HOME PENCILINGS.

A magistrate who has one case a day now considers himself in luck.

There were no developments of importance in the mayoralty canvass yes-

candidates for aldermen on an wards except the First. Two parties from the North have

during the past week. The Hornets' Nest Riflemen will carry a pretty full company to Columbia, if the merchants will let the boys off.

The firemen all elect officers within the week beginning yesterday. No important changes are anticipated. Mr. T. W. Sparrow, the agent of West-

brook's nursery, who has been traveling over the country considerably, hardly thinks there will be a third of a crop of Mecklenburg Presbytery in session at Castanea Grove church in Lincoln coun-

ty. The delegates from the churches in this city left day before yesterday to ataround in neighboring counties gives

as a result of his observations that a large number of visitors will be in Charlotte on the 20th.

A darkey has a shoe shop over T. H., Loman's store, corner of Trade and Poplar streets. Night before last it was entered and robbed of one pair of boots and a pair of shoes, both just finished. Ayer & Son's Manual contains much

information of value to advertisers. Sent postpaid on receipt of 25 cents.
Address N. W. Ayer & Son, advertising agents, Times Building, Philadelphia.

Mr. J. T. Anthony, who furnished such an excellent quality of northern ice to our citizens last year, announces that he is prepared to do the same during the coming season at very reesonable prices. See his announcement in another col-The town authorities of Davidson

College would not allow a salesman of a Charlotte house to exhibit his samples there yesterday unless he paid a municipal license tax. It is feared they didn't keep up with the acts of the last Legislature.

The entertainment of the Busy Bees, to be given in Col. Bryce's yard this evening, will begin at half past 5 o'clock and continue till 9, or as long thereafter as may be found agreeable. The en-trance fee is only 10 cents, All contributions to the entertainment should be sent in by 4 o'clock in the afternoon,

Another Ticket in Second Ward.

Jno. Schenck states to THE OBSERVER that a meeting was held at the colored Baptist church in second ward last night, over which Armistead Mayo presided, and of which A.P. Hunter was secretary, which meeting nominated for aldermen in second ward, T. T. Smith, J. T. Schenck, colored, and John Smith,

Two Handred and Fifty Thousand

Mr. W. M. Buss, of the agricultural department, came to the city yesterday morning with two hundred and fifty thousand young fish which were designed for distribution in streams and ponds along the Air Line Railroad. On arriving at the depot here, the water in the cans in which the fish were transported was changed, and a few hours perted was changed, and a few hours afterwards an examination showed that every fish in the cans was dead. This water was taken from the well at the depot, and so far as known is as pure as any in the city. The cause of the death of the fish is a mystoric and a letter carrier of the letter carrier of the letter carrier of the fish is a mystoric and a letter carrier of the l

The railroads are save purity within the next few days the largest shipments of tobacco they have ever made. In fact arrangements have already been include for the transportation to South ern points of several hundred car loads. The fact arrangements have already been included in the next few days the largest shipments of tobacco comes from Lynchburg, Dandrille, Richmond and Bichmond & Daville, lines. The dange of these unusually heavy shipments is that the reduction of eight effect the list of May, and all manufacturers have been holding their tobacco in the factories so as to reap the content of such a subject of the surface of th

Death of Dr. Johnston.

Dr. Thos. L. Johnston, brother of tol. Wm. Johnston, of this city, died at his home in Rock Hill yesterday morning. He had been in feeble health for some time, but his death was sudden and unexpected. Several of his relatives in this city attended him in his last illness. Col. Johnston, who was in Memphis at the time, was telegraphed information of his brother's death and expected to reach Rock Hill last night. Dr. Johnston was well known and much esteemed in this community, and his death will be sincerely regretted. He was about fifty-six years of age.

That Fish Law.

The last Legislature is just now and has for several weeks past been receiving a good deal of severe criticism from the inhabitants of the banks of the Catawba, for changing the law in relation to trapping fish so as to forbid it at the very season when the fish are running. Formerly they could continue to tran till the 1st of May, but now they must stop the 1st of April and hang up till the 10th of June. This is fun for the shad, which only run during this period, but metaphorical death to the owners of fish traps, and a great deprivation to many other good citizens who had just begun to enjoy fresh shad from the Ca-

At the annual meeting for the election of officers of the Hornet Fire Company last night, the following were chosen for the ensuing year: President, R.E. Miller.

