**Burning a Church for Spite.**  
At Dallas, Gaston county, a few days ago, the colored Baptist Association held a meeting, and after mature deliberation, decided to expel two of the members, one named son, for profanity, and accordingly it was announced that their names had been stricken from the rolls. The expelled members felt that they had been very much injured and made threats of breaking up the whole concern. Sunday night the church was burned to the ground, and they were accused of the crime and arrested. At last accounts the preliminary trial of the two for arson was in progress in Dallas, with every indication that they would be held to answer at the next term of the Superior Court.

**On the Railroads.**  
A slight change of schedule on the Charlotte, Columbia & Augusta Railroad goes into effect to-day. The night train leaves at 12:35 a. m., and the afternoon train arrives at 4 p. m. The train from Spraying is in New York spending a few weeks with his wife's mother; in the meantime Conductor Dodson is pulling his bell cord.

**Superintendent V. Q. Johnson** of the Carolina Central, was out on the road yesterday and will be again to-day, shaking up the section masters and looking after bridges.

Since the steam shovel was introduced on the Carolina Central Railway, seven trestles have been filled in and it is now at work on the eighth. As soon as this is completed work will be commenced on the last one between Charlotte and Hamlet, so that in a few months there will be a trestle on the line from Charlotte to Hamlet. This will add to the attractions of the Seaboard Air-Line when the authorities enter it as a competitor for through travel from North to South.

**Trouble in Store for Somebody.**  
It is likely that a little stir will be produced in the magistracy courts among those who have failed to make a return of their property. The last law passed on this subject places such matters in the hands of the magistracy, and at a late meeting of the board of county commissioners the chairman was authorized to prosecute all delinquents and their name is legion. Out of several thousand colored voters in the county, for instance, the total number of polls returned is a little over one thousand. One magistrate who has been looking into the matter says he has the names of sixty delinquents in his immediate neighborhood. The disposition on the part of the commissioners to make every man come forward and bear his share of the public burden meets with hearty approval. Nothing so discourages the honest taxpayer, or tends to make him so indifferent as the positive knowledge that there are scores of men throughout the county who go from one year's end to another without paying a cent of taxes, and the larger proportion of this very class are the first at the polls on the day when the right to elect county or other officers is extended.

**Postal Matters.**  
Postal cards spoiled in printing or otherwise, which have never been used, will be redeemed at any postoffice in stamps, stamped envelopes or new postal cards, at the rate of four cents for every five cards, in whatever quantities presented.

Under the old law postal cards spoiled could not be redeemed. Proprietors of hotels, officers of clubs, etc., should not hold uncollected letters longer than ten days, except at the request of the person addressed. They should be returned to the postoffice as soon as it is evident that they will not be claimed.

Merchandise are fourth class matter, subject to postage at the rate of one cent for each ounce or fraction thereof, when wrapped so as to admit examination. Such samples may have tickets or tags appended with name, width of goods, etc., printed thereon without subjecting the package to any higher rate of postage.

This is quite an important change, and one that will be greatly appreciated by all dry goods business men, with whom the plan of sending out samples of goods has become popular.

The Postmaster General has ordered that an actual daily count be made in all the postoffices of the United States from the 1st to the 7th of November, of all letters, packages, postal cards, &c., deposited for transmission in the U. S. mails.

**Stage Whispers.**  
Louise Pomeroy is in Canada. Wilhelm, the fiddler, is in Iowa. Totta is on her way to California. Tom Thumb is in New Brunswick. Milton Nobles is in Syracuse this week.

Lots of Pinafore companies on the road. Maggie Mitchell played in Louisville two nights.

Joe Jefferson will be in Indianapolis this week. Haverly's colored minstrels are in Baltimore. Kate Putnam is playing in Greensville, Ind.

The Big Four gang are playing in New Orleans. Buffalo Bill is in Illinois, doing well with his company.

Janaueck is playing in the small towns of Wisconsin. Buttercup and Daisies is the name of a new opera.

Tony Denier's Humpty Dumpty is in Auburn, N. Y. The circus pitched its tent in Wheeling, W. Va., yesterday. Dickie Lingard will soon launch a new play called "Drink."

Lawrence Barrett opened in St. Louis Monday night, for a week's engagement. Nick Roberts has been engaged in Wheeling, W. Va., yesterday. Dickie Lingard will soon launch a new play called "Drink."

Duprez and Benedict are organizing a minstrel troupe in Williamsburg, Conn. Sol Smith Russell is with the Bergers again, and they are coming this way.

George C. Boniface is playing in Baltimore in a drama "The Evening Star." Sprague's Georgia minstrels are on the road; and Billy Kersand's mouth has grown an inch wider.

