONS.

Miscellaneous.

BLACK STRAP MOLASSES Under cost by the barrel, by LEROY DAVIDSON.

SEED STORE

ROSES! ROSES! Send and get my catalogue of choice Green House and Bedding Plants. We can send plants through the mail to any part of the country. C. B. FAIRCHILD, Seedman and Florist, Raleigh, N. C.

DON'T FAIL TO CALL AND EXAMINE

The splendid line of WINDSOR MANOR PICKLES, VIZ: Autumn Cluster, Stuffed Mangoes, Tiny Tins Gherkins, Martynia.

CRACKERS

Ever seen in Charlotte, at LeROY DAVIDSON'S
