[Washington Republican.] It is the sheerest nonsense to talk about the Democratic nominations in Ohio being weak ones. The ticket is by twenty thousand votes stronger than any other which the Democrats could have put in the field, and there is no good to come from concealing this fact from ourselves or others. To carry the State of Ohio the Republican party must select its ablest orators, put the conduct of the campaign in the hands of its most expert organizer, and then make the fight on the disreputable and untrustworthy character of the political party to which Generals Ewing and Rice belong. The contest which is about to take place in Ohio is in no sense a local one. A Matter of Interest to Travelers.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unhealthful influences, upon which they can implicity rely, since it prevents the effects that an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages, or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventive of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions, and prevents intermittent and remittent fever, and other disease of a malarial type, but eradicates them, dies, Australia and other countries. jun10 1w

The name of this grand depurent is Hostetters, a preparation likewise celebrated as a remedy for constipation, which causer contamination of the blood with the bile—and a certain means of relief in dyspepsia, fever and ague, and nervous aliments. It is, perhaps, the finest tonic extant, and is highly recommended as a medicinal stimulant by distinguished physicians and analysts who pronounce it to be eminently pure and very beneficial. The press also endorses it.
