### THURSDAY, OCTOBER 16, 1879. THE BESULT IN OHIO.

We are beginning to learn now with ic party in Ohio sustained Tuesday Undoubtedly it is what the English call a "beastly beat." There had been no reason to expect that it would be so their condition as Heported by the bad. We would have been willing, Monday night, to have compromised on 10,000 majority for Foster and a Demccratic Legislature, and it would have been a making game. As it is, Foster's majority is perhaps 20,000 and the likelihood is that we have lost the Legislature along with the governorship. This is the only serious aspect of the case. Well informed people knew in advance that there was no hope for Ewing, but there were no Democrats who conceded the Legislature. If we have lost it, as there now appears every reason to fear, sissippi, 85, a decrease of 4; Louisiana,

whose term expires in 1881. Leaving the Legislature out of the question, the election is one far-reach-

next year, from which position he has lately been retired by the return of General Grant. In the second place it takes Ohio out of the list of doubtful States and establishes her unequivocally on the Republican side. In the third place it retires Judge Thurman permanently from the presidential race Maryland, 98, a gain of 2; Virginia, 87, a next year, whether he is returned to the Senate or not; and lastly, it teaches the Democratic party that it need never the Democratic party that it need never of 9; Ohio, 87, a loss of 4: Missouri, 78, nominate any ex-Federal soldier for a loss of 10. Illinois remains unchangoffice simply because he was a Federal ed at 100. The total average for these soldier. By this we do not mean to say tobacco ripened well and has been harcarried: but this lesson of their defeat is taught just the same.

This Democratic Waterloo is chargeable to a certain extent to the course pursued by Senator Therman. From the first he has pouted like a child, because in the beginning his own striker, John G. Thompson, was displaced as chairman of the Democratic State committee. Judge Thurman, it is true, appeared a few days on the stump, but his canvass and his course have not been worthy of him. He gave to Ewing, between whom and himself there has for some time past existed jealousy, but a feeble support, and his own lukewarmness begot lukewarmness begot lukewarmness in his friends.

Now he must realize that his own fat

answer the question, Why? Ohio having gone wild the eyes of the Democracy of the country turn with eager anxiety toward New York. If Kelly, Cox and their disreputable al-lies defeat us there in November, then Heaven help us. There might even after this remain to us a hope, but unless mighty. Changes come with The next year, it would be slender.

### ADVISING THE SLAUGHTEN OF SOUTHERN WHITES.

-It was The Truly Good Deacon Richard Smith, of the Cincinnati Gazette, who was first to suggest that Southern negroes be armed with rifles in order that they may slaughter the Southern The Lemars Sentinel endorsed the proposition, and the Chicago Illustrated Weekly thus falls into line:

Colored gentlemen, why not get out your razors and up at them. Don't stop to split hairs, make them flee to the first born. We make no doubt that our Uncle WAYWARD TWIN Samuel appreciates the situation. The country has its eye on him. The design ing politicians and the thoughtless newspapers are against him, but the people recognize the fact that he is the hope of the Democracy. Let him carry New York next month and his nomination next year will be by acclamation. Let him fail to carry it, and the result may

Let us hear no more about "Confederate Brigadiers" and "voting as you shot." Ohio heartily admires her "brave" of the contract between the two companies which provides that all competing lines of telegraphy shall be excluded from the failway companies right of way, was contrary to the laws and the public policy of the United States, and void. It was held, at the same time, that the contract indee between the Western Union and the present owners of the property, but if that the first named feature be void the consent of the railway company was sufficient. of the railway company was sufficient, the contract to the contrary notwith-standing.

Foster's Majority in Ohio 20,000 25,000, and the Legislature Probably Republican on Joint Ballet.

Toledo, October 15.—Returns from the city and county come in slowly Only two townships and four wards have been heard from. A large pertion of the National vote will probably be cast for Ewing, Democrat, which will render the vote for Governor close. The Republicans claim the whole county ticket, including two representatives. Wilbridge, Republican, for Senate, will have 500 majority in Lucas county. Foster gains 800 on the Republican vote of last year. The above is from a Re-publican source, the returns being too meagre to afford a definite statement of the result.

CINCINNATI, October 15.-Reports from all precincts of Hamilton county except ten give Foster 3,500 majority, Hecklenlooper 3,476 majority, Oglevee, for anditor, 2,599 majority. The Republican majority on the State Senatorial ticket ranges from 3,529 to 3,858; on the representative, 1,419 to 3,785. George W. Williams, colored, Republican candidate for the Legislature, received the lowest Republican vote, which is 902 more than the highest Democratic vote. For the State at large the estimates of Foster's majority at this hour, 8 a. m., vary from 15,000 to 30,000. It is very generally conceded that the Republi-cans will have a clear majority in joint session of the Legislature, and the indi-

cations are that later returns will give them a majority in each house. COLUMBUS, October 15-11 a.m.-The Legislature is claimed by both parties, with chances largely in favor of the Republicans.

The Democratic committee concede the election of the Republican State ticket by a decided majority, also a working majority of the House of Representatives, but still claim to have one or two majority in the Senate. The Republican committee estimate For ter's majority at 20,000, and claim 10 of 114 representatives, which is 12 more than necessary to pass a bill; they also claim 19 Senators, which is a majority

From returns received since noon the Republicans claim to have elected 21 Senators, or 2 majority. CINCINNATI, October 15 .- All the pre-

cincts of Hamilton county save one show increased Republican majorities. George W. Williams, colored Republican, leads the highest Democrat nearly 1,000 votes.

The Times has a table on the Hamilton county ticket. All the returns are complete which show the highest and lowest Republican majorities. County Commissioner Hopkins leads the list with 4,186, George W. Williams, colored that this was the only of the principal vested in good condition, showing in representative, having the lowest which

21 precincts in Lucas county, and careful estimates of the remaining 14 precincts, show a majority for Foster over Ewing of 100. Walbridge, Republican, for State Senator, has a majority of from 1,000 to 1,200. The Republican candidates for representative have majorities of 500 to 700. The entire Republican county ticket is elected by majorities ranging from 300 to 700. CLEVELAND, October 15.—Foster's majority over Ewing in Cuvahoga

county is 4,758; over all, 4,197. The balance of the State ticket averages Republican majority. The Legislature and county tickets are elected by about 5,000 Republican majority. The total vote in the county is 30,401.

The conclusion is that the Republican candidate will probably have good majority over all, he having gained in nearly every precinct over the
