HOME PENICILLINGS.

The sick, Dr. Means, Maj. Sadler and Mr. June Smith, were all doing better yesterday.

A physician says June is the most unhealthy month in Charlotte—more so by odds than September.

The excursions are the only pleasures to look forward to, and hence they are the chief subject of conversation.

The ice man is rapidly approaching that period in his existence when all men are willing to fall down and worship him.

There were twenty arrivals at Glen Alpine Springs during the past week; among whom were several Charlotte people.

Augusta peaches will be on the market in a few days, and will follow the ring-streaked water melon from that region.

The attractive programme which the manager of the Hendersonville excursion offers to his patrons will be seen in our advertising columns.

There is no truth in the rumor circulated here that Harvey Kingsbury, colored, had been captured and jailed in Lancaster, S. C.

The remains of Mr. R. A. Springs arrived in the city this morning and the funeral will take place from the First Presbyterian church, this morning, at 9 o'clock.

It may not be to her credit but it is a fact that Charlotte receives from Atlanta one hundred kegs of beer a week, and there is one place that don't buy beer in Atlanta.

Dog days, not according to the almanac, but according to the city ordinances, will be here on the 1st of July, when the police will commence their onslaught on the collarless curs.

A meeting of the chamber of commerce is called for this evening at 8 o'clock for the purpose of appointing twenty-five business men to attend the 4th of July celebration at Hendersonville.

The Evening News says: "Capt. J. B. Guess and Chief P. F. Capers, of the Carolina Military Institute, are now in Augusta, spending part of the holiday with Cadet Frank Beane, who so well represents our city in Charlotte."

The funeral of the late Jno. A. Wilson took place from the Washington Street Methodist church at 5 o'clock, Thursday evening at 5 o'clock. The party of six gentlemen, two from the Masonic fraternity, who accompanied the remains, returned to the city yesterday morning.

The newspapers have stated that Old Probabilities has gone to Europe and left Young Probals in charge. This accounts for the present warm weather. The young clerk hasn't learned that the time for Davidson commencement has been changed from the last week in June.

Consent of Charlotte Children in Sparta.

Our Sparta friends will have the opportunity, next Monday night, of learning how well tar-heel children can sing and how interesting an evening's entertainment they can furnish. The children, who have given two concerts recently under Mr. A. L. Butts' management, will give an entertainment at Sparta on Monday night and at Hendersonville Tuesday night.

Admitted to West Point.

A telegram to Judge Shipp from his son, W. E. Shipp, lately appointed to a cadetship at West Point, announces the gratifying intelligence that he has successfully passed all his examinations and has been admitted to that institution. He made a fine impression on his competitive examination here some weeks ago, and his friends expect him to reflect credit upon himself and his state during his course there.

The Sprightly Potts.

The last news from Mrs. Potts, the pedestrian, announces her safe arrival in Fairburn, Ga., on Wednesday. The Fairburn brass band entertained her with some exquisite music immediately upon her arrival. She expressed her thanks for the reception with which she was greeted in a happy little speech, which disclosed the fact that she was about as glib with the tongue as with her pedal extremities.

At 3:30 she launched out escorted by about twenty young bloods who accompanied her through the suburbs of the town.

"Corn Waltz."

A sure cure for tight boots and shoes. The girls say it is just splendid. Young man, sweetheart get one right away. It means get the Corn Waltz with directions how to use. Only 40 cents. Directions—Get the waltz and give it to your sweetheart or somebody else, and if she has no piano get that too, and she will sing—

REMARKS ON THE WEATHER.

Justice Smith, of Morning Star township, sent to jail a negro man charged with the serious crime of outraging a negro woman. So far as we learned here, there is no further evidence than the unsupported testimony of the woman. The case has apparently excited very little interest. It will come up for trial at the next term of the court.

A Mecklenburg Boy in the German Universities.

Wm. Burney, a young man of this county, who took the degree of B. S. at Davidson College in 1875, has been studying chemistry, physics, geology and mineralogy at Leipzig and Heidelberg, under the most renowned scientist in his department now living. In January last Mr. Burney took the degree of Doctor of Philosophy (Ph. D.) at Heidelberg, with the highest honor, what is technically known as *summa cum laude*, a distinction rarely attained by American students. He is now in Germany, studying with Wurtz, and will return to this country in August. Mr. Burney is a descendant on his mother's side of the Hendersons—that branch to which the brilliant Philo Henderson belonged—renowned for intellectual vigor and acuteness of mind. He will devote himself to teaching.

Railroad Notes.

The vacant agency at the North Carolina depot has not been filled. Mr. R. C. Trezvant has temporary charge.

A conductor on the Air Line was recently presented with a piece of the rope with which the lynchers hung John Moore in Spartanburg county.

The secretary announces that the annual meeting of the stockholders of the Atlantic, Tennessee & Ohio Railroad will be held in Statesville on the 3rd of July. The usual courtesies will be extended stockholders, their sisters and their cousins and.

Mr. F. W. Clark, general passenger agent, in our advertising columns, calls the attention of the public to the inducements which the Seaboard Air Line route affords persons wishing to go North during the season of the year.

The elegant Bay Line of Steamers affords a happy relief from the dust and heat of summer travel. The line Mr. Clark represents also sells excursion tickets to Old Point Comfort and Beaufort. Read his advertisement and see what further information may be obtained.