It is now the Rentz-Stanley Novelty Company, but the front seats are reserved for the bald-headed "fellow same." Nick Roberts has fallen from the high position of proprietor of a pantomime show, and is now advance agent for Tony Pastor.

Jack Haverly is the boss of seven large companies and opera houses. He counted his fame as Cal Wagner's manager.

Ten end-men is the feature of Barlow, Wilson, Primrose and West's minstrels. Old Mill Barlow has grown so careless with his reputation, it takes a crowd of funny men to help him.

The Templetons went South from Charlotte. They speak of returning later in the season, in which event they will play the new drama, Napoleon, from the death of the Prince.

Emerson's Megatherian Minstrels, 100 stars, appeared at Sinn's Brooklyn Park Theatre Tuesday night and will be there during the week.

Mr. John T. Hayward, as Ichabod Crane, in "Wolfert's Roost," now playing at Wallack's, New York, has scored a success. This, however, is his last week.

It is not judicious to postpone the consideration of this because you have no time to take a thorough course of medicine. Dr. Bull's Baltimore Pills, which will induce harmonious functional effort at once. Price 25 cents.

**The Gunned Club.**  
This organization which was formed in Charlotte less than a year ago for the purpose of encouraging the cultivation of music and the improvement of the musical taste of our people, has now become a permanent institution. A meeting was held a few evenings since for the purpose of re-organization, after the summer vacation, but it being discovered that still quite a number of the members were absent, it was decided to postpone action until the second Thursday in October, at which time the meeting will give special prominence to the social features of the organization, and a plan is on foot to have a paper to which the members of the club will contribute from time to time.

**Bishop Atkinson's Appointments.**  
The following are the appointments of Rt. Rev. Thos. Atkinson, Bishop of the Episcopal diocese of North Carolina for this session of the State:

Wadesboro, October 21st.  
Rockingham, October 23rd.  
Laurel Hill, October 24th.  
Collection at each place for diocesan missions.

**Sale of the Bradhill Mill Mine.**  
After protracted negotiations this well known property, situated near this city, changed hands Monday, having been sold for a large amount to New York and Boston capitalists. It will be placed in a stock company, organized under the laws of Connecticut, which will fix the price of shares at \$25 each, and probably be placed upon the New York stock board upon the 1st of October. The stock exchange excluding mines of a less number of shares than this. The new organization retain W. I. Smart as superintendent, with Wm. Jenkins foreman, Jas. Martin as assistant foreman, Harvey Barnes foreman of mill and Geo. Schudd assistant. The names of fifty men appear at present on the pay roll and others will probably be employed. Additional stamps and improvements will be given to the mill. The mine is in first-class condition and capable of a large out-put of ore at any time.

The successful future of this famous property now seems assured. During the past week a car-load of sulphurets was sold to the McAndrews Reduction Works, of Williamsburg, N. Y., for \$25 per ton, cash, at the mine, total amount \$241, and superintendent Smart took from the mill one car-load of sulphurets as the product for the last week under the old administration.

**High Speculations.**  
A braken on a Western railroad placed \$50 in a combination with a profit of 33 1/3 per cent, equal to \$387.50 per one hundred shares, netting a profit of \$183.75. In addition to the \$50 he invested, a conductor made \$1,420.24 in two combinations. The superintendent of an Eastern railroad made \$16,210.13 in three combinations. Others have also made large profits. This class of stock speculation consolidates the interests of thousands into one, and a single man can thus be invested with vast advantage. The new explanatory circular, with "unerring rules for success," mailed by Messrs. Lawrence & Co., Bankers, 57 Exchange Place, New York City, Sept 16 codw.

**An Individual Inquiry of Every Reader.**  
The opportunities occur for a fortune to every man it is said, some day or another, but how seldom does a man really know the exact opportunity. The newspapers every now and then tell of some person who has made a fortune of thousands or thirty thousand dollar prize in the long established Louisiana State Lottery, which is drawn on the second Tuesday in every month at New Orleans, La. But does it ever strike the reader on reading about the lucky man that a similar good fortune might attend him if he were to send two dollars for the next, which is the 11th drawing, to Mr. A. Deane & Co., Bankers, 57 Exchange Place, New York City, Sept 16 codw.

**Case Attainable by the Rheumatic.**  
Yes, although they may despair of relief, it is attainable by the rheumatic sufferers, for there is a remedy which carries off, by means of increased activity of the system, the morbid elements of blood purification—the scum of blood which pathologists the most eminent attribute the painful symptoms—a theory completely borne out by analytical analysis. The name of this grand depurative is Rosetta's, a preparation of choice elements, which, by its action on the blood, cleanses and purifies it, and is highly recommended as a medicinal stimulant by distinguished physicians, and one who pronounces it to be eminently pure and very beneficial. The press also endorses it.
