Mr. Peter Waggoner, a highly respect-ed citizen of Salem, died of comsumption last Sunday, and was buried with masonic honors Monday. The Rev. Dr. McDonald, of Richmond, Va., has declined the presidency

of Wake Forest College, tendered him by the trustees last Tuesday. The Asheville Citizen says that at present, corn is scarce in Macon at \$1

The vote on the local option question in Salisbury stood: prohibition, 139; license, 356; majority for license, 217. About half the vote of the township was polled. The Watchman says the result was not altogether unexpected, and that only 15 or 16 colored men vo-ted for prohibition.

Winston Sentinel: The citizens of South Fork township are circulating a petition for signers, asking the board of county commissioners to order an election in that township on the question of the fence law. It is believed that a good majority of that township are in favor of no fence.

A correspondent of the Salisbury Watchman says a negro was killed on he plantation of Capt. Frank Smith, near Linwood, Davidson county, Wednesday. He was thrown from his mule and caught by the foot in the plow-gears and dragged a considerable dis-tance. He died in a very short time.

The Winston Sentinel says that last Monday the two year old child of Sheriff Estes, of Stokes county, was found drowned in a tub of water. The water was left in the rear yard of the sheriff's residence, and it is thought that the babe, being unattended, was attracted to it; and while amusing itself, lost its balance and fell in.

The Sentinel says two men, calling had run up a board bill of considerable amount at Mrs. Hardie's, and on last Sunday night they picked up their bag-gage and skipped. Mrs. H. followed their baggage and seized it.

They said their client had had a fair trial and they could see no ground for appealing. This is the first instance of the kind on record. A correspondent of the Salisbury Watchman says the defendant, McCorkle, at his own request, was permitted to address the court, which he did for a short time. In his talk he did not either admit or directly deny his guilt—reviewed and complained of some of the evidence against him, and that his life was being taken away unjustly, &c.

Washington, June 11. Several prominent Southern Republicans who are very anxious for the nomination of Gen. Grant express great disgust at the manner in which the Federal patronage in the South is being manipulated in the interest of Secretary Sherman for the presidency. They say that the Sherman candidacy is being worked up in the most open and unblushing manner, and that official patronage has never beand that official patronage has never before been prostituted to such an extent

The Senate committee on appropriations spent considerable time to-day over the new legislative and executive appropriation bill, and made numerous amendments. It is said that one or two members of this committee are anxious to protract the session, and will therefore throw obstacles in the way of an early adjournment. Speaker Rundan said this afternoon that if the Senate committee on appropriations were so disposed there need be no difficulty in

adjourning by Saturday night. Several more Senators and a dozen more Representatives will at the end of this week follow the example so generally set, and leave Washington not to return till next December.

strange about the affair altogether. That there could not have been any intention to defraud is evident from the large amount of money left in the treasury safe, his directions where his assets were to be found, and the fact that he even left his best clothes-indeed the most of his wearing apparel— behind, taking but a small amount of money to defray his expenses. In the pockets of one of his coats fourteen dollars were found after his departure.

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint. DYSPERSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLane's LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are un-