Mail Matters.

Owing to the failure of the contractor to complete the thirteen cars ordered to be constructed for the White Star mail line over the Piedmont Air Line route from New York to New Orleans, the line will not be instituted on the 1st of July as first announced. It is expected now that every thing will be ready to start the cars by the 15th of the month.

On the 1st of July, route agents will begin to run through from Greensboro to Morehead City, the terminus of the Atlantic and North Carolina Railroad. On the Richmond & Danville—which, by the way, has been taken from Superintendent Terrell's division, and transferred to the Third Division, under Mr. V. Ball, yet with headquarters in Washington—four men will make the run, two going from Charlotte to Danville and the other two running through from Charlotte to Richmond.

Another man has been added to the force of the Charlotte, Columbia & Augusta Railroad. The appointment has been given to Mr. Jno. A. Metz, bookkeeper in the Carolina National Bank of Columbia.

Board of Aldermen—Revenue Bill.

The board of aldermen held a meeting in the mayor's office yesterday afternoon. Just a quorum was present, Aldermen Dowd, Smith, Garibaldi, Wilkowsky and Schenck being the absentees.

The object of the meeting was to pass the revenue bill which was reported by the committee appointed to prepare it.

After considerable discussion the bill was passed. It is essentially the same as that of last year, the rate of taxation being 50 cents on the \$100 worth of property and \$2 as the poll tax. The chief points of difference are included in the following:

Owing to the relation of public interest was the presentation of a bill for \$80, for services during the time intervening between his election and resignation of the office, about a month and a half. This was also referred to the finance committee.

A Scathing Sketch.

Louisville Courier-Journal. "It is understood that Mr. Conkling is a man who will fight."—Cincinnati Commercial.

Oh, no! it isn't. He wouldn't fight a louse unless he thought he had a dead sure thing of it. Everybody knows, who knows anything, that he is an unprincipled, ill-bred and ill-mannered braggadocio, sprung originally from a respectable family. His marriage into a respectable family gave him a start in the world, which his bullying and stage talents have continued to push. He does not even consider himself a gentleman, and he will wear the insult which his officiousness weekly. His private life for several years has been so equivocal that no decent woman can afford to appear in his company. All that he is after is to get some Southern Senator to kick him into martyrdom. Blaine knows him.

An Unique Picnic.

Norristown Herald. A subscriber in the country writes that he attended a picnic last week which passed off in a very novel manner. The young man in black pantaloons was there, but he didn't sit down on a cushion; he had a bug in on the back of a girl's neck, and she didn't scream loud enough to bring out the fire department; a garter snake confronted five miles distant; a garter snake confronted five miles distant; and no one fainted; the young man in white trousers was not asked to climb a tree and put up a swing; a cross bull did not chase a foraging party across a ten acre lot, and an angry thunderstorm didn't come up about 4 o'clock and dampen the enjoyment and dresses of the picnickers. We never heard of a picnic like this before. It should have been stuffed and preserved as a curiosity.

REMARKS ON THE WEATHER.

Case Attainable by the Rheumatic. Yes, although they may despair of relief, it is attainable. Rheumatism is a disease which carries off, by degrees, the increased activity of the kidneys—important channels for the removal of the acid which is the cause of the most eminent attribute of the painful symptoms—a theory completely borne out by urine analysis. The name of the great Dr. J. C. Hosstetter, a preparation likewise celebrated as a remedy for constipation, which causes contamination of the blood with the bile—and a certain means of relief in dyspepsia, fever and acute and nervous ailments. It is, perhaps, the finest tonic extant, and is highly recommended as a medicinal stimulant by distinguished physicians and analysts who pronounce it to be eminently pure and very beneficial. The press also endorses it.

A Case.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of memory, &c. I will give a recipe that will cure you. It is a case of the kind that is cured by a remedy discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. HAIN, Station D, New York City. Jan 25

The Saviour of the Little Ones.

There would not be so many little graves in cemeteries and churchyards, if parents used the means within their reach to save the sickly offspring, whose span of feeble life is in their keeping. The busy baby brain requires constant food, the sensitive nerves require frequent and rapidly changing tissues, incessant nourishment, often the mother is herself nervously debilitated, and bodily worn out; mother and children may gain a new lease of life and health, by the persistent use of Scott's Emulsion of Pure Cod Liver Oil with the Hypophosphites of Lime and Soda. It is softer, and as nice as milk, and both will learn to love it just as well. Don't try it for any form of debility, and for all forms of infantile wasting, such as Marasmus, Rickets or any scrofulous tendency. Its restorative powers are wonderful. Jan 24 2w

Nothing True, Nothing Wily.

While moralists differ as to the beneficial effects from a lottery in preference to a direct tax, there can be no doubt that the happy recipients of the many large sums that are so frequently given by the Louisiana State Lottery are well worth the attention of some of our readers who will be willing to venture two dollars by sending in a ticket to the Louisiana State Lottery, before July 31st, when the 110th monthly drawing occurs. How to Get Fat.

Just now when so many fat people are trying to get lean, we suggest that it would be a good idea for the lean ones to try and grow fat. To do this will keep the bowels and liver regulated with Mother's Liver Pills, and your digestion will be good, and you will grow fat rapidly. Jan 24 1w