Foreman, W. R. Myers, Jr. 1st Assistant, M. C. Quinn. 2d Assistant, P. C. Eagle. Recording Secretary, Robt. R. Ray. Financial Secretary, J. R. Barnhardt, Treasurer, W. H. Bailey, Jr. Surgeon, Dr. Sim B. Jones. Chaplain, Rev. E. H. Harding. Engineer, M. L. Frazier. Driver, I. H. Wilson.

The Quintette Club

In order to induce the Boston Quintette Club to stop in Charlotte, two gentlemen in this city have undertaken to manage their advertising here. The agent did not have time to stay in the city long enough to work up the business, and hence the arrangement. Owing to the fact that the Hornets Nest Riflemen and perhaps a good many other of our citizens expect to be in Columbia on the night of the 13th, the time originally fixed for the appearance of the club here, they have agreed to come at some other time, to be hereafter announced. The Charlotte public will be glad to know that they are certainly coming. No musical company ever gave such universal satisfaction as they did last winter.

Memorial Day.

It is said that there are independent A week from to-day the people of Charlotte and Mecklenburg county will pay their annual tribute to the memory of the Confederate soldiers that lie been in Charlotte looking after mines buried in Elmwood cemetery. The ceremonies this year will be as they have always been in Charlotte, quiet, unostentatious and expressive of the sincere motives which prompt them. The programme for the occasion is now complete. Col. J. P. Thomas will deliver the address, Mr. F. B. McDowell will read the roll of honor and Rev. E. H. Harding will conduct the religious exercises. The military and fire com-panies will be asked to participate and will gladly show their interest and sympathy in a work headed by the memhers of the Ladies' Memorial Associa-

The mining board met last night at the office of Gen. Drayton. Only rou-A gentleman who has been traveling | tine business was done. Parties were present, recently from New York, who gave an account of the mining outlook in the Northern cities, as well as a detailed statement of recent experiments

in treating gold ores. The mining work in this State has opened vigorously. The newly elected manager of the King's Mountain mine, Mr. Macy, has just returned to the mine. A vigorous effort has been made to free the mine from the water, which has for some little time stopped work; the lev-el of the water has been reduced sever-

al feet already. A new body of sulphurets has been cut at the Rudisill mine. Work at the McGinn mine has been suspended, pending some legal troubles.

The body of ore in the Duffle mine

improves on further exploration, and is shown to be of great width.

The shipments of bullion to this city from the mountain counties show that greater attention has been given to pla-

cer mining than heretofore.

A new body of good grade ore is reported as recently opened in the Yadkin mine at Salisbury.

Several parties of investors are in

the State; three of them are from Boston, each having their own expert. Several properties are under examination.
Altogether North Carolina mines are exciting a full share of attention.

The New Postal Law,

The new law relating to the classification of mail mail matter and rates of postage thereon went into effect May ist. The following is a summary of its

leading provisions; All mailable matter is divided into four classes, viz: First, written matter; second, periodical publications mailed by publishers or news-agents; third, miscellaneous printed matter; fourth, merchandise, Heretofore "merchandise" was included in the third

There is no change in the rates of postage on letters or postal cards, but the postmaster-general is authorized to furnish for public use a "double postal card" that may be forwarded and returned to the writer if not delivered, said cards to be sold at two cents apiece (These cards have not yet been issued by the department.

On second-class matter the rate of postage will be uniform at two cents per pound, and at this rate sample copies may be sent from an office of publication or from a news agency to

CANDIDATES FOR THE MAYORALTY; HT

Maj. Flemming's Card. In compliance with the wises of "many or zens" I will be a candidate for many title ing election in May. Ever yielding a cheerful obe dience to your will, I am, with respect,

To the Voters of the City of Charlotte: FELLOW CITIZENS—In this brief way there concluded to announce myself an Independent Caudidate for the office of mayor of the city of charlotte, at the approaching election in May. The roughly independent. I shall not be in the least influenced by any time wards or convention: I shall have no independent. I shall not be in the least influenced by any ring, cancus, or convention; I shall have no friends to reward nor enemies to punish. I shall not bribe nor purchase a vote nor attempt in any underhanded way to secure one; but I particularly solicit the deliberate, independent vote. I am in favor of strict economy and low taxes. There is no politics in this election, therefore I shall run the race to the end and take the risk let the result be race to the end and take the risk, let the result be what it may. In thus announcing myself, I think it unnecessary to elaborate or make any further statement of principles that may guide me; but will truly say that I shall ever cultivate a genial, brotherly spirit with those that I may become associated with; and permit me, in conclusion, to make this please: That if honored with a majority of your votes and consequent election, my best exertions shall be directed to a fair, honest and impartial discharge of my duties.

Respectfully, race to the end and take the risk. let the result b
